

## SILICA SAND IS WANTED

PORTLAND, Or., Dec. 30th, 1907.  
 To Editor:  
 You have printed articles at different times relative to the discovery of silica sand, and the Oregon Development League desires to present to any reader of your paper a citizen of Oregon, Washington, Montana or California, who will send to fill the requirements demanded by the Columbia Steel Works city, who have made this offer through the League:  
 "We will take one hundred tons each month of silica sand, 98 per cent pure and free from iron oxides, delivered on land at not to exceed \$5 per ton. We will pay \$100.00 in cash to the sender."

Silica sand is now being shipped to Portland and other iron and steel manufacturing centres of the Pacific Coast from Minnesota. It has been frequently stated that large quantities of pure silica have been discovered, and the industry that "makes good" in this instance has a greater source of revenue than any other source of revenue, whether it be of any kind, for when a dependable quality of silica sand is found in quantities sufficient to supply the demands of the iron works from the Gulf of California to Alaska, and from the Rocky Mountains west, will be customarily known as later that the steel industry and another combination of multi-millionaires engaged in the production of steel are investigating different sources on the Pacific Coast with a view of building another Pittsburgh. Worry about the present freight rate, the discovery of a large quantity of silica sand would make a low rate of freight—remember that the sand now comes from Minnesota. This is your duty. Send a sample to your assayer to be sure you have the goods.

The year 1907 breaks all records in Portland, and what is true here is an indication of a proportionate degree of every other part of the Rocky Mountains and the Pacific Ocean, for this section is the most prosperous part of America, and will continue to be. The increase in manufactured products has been 30 per cent greater than in 1906. No year has brought so great an immigration. Possibilities, exports and imports, the products from the farm and dairy, and those from the orchard, and every other source by which prosperity can be attained, prove an unprecedented growth, and if we will only shake off this temporary impulse to hedge, 1908 can be made a still greater year.

**A Cure for Misery**  
 "I have found a cure for the misery malaria produces," says R. M. James, of Louisville, S. C. "It's called Electric Bitters, and comes in 50 cent bottles. It breaks up a case of chills or a bilious attack in almost no time; and it puts yellow jaundice clean out of commission." This great tonic medicine and blood purifier gives quick relief in all stomach, liver and kidney complaints and the misery of lame back. Sold under guarantee by Houlton, Warren, Scappoose and Deer Island dealers.

**It Does the Business**  
 Mr. E. F. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c at Houlton, Warren, Scappoose and Deer Island dealers.

America's Greatest Weekly

# Toledo Blade

TOLEDO, OHIO

The Best Known Newspaper in the United States.

CIRCULATION 180,000. POPULAR IN EVERY STATE.

In many respects the Toledo Blade is the most remarkable weekly newspaper published in the United States. It is the only newspaper especially edited for National circulation. It has had the largest circulation for more years than any newspaper in America. Furthermore, it is the cheapest newspaper in the world, as will be explained to any person who will write us for terms. The News of the World so arranged that busy people can more easily comprehend, than by reading cumbersome columns of dailies. All current topics made plain in each issue by special editorial matter written from inception down to date. The only paper published especially for people who do or do not read daily newspapers, and yet thirst for plain facts. That this kind of a newspaper is popular, is proven by the fact that the Weekly Blade now has over 180,000 yearly subscribers, and is circulated in all parts of the United States. In addition to the news, the Blade publishes short and serial stories, and many departments of matter suited to every member of the family. Only one dollar a year.
