

U. S. DISPENSATORY

Describes the Principal Ingredients Contained in Peruana.

Are we claiming too much for Peruana when we claim it to be an effective remedy for chronic catarrh? Have we abundant proof that Peruana is in reality such a catarrh remedy? Let us see what the United States Dispensatory says of the principal ingredients of Peruana.

Take, for instance, the ingredient of hydrastis canadensis, or golden seal. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruana, corydalis formosa, is classified in the United States Dispensatory as a tonic. So also is cubebs classified as a stomachic and as a tonic for the mucous membranes.

Cedron seeds is another ingredient of Peruana, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. The seeds are to be found in very few drug stores. The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a substitute for quinine.

Oil of copaiba, another ingredient of Peruana is classified by the United States Dispensatory as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes. Useful in chronic cystitis, chronic dysentery and diarrhoea, and some chronic diseases of the liver and kidneys.

Send us for a free book of testimonials of what the people think of Peruana as a catarrh remedy. The best evidence is the testimony of those who have tried it.

Not Well Taken.
"If the Senator will pardon me for interrupting him," blandly spoke one of the other Senators, "he is not sticking to his text."

"My text!" thundered the fiery statesman. "This is not a sermon, sir! This is a roar!"

Whereat he continued his roaring.—Chicago Tribune.

Free Catalogue and Premiums.
Everyone interested in seeds, plants, etc., should have a copy of the Portland Seed company's 1907 catalogue, which is free for the asking, by mentioning this paper and addressing them at P. R. I. and, Oregon. Tells all about their splendid premiums.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

After a Half Century.
Two San Francisco carpenters, brothers-in-law, parted fifty-seven years ago on the completion of a building at Montgomery and Clay streets, in that city. A few days ago C. H. Swan, one of the men, who is still active and strong at 76, was employed on a new temporary structure going up on the same spot. While at work he was approached by another old man, not so hale and hearty, and was surprised to recognize in him his brother-in-law, A. M. Adlington, whom he had not seen since they had worked together there.

HARDSHIPS OF ARMY LIFE.

Left Thousands of Veterans With Kidney Troubles.

The experience of David W. Martin, a retired merchant of Bolivar, Mo., is just like thousands of others. Mr. Martin says: "I think I have had kidney disease ever since the war. During an engagement my horse fell on me, straining my back and injuring my kidneys. I have been told I had a floating kidney. I had intense pain in the back, headaches and dizzy spells and the action of the bladder was very irregular. About three years ago I tried Doan's Kidney Pills, and found such great relief that I continued, and inside a comparatively short time was entirely rid of kidney trouble."

Sold by all dealers. 50 cents a box. Foster-Milburn Co., Buffalo, N. Y.

Not the New England Variety.
"Oh, they're real swell people," said the Chicago man. "An old 'Mayflower' family," I believe."
"You mean their ancestors came over in the Mayflower?" asked the visitor from the east.
"Oh, no. I mean they made their money in 'Mayflower' Hams." Oldest brand of hams in this section.—Catholic Standard and Times.

CATARRH BLOOD DISEASED AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous droppings back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting cease, and the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.

I had Catarrh for about fifteen years, and no man could have been worse. I tried everything I could hear of, but no good resulted. I then began S. S. S., and found a little improvement. I took it for the first bottle, and after taking it a short while was cured. This was six years ago, and I am as well today as any man. I think Catarrh is a blood disease, and better for the blood than S. S. S. than I do. I am, M. KATSON, Lapeer, Mich.

S. S. S. PURELY VEGETABLE.
every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S. S. is for sale at all first class drug stores.

THE SWIFT-SPECIFIC CO., ATLANTA, GA.

Fable for Bored.
W. Bourke Cockran, at a lawyers' banquet in New York, deprecated long speeches.
"He who makes short speeches," said Mr. Cockran, "will never find himself in the embarrassing position of a friend of mine last month."
"My friend, when a certain case of his was called, rose and pleaded in a husky voice for an adjournment."
"On what ground?" asked the judge.
"Your honor," was the reply, "I have been making an address in another court all the morning, and find myself completely exhausted."
"Very well," said the judge. And he called the next case.
"Another counsel rose and in his turn asked for an adjournment."
"Are you exhausted, too?" said the judge. "What have you been doing?"
"Your honor," was the answer, "I have been listening to my learned brother."

Reciprocity.
"Fellow citizens," exclaimed the rising politician, "I am not ashamed to say that I got my start in life by selling newspapers."
"You oughtn't to be ashamed, either," shouted a man in the audience. "The newspapers gave you your start in politics."

Change of Method.
"Investigations don't seem to be held in the spirit of courtesy and forbearance that once prevailed," remarked the old time statesman.
"No," answered Senator Sorghum, "the situation is becoming difficult. People now hold investigations because they really want to find something out, instead of merely for the sake of soothing their minds."—Washington Star.

PILES CURED IN 6 TO 14 DAYS.
PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded.

Helped Make Him Good.
"During our courtship," said Mrs. Weeds, "poor John declared he would die for me and be hid."
"Indeed!" exclaimed the surprised friend.
"Yes," continued the fair widow. "I did the cooking myself and he died of indigestion."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

Trouble for Nothing.
To smuggle a human skeleton into Canada from Detroit a medical student dressed it in female attire and, seating it by his side in a buggy, crossed over the boundary line. After he got safely into his house he learned that there is no custom duty on skeletons.

1847-1907.
Sixty years ago Alcock's Plasters were first introduced to the public. They are today the world's standard plaster.
This invention has been one of the greatest blessings imaginable and affords the quickest, cheapest and best means of healing and relief for certain ailments, that has ever been discovered.
Alcock's are the original and genuine porous plasters and are sold by druggists in every part of the civilized world.

Cholinism.
Yellow Reporter—We haven't a scrap of news for our first page scare head.
Yellow Editor—Well, use this one about feeding the chickens, and have the head read, "150 Kernels Swallowed Up."

Yellow Reporter—Perhaps this story would be better. It is about a case of shoe soles that slipped overboard. We could use the head, "1,000 Soles Lost at Sea."—Exchange.

Increases Naval Appropriation.
Washington, Feb. 19.—After one sitting of the senate committee on naval affairs today authorized a favorable report upon the naval appropriation bill. A number of increases in appropriations were recommended, the most of which was the addition of \$5,000,000 for the armament of new battleships, the increase bringing the total up to \$12,000,000. The Mare Island navy yard appropriation was increased \$1,010,000. The house provision for two battleships of the Dreadnaught type was not amended.

Flint Opposes Agitation.
Washington, Feb. 19.—Senator Flint, of California had a conference with the president today about the Japanese question and legislation. He expressed the opinion that the present agitation on the Pacific coast was unfortunate. The possibility of the Japanese government's issuing passports for the Japanese to come to the mainland, thus rendering nugatory the effect of the proposed legislation, was suggested to the president by the senator.

Bill for Volunteer Army.
Washington, Feb. 19.—Senator Warren, chairman of the senate committee on military affairs, today introduced a bill providing for the raising of a volunteer army of the United States during actual or threatened war. The bill divides the military establishment into three branches, the regular army, the National guard and the volunteer army. It provides that the volunteer army shall be maintained in time of war and when war is imminent, and that it may be raised by proclamation by the president.

Veterans May Get Beer.
Washington, Feb. 19.—Appropriations aggregating \$104,137,547 are carried in the bill providing for sundry civil expenses for 1908, reported to the house by the committee on appropriations. The amount for 1907 was \$111,148,884. The committee failed to include a clause in the bill preventing the sale of beer in national soldiers' homes after March 4, a prohibition included in last year's bill, but it is believed the house will add the provision.

IN THE NATIONAL HALLS OF CONGRESS

Monday, February 25.
Washington, Feb. 25.—The senate today passed the agricultural appropriation bill, carrying nearly \$10,000,000, with an amendment providing that forest reserves in certain Western states shall not be created or enlarged without an act of congress, the post-office appropriation bill, carrying \$210,000,000; the pension appropriation bill, carrying \$145,000,000, and the bill authorizing the establishment of an agricultural bank in the Philippines.
By a vote of 43 to 19 the senate tonight ratified the Santo Domingo treaty. This was one more vote in the affirmative than was required.

Washington, Feb. 25.—Ship subsidy secured a marked impetus today in the house, which, just before adjournment, adopted a rule that will probably insure the passage of the Litauner substitute for the senate bill and result before the final adjournment in positive legislation.
The rule was reported by Dallzell in the shape of a resolution providing that the compromise bill shall be considered, with debate limited to five hours, and that the final vote shall be taken not later than next Friday afternoon at 3 o'clock. The rule was adopted by a vote of 158 to 132, 24 Republicans voting with the Democrats in opposition to the rule.
The conference report on the Indian appropriation bill was adopted, as was the conference report on the bill providing for the allotment and distribution of Indian tribal funds.

Saturday, February 23.
Washington, Feb. 23.—Although the senate devoted four hours to legislative matters today, nothing was accomplished except speech-making. The agricultural appropriation bill received further criticism. It is proposed that \$1,000,000 be added to the fund at the disposal of the Forest service to make up for revenue taken away from it and turned into the treasury. While this amendment probably is to be accepted, Heyburn will not permit to receive final action until he has exhausted every legitimate means of opposition.

Washington, Feb. 23.—The house adopted an amendment to the sundry civil bill providing that no bar or canteen where intoxicating liquors are sold shall be maintained in National soldiers' homes. In view of the campaign throughout the country against the canteen in soldiers' homes, intense interest was shown when that feature of the bill was reported.
Four hundred thousand dollars was added to the appropriation for the geological survey. The sundry civil appropriation, the largest in the history of the government, carrying \$105,000,000, was passed.

Friday, February 22.
Washington, Feb. 22.—The senate at tonight's session passed the bill making appropriations of \$1,947,583 for the support of the military academy. The bill was passed just as it came from the committee.
A discussion lasting throughout the entire day, to which was added a futile night session, failed to secure final action on the amendments to the agricultural appropriation bill proposing to make an increase of \$1,000,000 in the item for the support of the forest reserve. Forceful speeches were made by Burlett, Dewey and Beveridge in defense of the work of Chief Forester Pinchot, and opposed to the extension of the forest service by Heyburn, who went into the entire subject.

Washington, Feb. 22.—The house in committee of the whole placed itself squarely on record today in favor of limiting the power of special agents of the department of the interior by a vote restricting the use of the appropriation of \$250,000 covered by the sundry civil appropriation bill to pay the salaries of such agents.
At 6:15 the committee rose, having completed 119 pages of the sundry civil bill.

Thursday, February 21.
Washington, Feb. 21.—It was concluded today by senators in charge of the agricultural bill that the grazing provision will be eliminated on a point of order. The reading of the bill was completed after most of the day had been spent in debate on the forestry system and the grazing measure, and it will again be considered tomorrow for final action.

Not Drawing Two Salaries.
Washington, Feb. 19.—At yesterday's meeting of the senate committee on inter-oceanic canal, an effort was made to have reported on confirmation of the names of the recently appointed canal commissioners, but it was frustrated by an objection from Culberson, who stated that he had heard it reported that Mr. Shonts is drawing a large salary from the Interborough Railroad company, in addition to his salary as canal commissioner. Mr. Shonts denied the report, but the denial was received too late to permit action.

Says Pinchot Packed Hall.
Washington, Feb. 20.—Senator Heyburn, during a speech in the senate, flatly charged that the Forest service, on the occasion of his speech at the irrigation congress in Boise last September, packed the hall with its employees, and, according to a prearranged plan, deliberately hissed him down when he was attacking Forester Pinchot and the administration. He said the hissing was done entirely by Forestry employees. Senator Carter, who presided at that meeting, promptly denied it.

Increases Naval Appropriation.
Washington, Feb. 19.—After one sitting of the senate committee on naval affairs today authorized a favorable report upon the naval appropriation bill. A number of increases in appropriations were recommended, the most of which was the addition of \$5,000,000 for the armament of new battleships, the increase bringing the total up to \$12,000,000. The Mare Island navy yard appropriation was increased \$1,010,000. The house provision for two battleships of the Dreadnaught type was not amended.

Flint Opposes Agitation.
Washington, Feb. 19.—Senator Flint, of California had a conference with the president today about the Japanese question and legislation. He expressed the opinion that the present agitation on the Pacific coast was unfortunate. The possibility of the Japanese government's issuing passports for the Japanese to come to the mainland, thus rendering nugatory the effect of the proposed legislation, was suggested to the president by the senator.

Bill for Volunteer Army.
Washington, Feb. 19.—Senator Warren, chairman of the senate committee on military affairs, today introduced a bill providing for the raising of a volunteer army of the United States during actual or threatened war. The bill divides the military establishment into three branches, the regular army, the National guard and the volunteer army. It provides that the volunteer army shall be maintained in time of war and when war is imminent, and that it may be raised by proclamation by the president.

Veterans May Get Beer.
Washington, Feb. 19.—Appropriations aggregating \$104,137,547 are carried in the bill providing for sundry civil expenses for 1908, reported to the house by the committee on appropriations. The amount for 1907 was \$111,148,884. The committee failed to include a clause in the bill preventing the sale of beer in national soldiers' homes after March 4, a prohibition included in last year's bill, but it is believed the house will add the provision.

An amendment was agreed to, at the suggestion of Nelson, which will add \$500 each year to the appropriation for agricultural colleges until the total amount for each state for these colleges shall be \$50,000 annually, instead of \$30,000, as at present.

Washington, Feb. 21.—The sundry civil appropriation bill was considered by the house today. By a vote of 165 to 41 general debate was closed and the bill was taken up under the five-minute rule.
Mann of Illinois offered an amendment, which was adopted, appropriating \$5,000 to enable the Interstate Commerce commission to investigate block signal systems and appliances for the automatic control of railway trains.
The house passed a number of bills and resolutions, including one calling on the secretary of the navy for information regarding repairs being made on the battleship Louisiana, and another enlarging the act relating to shanghaiing.
The river and harbor bill was sent to conference.

Wednesday, February 20.
Washington, Feb. 20.—Senator Smoot retains his seat in the United States senate. This was decided today by a vote of 42 to 28, ending a long contest. Eighteen senators were paired, making the actual standing on the resolution 51 for and 37 against. Smoot did not vote and Wetmore was absent and not paired. Senators Fulton and Mulkey of Oregon, Piles and Ankeny of Washington and Heyburn of Idaho voted against him.
The naval appropriation bill, carrying \$100,727,607, was passed by the senate tonight in 52 minutes. All the committee amendments were agreed to. The only amendment adopted added \$250,000 to the appropriation for coal and transportation and \$130,000 for a powder plant at the Norfolk navy yard.

Washington, Feb. 20.—The postoffice appropriation bill, the largest ever reported by the committee on postoffices and post roads, passed the house today. All the provisions relating to increased pay affecting 90 per cent of the postal employees, which yesterday were stricken out on points of order, were today restored to the bill. This was accomplished by a rule presented by the committee on rules after the bill had been reported to the house by committee of the whole. Points of order were the feature of the day, the battle continuing throughout the session.

Tuesday, February 19.
Washington, Feb. 19.—Smoot's address to the senate today in defense of his position as senator was the feature of the session. He was supported by Dillingham of Vermont in an analytical speech on the evidence.
The senate spent several hours in further consideration of the forestry provisions in the agricultural appropriation bill, with the result that several amendments were agreed to which restrict the operations of the bureau in several respects. The section of the bill had not been completed when a recess was taken for the evening session.
The senate held a three-hour session tonight. Three hundred private pension bills and half a hundred private claim bills were passed.

Washington, Feb. 19.—After passing a number of bills under unanimous consent today, the house resumed consideration of the postoffice appropriation bill. During the general debate, which terminated at 4 o'clock, speeches were made by Gillespie of Texas, Murphy of Missouri, Robinson of Arkansas, Badgett of Tennessee, Lloyd of Missouri, Stoneman of Minnesota, Finley of South Carolina and Stafford of Wisconsin.

Disregards President's Request.
Washington, Feb. 20.—The house committee on appropriations completely disregarded the president's request for an extra appropriation of \$500,000 for special agents to investigate public land entries and merely inserted in the sundry civil bill the regular appropriation of \$250,000. In view of the fact that the president greatly modified his order regarding the examination of entries, there is little necessity for an increased appropriation. It is very doubtful if the senate or house will increase this item.

A Doctor's Medicine

Ayer's Cherry Pectoral is not a simple cough syrup. It is a strong medicine, a doctor's medicine. It cures hard cases, severe and desperate cases, chronic cases of asthma, pleurisy, bronchitis, consumption. Ask your doctor about this.
"I have used a great deal of Ayer's Cherry Pectoral for coughs and hard colds on the chest. It has always done me great good. It is certainly a most wonderful cough medicine."—MICHAEL J. FITZGERALD, Medford, N. J.
Made by J. C. Ayer & Co., Lowell, Mass. Also sold everywhere.

An Art Anecdote.
Edward Rosewater, founder and editor of the Omaha Bee, had a sincere love of art. He hated pictures that indicated scamped work, no called impressionistic pictures that were merely rough and hurried sketches and no called portraits that bore no likeness to their originals. A young painter showed Mr. Rosewater one day a portrait of a mutual friend.
"That a portrait of Smith?" the editor exclaimed. "I'd never have known it."
"Oh," the artist exclaimed, "I didn't try for a likeness, you know. I tried for an effect—an effect in gray."
"I know a man in New York," said Mr. Rosewater, "who had his portrait painted last year. It cost him \$4,000, and he was very proud of it. When it came home he showed it to his cook."
"Well, Mary," he said, "how do you like this portrait?"
"Sure, sir," said the cook. "It's lovely. It's beautiful. It's divine."
"And, of course," said my friend, "you know who it is?"
"Oh, of course I do, sir," said the cook. "Of course, of course." As she spoke she kept drawing nearer to the picture, studying it more and more closely. "Of course, sir," she said. "It's you or the mistress."—Buffalo Enquirer.

A MARVEL IN APPLE CULTURE

The Spencer Seedless Apple
Is the most remarkable discovery made in fruit culture during the last century. No seeds, no core, no waste; rich, red color; commercial size; good shipper; excellent flavor; splendid keeper; a market leader; no bloom, frost proof.
