# BIG FLEET IS OFF

## Sixteen Battleships Start Out for Pacific Ocean.

### ARE REVIEWED BY PRESIDENT

#### Sight is One That Brings Forth Admirations of Every Spectator, Many Being Foreigners.

Old Point Comfort, Va., Dec. 17.—Sixteen hard hitting, steel belted American battleships, guns bristling and burling of girth, but sparkling white in their immaculate dressings of peace, started yesterday under the dazzling sun of a cloudless winter sky, on their famous twin sea expedition of 14,000 miles along foreign shores and in changing climes to the west coast of the United States. President Roosevelt, on the bridge of his cruiser-yacht, the Mayflower, personally led the magnificent four-mile line of fighting vessels during first stage of the voyage.

From the anchorage grounds in Hampton Roads to the Horesbre bend of Chesapeake bay his eagle-crested flag of blue pointed the way to the fleet's new home at the Golden Gate. Then, when the wide reaches of the sea were visible through the wide-winged spines of Virginia, he turned aside and, coming to anchor again, reviewed the passing pageant.

The blue of the sky, the stretch of green sea miles, the glistening of spotless hulls, the curl of foam-crested bow waves, the cheering of sailors aloft and friends ashore, the breeze-blown strains of "Anch' Lang Syne," floating across the waters, the blare of trumpets, the rattle of drums, the flash of signals and the boom of saluting cannon marked the departure of the fleet, presenting to the people who watched it a spectacle they will never forget and to the world at large the reality of the trimmest, most homogeneous, most thoroughly equipped, most mobile and self-reliant assemblage of first class battleships ever gathered in one command.

There will not be a ship in the line old enough to have smelled powder or to have taken the shot of Manila or Santiago—stories written scarcely 10 years ago in the history of nations. All were modern of design, examples of the aggressive seagoing navy which the president has declared to be so essential to the peace of the country.

Attaches of foreign legations and embassies at Washington and many correspondents who have seen war service on foreign journals freely declared that yesterday's naval display was the most impressive they had ever seen. The facility with which the big vessels were handled, the manner in which they were maneuvered into single column formation, and the perfect alignment which was maintained to the southward turn from the cape called out the warmest admiration. The thrill of the beautiful marine picture was felt until the last wind blown spiral of smoke was lost on the horizon.

The first part of the fleet's journey will bring it to Trinidad on Christmas eve, and there, amid the heat of the tropics, the Christmas celebrations will be held. Hundreds of good-bye telegrams were flashed to the ships by wireless telegraph as they left the roasting and hot turned down the south-east coast.

These vessels made up the fleet which sailed yesterday under command of Rear Admiral Robley D Evans: Connecticut, 16,000 tons; Louisiana, 16,000 tons; Kansas, 16,000 tons; Vermont, 16,000 tons; Georgia, 14,948 tons; Virginia, 14,948 tons; New Jersey, 14,948 tons; Rhode Island, 14,948 tons; Minnesota, 16,000 tons; Ohio, 12,500 tons; Maine, 12,500 tons; Missouri, 12,500 tons; Alabama, 11,525 tons; Illinois, 11,525 tons; Kentucky, 11,525 tons; Caluqua, supply ship, 5,725 tons; Glacier, supply ship, 7,000 tons; Panther, repair ship, 3,350 tons; Yankton, tender, 975 tons.

**All Quiet in Japan.**  
Tokio, Dec. 17.—The announcement of the sailing of the Atlantic fleet of the United States navy has not been received by the newspapers of Tokio or by the government officials. All public men who have been interviewed by the Associated Press representative accept the sailing of the fleet as a foregone conclusion and it is not likely that the actual start will cause the slightest ripple of excitement. Everyone accepts the assurance of friendship offered by America conceding the right of that nation to send its warships to the Pacific.

**Another Mine Explosion.**  
Yolande, Ala., Dec. 17.—A disastrous explosion took place in mine No. 1 of the Yolande Coal & Coke company at 10:25 o'clock this morning. It is impossible to tell at this hour how many are dead as a result of the explosion, the estimates varying all the way from 40 to 60. The work of rescue has been extremely slow because of the debris in the mines and the large crowd of women, children and sightseers at the opening. The explosion is now known to have occurred in either the fifth or the sixth right entrance.

**Short of Cash in Alaska.**  
Seattle, Dec. 17.—A special from Fairbanks, Alaska, says: Today the Washington-Alaska and First National bank of Fairbanks will go on a clearing house basis. Only \$50 a day withdrawal will be allowed each depositor. A committee of depositors representing the Fairbanks Banking company, which recently closed its doors, reported today that the assets exceeded the liabilities by \$354,815 and the bank will probably open on a clearing house basis soon.

# WILL DO NOTHING.

## Small Chance Congress Will Reform Currency

Washington, Dec. 16.—It can be stated on the highest authority that if the subcommittee of the house committee on banking and currency now dealing with the subject can have its way no effort will be made by the present congress to adopt legislation remedial of the present financial condition. All the energies of that committee will be directed toward the framing and passage of laws more general in character and which will be intended to preclude shrinkage of the circulation, entailing widespread financial distress.

The subcommittee held a four hours' conference today with its chairman, Representative Fowler, of New Jersey, at which the bill which the subcommittee has undertaken to draft was earnestly discussed, but no decision as to its precise character and scope was reached. It is not likely the subcommittee will be ready to report on the bill until after the holidays. Men high in the world of finance will be given an opportunity to appear before the committee to present their views on the proposed measure.

Much time will be spent in both the house and senate in considering the bill when reported, and it is the hope of the members of the banking committee that the finances of the country will have so adjusted themselves by that time that there will be no necessity for legislation looking to the correction of present conditions.

# WOMEN IN TERROR.

## Afraid for Their Lives Until Troops Arrived in Goldfield.

Goldfield, Nev., Dec. 16.—Delegations from the Woman's club, of Goldfield, and from the chamber of commerce, Merchants' association and Mining exchange called on General Funston this afternoon to acquaint him further with the conditions which have prevailed in Goldfield previous to the coming of the United States troops and the situation which led to the sending of Governor Sparks' dispatch to Washington asking that troops be sent here. The visit of these delegations doubtless was because of the efforts that are constantly being made to have the troops recalled.

General Funston said, after the conferences were over, that the statements were a revelation, especially those made by the women, who are wives of prominent citizens of Goldfield. The statements, he said, showed that for days the women of Goldfield had lived in a state of constant terror, until the coming of the troops though no instances of anything more than trivial annoyances were cited.

# MAKE CANADA INDEPENDENT

## Destiny is Union With United States or Monarchical Independence.

Ottawa, Ont., Dec. 16.—The independence of Canada is now being openly discussed and in a measure promoted before some of the most important public bodies of the dominion. Today the idea of Canada as a nation is looming large on the public mind, and it has in a very short space of time marvelously changed public sentiment in that regard.

Speaking before the Canadian club at Ottawa, J. S. Ewart, K. C., of Toronto, predicted that Canada would yet fill an independent position in the world. Then she would pursue either one of three courses—a union with the United States as an independent republic, a union with Great Britain as an independent monarchy with her own sovereign, or an independent monarchy with allegiance to the British sovereign.

Canadian opposition against the imperial government was directed not against the king, but against the colonial secretary, who is generally ignorant of colonial matters.

# Long List Yet to Harg.

St. Petersburg, Dec. 16.—The authorities have just completed their investigation of the daring terrorist robbery of October 27, 1906. Thirteen men already have been executed for connection with this outrage, and 80 others are to be tried for complicity. The robbery of October 27 was a daring affair. A band of 15 revolutionists attacked a cashier of the custom house who was proceeding in a carriage from the treasury. They wrecked the vehicle with a bomb and made their escape with \$193,000.

# Bankers Go Scot Free.

Chicago, Dec. 16.—Five directors of the defunct Milwaukee Avenue State bank were freed today when Judge Windes held that the statute under which they had been indicted is unconstitutional. Michael A. Labay, Josh Laster, Marcus Kirkeby, Frank R. Crane and E. L. Johnson are the men who profit by the decision. Paul O. Stensland, president of the bank, and Henry Herring, cashier, who were found guilty of embezzlement and are now serving terms in the state prison, will not be affected by the decision.

# Agree on Incorporation.

Santa Rosa, Cal., Dec. 16.—Articles of incorporation and by-laws of the Pacific Coast Hopprowers' union, the purpose of which is the combination of hoppers of California, Oregon and Washington, were adopted here today. A committee was also named to visit Oregon and Washington to organize growers of those states, and, when such organization is effected, 10 of the 16 directors are to resign and give place to five from each of the states mentioned.

# Buy Ties in Hawaii

Los Angeles, Dec. 16.—The Santa Fe Railroad company has just contracted for 5,000,000 road ties in Hawaii, the biggest contract ever let for such material to be shipped by water. The shipments may result in the establishment of a freight steamship line between San Pedro and Honolulu. The Southern Pacific may also place similar orders in Hawaii.

Making Things Even. Customer (to watchmaker)—I told you that my watch lost half an hour every day, and now that you've repaired it it gains half an hour.

Compensation. The private soldier in the regular army sipped his perspiring forehead.

"I didn't mind spadin' up the colonel's garden, and whitewashin' his barn, and that sort of thing," he said, "but how the Sam Hill can a man do all this and maintain his position in society on \$13 a month?"

Side Lights on History. George Washington had lost the battle of Brandywine.

"The prohibitionists are carrying everything before them in Kentucky and Georgia, too!" he growled.

Climbing hastily on the nearest water wagon, he gave the order for retreat.

## Tells How to Make a Simple Rheumatism Cure at Home.

Prescription Given Which Sufferers of Dread Disease Can Easily Make Up and Try at Home at Small Cost.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from any druggist in the smaller towns, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up, inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily, or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly.

Visitor—How are conditions here? Has confidence returned?  
Resident—Conditions are slowly settling down to their former basis, but confidence has not returned. Most of the people still believe it was the children of their next door neighbors that carried away their gates.

To Be Avoided. "Do you believe there is any future for me in politics?"  
"Yes," answered Senator Sorghum; "but in these days of graft you want to take mighty good care not to be one of those fellows who start in with a fine future and come out with a terrible past."—Washington Star.

# CATARRH BLOOD AND SYSTEM DISORDERED

Catarrh is not merely an inflammation of the tissues of the head and throat, as the symptoms of ringing noises in the ears, mucous dripping back into the throat, continual hawking and spitting, etc., would seem to indicate; it is a blood disease in which the entire circulation and the greater part of the system are involved. Catarrh is due to the presence of an excess of uric acid in the blood. The Liver, Kidneys and Bowels frequently become torpid and dull in their action and instead of carrying off the refuse and waste of the body, leave it to sour and form uric acid in the system. This is taken up by the blood and through its circulation distributed to all parts of the system. These impurities in the blood irritate and inflame the different membranes and tissues of the body, and the contracting of a cold will start the secretions and other disgusting and disagreeable symptoms of Catarrh. As the blood goes to all parts of the body the catarrhal poison affects all parts of the system. The head has a tight, full feeling, nose continually stopped up, pains above the eyes, slight fever comes and goes, the stomach is upset and the entire system disordered and affected by this disease. It is a waste of time to try to cure Catarrh with sprays, washes, inhalations, etc. Such treatment does not reach the blood, and can, therefore, do nothing more than temporarily relieve the discomfort of the trouble. To cure Catarrh permanently the blood must be thoroughly purified and the system cleansed of all poisons, and at the same time strengthened and built up. Nothing equals S. S. S. for this purpose. It attacks the disease at its head, goes down to the very bottom of the trouble and makes a complete and lasting cure. S. S. S. removes every particle of the catarrhal poison from the blood, making this vital stream pure, fresh and healthy. Then the inflamed membranes begin to heal, the head is loosened and cleared, the hawking and spitting ceases, every symptom disappears, the constitution is built up and vigorous health restored. S. S. S. also tones up the stomach and digestion and acts as a fine tonic to the entire system. If you are suffering with Catarrh begin the use of S. S. S. and write us a statement of your case and our physicians will send you literature about Catarrh, and give you special medical advice without charge. S. S.
