LASKANIE VS ASTORIA—The debate
een the Clatskanie and Astoria High
ols at Astoria last Saturday evening
lited in the decision of the judges in
r of the Astoria team, by a very close
mary of points. The subject was:
olved, that the municipalities of the
ted States should own and operate
light and transportation facilities."
Astoria team refused to consider any
subject and insisted upon taking
affirmative side of the question. The
latskanie team was picked from eleven
th grade pupils, while the Astoria
m had 125 twelfth grade pupils to
e from, this giving them what would
m to be an immense advantage. Under
circumstances, while the young folks
rather sore at the decision, Prof. Col-
is very proud of the manner in which
pupils acquitted themselves. Zenas
stman, Ethel Barnes, and Leila Page
resented the Clatskanie school. The
ges were: Prof. E. E. De Con, Eu-
ne; Prof. J. W. Bran-tater, Seaside;
d W. H. Powell, St. Helens.

Every community in Columbia county
should have a good bunch of items in the
Mist every week. We want them for
two reasons,—it makes the paper better
and helps the community. For the latter
reason you should see that your town is
mentioned; besides, many people find it
interesting to write a little for "the
paper" once in a while.

"BUSINESS PIRATES"

That's what a prominent man-
ufacturer of Portland called
the so-called mail order
"wholesale" houses, in an ar-
ticle in the public press a few
days ago.

This will be your verdict also
if you are a patron of these
establishments, and will let
us compare our prices with
those on the next order you
are sending to Portland.

"The Proof of the Pudding is in
the Eating."

Our customers who have in-
vestigated will tell you all
about it.
