Asa Sleeth walked from Scappoose to St. Helens last Sunday evening to keep his appointment to preach in the M. E. Church in this city, and he delivered a sermon that was well worth listening to. The people of St. Helens and vicinity should give Rev. Sleeth a larger congregation. He is an able man, and any one may profit by listening to him. The choir also contributes materially to the pleasures of the services.

GOOD MARE FOR SALE—A first-class animal, weight 1300. Inquire of Geo. Terry, Houlton, Or.

The Board of Examiners to pass upon the eighth grade papers assembled at the court house in St. Helens last Saturday. The board consists of I. H. Copeland, county school superintendent; Mrs. Ray Owen, of Reuben; Lois Perry, of Rainier; Ida George, of St. Helens, and Grace Hagar, of Houlton. Their duty is to examine and grade all papers sent up from the eighth grade of the different public schools and give them the percentage to which they are entitled.

There is a Baldwin apple tree growing in the yard of Mr. R. Cox, of this city. It was set out over fifty years ago by Mr. N. Georig. It is supposed to be the only surviving tree of a large orchard that occupied several blocks of the present townsite of St. Helens. Mr. Cox tells us that it has been a steady producer with a yield running from twenty to thirty-five bushel annually. Suppose we give it a full bearing life of thirty-five years and call its smallest yield an average, and it will have produced seven hundred bushels of good apples, worth about three hundred dollars. It has taken up about twenty square feet of land, and it is hard to imagine any better investment.

County Court met on Saturday last for the purpose of receiving bids for cruising the timber of Columbia County. Several bids were accepted, the successful bidder being M. G. Nease, with whom a contract was closed for doing the work at $60, and seven eighth cents per acre, each 40 acres to be double run and each acre that has been actually cruised between the 20th of May and the 30th day of August, 1907, that has one hundred thousand feet or more on, to be paid for, and each 40 to be reported upon, whether burnt, logged off, or cleared, and the character of the land; any 40 acres of land that has less than one hundred thousand feet of timber on not to be paid for; reports to be made weekly, or sooner if possible showing the amount of yellow fir, red fir, cedar piling, poles and down timber of value; cruise to be sworn to, and a bond in the sum of two thirds of the total cost, to remain in force for one year after the completion of the work, the cruise must be within twenty per cent on each forty acres of the estimate made by other competent cruisers. W. F. Slaughter bid sixty dollars per section, and Newell Day fifty nine dollars per section. The bid of F. A. Elliott, formerly a cruiser for the Southern Pacific Railroad Company, was on the percentage basis, Mr. Elliott offering to complete the work before January 1, 1908, for the sum of one percent on the dollar for the raise in valuation over 1906. Taking the bids of Messrs Slaughter and Day, of $50 a section, as a basis, it will be seen that Mr. Elliott, to make as much as these gentlemen figured to make, would have to show an increase of about six thousand dollars per section, and, if his theory is correct, it is easy to see that Columbia County has lost an immense amount of money by the delay in ordering a cruise or, rather, the actual settlers have paid a vast sum that should have been paid by speculators who have no interest whatever in the county except to skin it to the bone and get away with the money as soon as possible. Our farmers have been helping to buy Portland property for the get-rich-quick people.

The case of Lou A Elliot, of Clatskanie, to recover, damages in the sum of $10,000 for injuries received in the A & C train wreck near Houlton, came up in the circuit court on Tuesday last. Mrs. Elliott alleges that she received very serious injuries and that the accident was due to the negligence of the defendant company. The company by its attorneys, Messrs Gray, Fulton and Allen, were granted an order compelling the plaintiff to submit to a medical examination by Doctors H. R. Cliff, of St Helens, Ernest F. Tucker and Andrew C. Smith of Portland. Messrs Graham & Cleeton for the plaintiff.

ACCIDENT AT GOBLE—Frank Egan, a logger, while lying along side the railway tracks near Goble, was struck by a Northern Pacific passenger train and knocked into the Columbia River about 6 o'clock Monday night. The train was stopped and the crew rescued the man from the water and took him to Portland. Besides nearly drowning Egan received a severe scalp wound and was bruised considerably about the back and hips. On the arrival of the train in Portland, the depot officials refused to have anything to do with the man, according to a report of Patrolman Tohmpson to Chief Gritzmacher, who ordered the officer to summon an ambulance and have Egan conveyed to the Good Samaritan Hospital. At the hospital it was announced that Egan was not dangerously injured and would probably be able to leave there in a few days. He is said to have been under the influence of liquor when the

DEATH OF W. T. WATTS—News reached St Helens Tuesday evening of the death of W T. Watts, which took place at the Sisters Hospital at Astoria Mr. Watts had been sick for a long time with consumption, and his suffering had been so great that death doubtless came as a blessed relief. He was well known throughout the county, and was a man of singularly blameless life, having the firm esteem of all and the love and friendship of his intimates. He was the son of James W. and Elizabeth Watts, pioneers of 1852, was born July 2, 1869, at Scappoose, and died May 20th 1907, aged 37 years, 10 months and 20 days. He spent his boyhood and youth at Scappoose, where he attended the district schools, afterward attending the Portland High School and studying for a time at the Willamette University, from whence he was called on account of sickness in the family. He studied surveying under McQuinn and Graden, and afterward was elected county surveyor, being in his second term when he was compelled to resign on account of the disease which caused his death. He was married in 1896 to Miss Mildred Boyle, and the young people made their home near the old homestead. Early in 1906 he was compelled to give up active work and has for a year been a patient sufferer and passed peacefully to the great Beyond. he is survived by a wife and two sons—Victor (aged 6), and Lawerence (aged 4). The interment took place at Fairview cemetery, Scappoose, in the family resting place, Rev. Cook conducting the services. There was a very large attendance.

Mrs. T. W. Robinson left for Chippewa Falls, Wis., on Tuesday last for a visit.

Mr. and Mrs. Gadsby and daughter, of Portland, were guests of Mr. and Mrs. Dr. Cliff over Sunday.

CIRCUIT COURT—Jesse Luke was arraigned Monday in the Circuit Court on a statutory charge. Luke is the young man who eloped with the 17-year-old sister of the woman who was supposed to have been his wife, and whom he afterward married while confined in the Multnomah county jail. Luke confessed his crime at the time and it was thought by the District Attorney that he would plead guilty and take his sentence, but he plead not guilty in a very emphatic tone of voice It appears that it is incumbent upon the state, under the 1905 statute, to prove that Luke is over 18 years of age, and in order that it might have an opportunity to do so, the District Attorney made a motion for a continuance, so that he might subpoena Luke's mother. This motion was made, notwithstanding that Luke looks to be 25 years old. The motion was denied and the case was set for Thursday, May 23rd at 10 a. m. S. U. Stark and W. B. Dillard will appear for the defense.

TO BURN SLASHINGS—In the future when persons desire to burn brush or build bon-fires on their property they will be obliged to secure permits from the State Fire Warden and not from the County Clerk. Under the provision of the old law, a person was required to take out a permit with the County Clerk, which did not go into effect until ten days after its issuance. An amendment to the old law, contained in Section 5 of House Bill 207, passed by the last Legislature, eliminates the necessity of waiting ten days before disposing of debris by fire, but requires considerable red-tape in securing a permit to burn large piles of brush.

VICIOUS HOODLUMISM—A little dog belonging to Fred Morgus was found dead, hanging by his neck from a boom stick extended over the river bank south of the old mill site last Tuesday, having evidently been killed to afford amusement for some evil minded persons. It was an inoffensive animal, and it is hard to understand how any youngster could have the cruelty to do such a vicious act. It is to be hoped the perpetrator of this and other hoodlum tricks in St. Helens will soon be brought to justice.
