

# Catarrh

One of the most common of blood diseases, is much aggravated by the sudden changes of weather at this time of year. Begin treatment at once with Hood's Sarsaparilla, which effects radical and permanent cures. This great medicine has received **40,366 Testimonials** in two years, which prove its wonderful efficacy in purifying and enriching the blood. Best for all blood diseases. In usual liquid form or chocolate tablets known as Sarsatabs. 100 doses in.

Once there was an old hen that dwelt in the yard back of a cold storage warehouse. But she never laid any eggs. "What would be the use?" she clucked. "Nobody would believe it."

secret of his value. "You said that price building of you, for \$1,000, did you? What is there about a building that can possibly make his worth as much money as that?" "The fact that somebody thinks he's worth \$4,000."

More than Made. "The society of the Black Hand is very rude, is it not?" "In what respect?" "Its members seem to have such an uncalculated way of cutting their acquaintances dead."—Baltimore American.

Costly Monotony in Dress. Our clothes are all alike, and this monotony has led to unlimited extravaganzas. What has not been done to make the eternal plaid frock look original? New elaborations are invented daily, each one more expensive than the last, but nobody is deceived. It is still the old plaid, only a little madder, a little deeper, every day.—London Graphic.

Physicians, remarked the thoughtful thinker, "are hard to satisfy." "How's that?" queried the party at whom the remark had been aimed. "If their patients get well," explained the t. t., "they lose them, and if they die they also lose them."

Whereupon the party of the second part dashed around the corner. Omisitions of History. Hercules had slain the Erymanthian boar. "I hated to do it," he said, "but it was an actual necessity. We are absolutely out of meat."

Still, his stern features relaxed with a smile as he reflected that by doing his own slaughtering he had escaped the payment of tribute to the meat trust.

Under a Different Name. "Variety," quoted the man with the bulging brow, "is the spice of life." "Yes," assented the man with the bulbous nose, "but that isn't the name of it now. It's 'vaudeville.'"

Harold, she murmured in his ear "mamma says I must encourage you to come here so often, and I have to do as she tells me, of course, but you don't need an encouragement—do you, dear?"

Between Friends. Nan—Look at the youthful airs she puts on! She's 15 years older than I am, if she's a day!

Fan—And you wouldn't tear under the ring yourself, would you, dear?

In Doubt About One Point. "But I have talked long enough, my friends," said the long-winded orator. "Before I sit down, however, I am willing to answer any questions you would like to ask as to points I may have failed to cover in my discourse."

A brief pause followed. Then a timid looking man in the audience rose. "Is a motion to adjourn in order?" he asked.—Chicago Tribune.

## LICE IN POULTRY

**Borax Spray a Safe Preventive—Simple, Cheap, Harmless to Fowls.**

"20 Mile Team" Borax was a good thing to rid poultry of lice. I had used so much inflammable kerosene that my Poultry Houses were regular fire traps. I gave my S. C. W. Leghorn house a good spraying just two months ago. Since I have caught several hens and I found no lice. I am rid of lice and shall continue to use "20 Mile Team" Borax as a spray, also as a wash.

# OREGON STATE ITEMS OF INTEREST

LARGER THAN LAST YEAR. GREAT LAKE SHOWERING.

**Oregon's Prune Shipments Will Reach 24,000,000 Pounds.** Albany—According to figures compiled by A. Malibou, district freight agent of the Southern Pacific, Oregon's total prune shipment for 1914 will exceed that of last year by 7,000,000 pounds, or 175 cars. The total shipment of dried prunes from this state this year will aggregate 600 carloads, a total of 24,000,000 pounds. Last year the total shipment consisted of 425 carloads, consisting of 17,000,000 pounds. This year's shipment, it is estimated, will bring \$1,680,000 into the state. Laselle Brothers, of this city, are the chief pruners of Oregon, and they alone will ship 7,000,000 pounds of prunes from this city. Of this colossal shipment, which is the largest ever sent out from one city in the Pacific Northwest, 6,000,000 pounds have already been sent.

**Walnuts Will Supplement Hops.** McMinville—That walnut groves will in time supplant the extensive hop yards in this county is apparent from the action of the largest hopgrowers. The hop acreage will be materially reduced this fall. Among the growers who are plowing up their yards out-right for the purpose of planting walnuts are F. W. Fenton, 14 acres, and F. J. Wirth, 13 acres. R. Jacobson has more than 20 acres in which he will grub up hop vines at equal distances and plant walnuts, cultivating them with the hops for a few years and then remove the hops. Many other hopgrowers will follow Mr. Jacobson's example.

**Chance for Oregon Mills.** Portland—The Panama Canal commission has called for bids on the largest lot of lumber known to have been embraced in a single order on this coast. The commission, through the Portland chamber of commerce, asks Oregon lumber mill men to bid on lumber lots aggregating \$6,000,000 feet, of Douglas fir or Oregon pine, to be used in canal construction. The amount asked for would be sufficient to make two ordinary shiploads. Oregon mills should, it is said, make a strong effort to secure this order.

**Persimmons Grow in Oregon.** Albany—The versatility of production of Willamette valley soil is again illustrated by the fact that in the orchard of George W. Wright, a local attorney, persimmons, figs, almonds, filberts and walnuts are growing beside all common varieties of Oregon fruit. The persimmon tree, which is probably the greatest rarity, was planted six years ago, and began bearing the third year. This year it is loaded with fruit, which will be a delicacy when it attains full flavor. The tree is of the variety native to Missouri.

**Complete the Roundup.** Weston—The stockmen of the Weston country have completed their annual fall roundup, which has been the most successful in recent years. Cattle have come out of the mountains in fine condition, and they have left the ranges knee deep in grass because of the favorable rulings of the forest reserve officials. It is thought that next year there will be a double amount of cattle on the Wenaha reserve. About 1,000 head have recently come from the mountains to the Weston country.

**Pack Short of Last Year.** Astoria—Reports from the canneries on the Oregon coast streams for the season ending on November 20 are coming in slowly, and it will be some time before all the plants are heard from. Advice thus far are that the pack is short of that of last year. The Klye cannery and cold storage plant on the Siuslaw put up 12,000 cases of canned fish and 180 tiers of pickled salmon. On the Coquille river the Proper Canning company put up 9,000 cases and Cross Timmons packed 5,000 cases.

**Ax Threatens Infested Trees.** Klamath Falls—O. A. Stearns, fruit inspector, called a meeting of the fruit growers of this section last week and although the attendance was not large considerable interest was taken in the fight against the various fruit pests. Many orchard owners here pay no attention to their trees, neither grafting, spraying nor otherwise fighting pests, and Mr. Stearns has announced his intention of using the ax on those trees affected by the aphid and whose owners have been repeatedly warned.

**Notaries Public Named.** Salem—Governor Chamberlain has appointed the following notaries public: Albert E. Greiner, Holdman, Umatilla county; W. S. Worden, Klamath Falls; Klamath county; H. B. Hendricks, Grants Pass, Josephine county; O. D. Thomlinson, North Powder, Union county; C. Milton Mattoon, 81 1/2 Fifth St., Portland; H. S. McCutcheon, 622 Worcester building, Portland; John A. Jeffrey, 33 1/2 Washington St., Portland; Robert Aistrop, 170 1/2 Third St., Portland.

**Still Threshing in Gilliam.** Condon—A great amount of threshing is still to be done in this county. One crew in Ferry canyon has 25 days' work ahead. The farmers are hampered a great deal by the fact that the threshers will take nothing in payment except gold coin, and this is hard to get. The bad weather of the past week has also hindered them in hauling their produce to market, and a large amount of the grain will remain to be hauled in the spring.

**One Survey Completed.** Klamath Falls—Engineer Journey, surveying a line of railroad from Klamath Falls to Lakeview, has finished the survey, and the actual distance between the two places was found to be 100 miles and 283 feet. The line intersects the north and south line through Lakeview. It is now expected that the surveying party will go back over the ground and make the line permanent.

# It Quiets the Cough

This is one reason why Ayer's Cherry Pectoral is so valuable in consumption. It stops the cough and the use of useless cough syrups. It does more—it controls inflammation, quiets the fever, soothes, and heals. Sold for 60 years.

Ayer's Cherry Pectoral has been a regular cure for coughs, colds, and croup since 1850. It is made from the finest ingredients, and is perfectly safe for all ages. It is sold in 15-cent and 50-cent bottles. Sold by all druggists.

**A Famous Fall.** Elmer Stricklett, the "split ball" pitcher, had been listening a long while in a New York club to the boasting of a rival.

"Well," he said, exhausted at last, "you are pretty good, Mike; but out in Mountain View there is a young fellow who can beat you. You'll hear from him next season. His specialty is the slow ball. This young fellow has such a slow ball that, when he pitches it, it can run after it and fetch it back again."

**Ingratitude.** "Women," remarked the young man with the sorry look, "are delusions and snares."

"So?" queried the innocent bystander. "Yes, verily," rejoined the y. m. "Not many moons ago I cut out cigars and lived on free lunch two weeks in order to blow myself on an opera and a supper for a young woman. After supper I asked her to marry me, and what kind of an answer do you suppose she handed me?"

"Give it up," rejoined the b. b. "She said she was very sorry," continued the y. m., "but I was entirely too extravagant to make a good husband."

**Too Much for Him.** It was the closing hour of the long weary trial. The courtroom was packed to suffocation to hear the venerable judge's charge to the jury. There was a minute's silence before he cleared his throat and began to speak. "Gentlemen of the jury," he said in part, "in arriving at a verdict in this case you must take the testimony of the witnesses for the defense into consideration and give them full weight."

**Refinement of Luxury.** "Did you attend Mrs. Skimmerhorn's miscellaneous shower the other night?" "Yes." "How was it?" "Complete success. It raised cats and dogs the whole evening."

**His Mild Kick.** "Theoretically," mumbled the professor, pocketing the small amount of change that had been handed back to him, "all the products of nature ought to be free, but some of them cost like blazes."

**Social Triumph.** "Did you attend Mrs. Skimmerhorn's miscellaneous shower the other night?" "Yes." "How was it?" "Complete success. It raised cats and dogs the whole evening."

**The General Demand.** of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

**900 DROPS**

**Vegetable Preparation for Assimilating the Food and Regulating the Stomach and Bowels of INFANTS, CHILDREN**

Promotes Digestion, Cheerfulness and Health. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.

35 DROPS—75 CENTS

EXACT COPY OF WRAPPER.

**The Eternal Sea.** Edith is one of the children in a household where Sabbath observances are of the old-school type of severity.

"I shall always stay here," she declared at the close of her second day at the beach, "because they don't put the sea away on Sunday."

**Comparative Expense.** "You traded your automobile for a Jersey cow, did you? Doesn't the cow cost you a good deal for feed?"

"Yes, but she doesn't cost me anything for repairs."

**Division of Labor.** "Yes, sir," said Tullio Knutt, "me an' another fellow went to a Swiss cheese factory up in Wisconsin."

"A Swiss cheese factory?" said Eaton Jockling. "What part of the work did you do, you old snouter?"

"I made the holes in the cheese."

**Not Worth While.** Austere Person—I can't tip you, young man, unless you have change for a teacher.

Waiter (sizing him up)—Keep your dime, sir; I haven't a nickel about me.

**Under the Stars.** "Don't be serious, Jack. Let's change the subject. What is that bright star?"

"That's Sirius, too, dear."—Chicago Tribune.

**State of Ohio, City of Toledo.** Frank J. Cheney makes each bottle of Hall's Catarrh Cure, containing one hundred dollars worth of purest medicinal ingredients, and which will cure every case of Catarrh that cannot be cured by other means.

**Data Lacking.** "O, Juliet! Juliet!" sighed the despairing youth. "How many more times have I got to ask you to marry me?"

"How can I tell, George?" she faltered. "You haven't asked me this time yet."

# BEST EVER WRITTEN

A PRESCRIPTION WHICH ANYONE CAN EASILY MIX AT HOME.

Said to Promptly Overcome Kidney and Bladder Afflictions—Shake Simple Ingredients Well in Bottle.

Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A prominent physician is the authority that these simple, harmless ingredients can be obtained at nominal cost from any druggist even in the smaller towns.

The mixture is said to cleanse and strengthen the clogged and inactive Kidneys, overcoming Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this as yet positively overcome pain in the back, clear the urine of elements and regulate urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

The Scranton, Pa., Times was first to print this remarkable prescription, in October, 1906, since when all the leading newspapers of New York, Boston, Philadelphia, Pittsburg and other cities have made many announcements of it to their readers.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of **Dr. J. C. Ayer** and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

# What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

**GENUINE CASTORIA ALWAYS**  
Bears the Signature of

35 DROPS—75 CENTS

The Kind You Have Always Bought In Use For Over 30 Years

**A Financial Possibility.** Gay—Yes, he is what you might term a financial pessimist. Myers—What's a financial pessimist? Gay—A man who is afraid to look pleasant for fear his friends will want to borrow something.

**Getting Square.** He—I'm going to bring Jolt home with me to dinner to-night. She—Or, mercy, dear, don't! It's the cook's day out, and I'll have to cook dinner. He—Never mind; I owe Jolt one, anyway! —Yonkers Statesman.

# BAD BLOOD

Every part of the body is dependent on the blood for nourishment and strength. When this life stream is flowing through the system in a state of purity and richness you are assured of perfect and uninterrupted health. Because pure blood is nature's safe-guard against disease. When, however, the body is fed on weak, impure or polluted blood, the system is deprived of its strength, disease germs collect, and the trouble is manifested in various ways.

Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders that will continue to grow worse as long as the poison remains. These impurities and poisons find their way into the blood in various ways. Often a sluggish, inactive condition of the system, and torpid state of the avenues of bodily waste, leaves the refuse and waste matters to sour and form uric and other acids, which are taken up by the blood and distributed throughout the circulation. Coming in contact with contagious diseases is another cause for the poisoning of the blood; we also breathe the germs and microbes of Malaria into our lungs, and when these get into the blood in sufficient quantity it becomes a carrier of disease instead of health. Some are so unfortunate as to inherit bad blood, perhaps the dregs of some old constitutional disease of ancestors is handed down to them and they are constantly annoyed and troubled with it. Bad blood is the source of all disease, and until this vital fluid is cleansed and purified the body is sure to suffer in some way. For blood troubles of any character S. S. S. is the best remedy ever discovered. It goes down into the circulation and removes any and all poisons, supplies the healthful properties it needs, and completely and permanently cures blood diseases of every kind. The action of S. S. S. is so thorough that hereditary taints are removed and weak, diseased blood made strong and healthy so that disease cannot remain. It cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., and does not leave the slightest trace of the trouble for future outbreaks. The whole volume of blood is renewed and cleansed after a course of S. S. S. It is also nature's greatest tonic, made entirely of roots, herbs and barks, and is absolutely harmless to any part of the system. S. S. S. is for sale at all first class drug stores. Book on the blood and any medical advice free to all who write.
