OUR PORTLAND LETTER

(Special Correspondence)

PORTLAND, Or., April 6th, 1908. Recent investigations by the United States Government officials has proven that a great area in Harney County is improperly classed as "desert lands" since it will produce crops successfully without irrigation and is now doing so. As a consequence some 50,000 acres are to be thrown open for homestead entry.

To celebrate the opening of the "Riparia Cut off," which means ten hours between Portland and Lewiston-Clarkston instead of the thirty hours required by the former schedule, the people of Lewiston-Clarkston, are planning a "Blossom Carnival" for May 1st, 2d, and 3d. On the 2d a large party of Portland business men will be their guests, making the trip over the new line in a special train. This cut off brings the entire Clearwater Basin into closest touch with Portland.

"I have never heard so many people express their intention of building this Spring," remarked one of Portland's oldest residents last week. Building, particularly in the residential sections of this city, was never so active, and people in a position to speak understandingly through frequent trips over the State, say that the same flattering conditions prevail all over Oregon.

Sheridan, Oregon, had a meeting last Saturday, with the idea of organizing for the advertisement of their town and its vicinity. The business houses of the town were closed so that every one might participate, and many farmers from the surrounding country were present. Quite a delegation came over from McMinnville. A thousand dollars was raised for publicity, and to this fund the farmers were liberal contributors. Sheridan will affiliate with the Oregon Development League immediately.

A new feature introduced by the Portland Realty Board is a weekly excursion for its members, either to some subur-

ban addition to Portland or to some point more distant, to thoroughly familiarize them with the city, its environments and the state in general. Last Saturday they chartered two special cars and went to Salem a hundred strong over the new trolley line, to attend the Horse Show in the capital city. The excursionists were unanimous in pronouncing these interurban lines the most important factor in the development of any section. There is an assurance that a line will be constructed between Salem and Stayton very soon.

Paul Morton, the guest of the Portland Commercial Club a few days ago, returned to the city on the 3d and announced that the Equitable Life assurance Society of which he is president would make a loan of \$75,000 to the Y. M. C. A. here, that being the sum necessary to complete their handsome building for which excavation is already made. The Y. M. C. A. building is rapidly rising.

"One Touch of Nature Makes the Whole World Kin"

When a rooster finds a nice fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm hearted wish of the writer to be of use to some one else. This remedy is for sale by A. Deming, druggist.

LOWELL FOR FULTON

Former Political Opponent Declares for the Senator

PENDLETON, Or., April 3.—(Special) Judge Stephen A. Lowell, of Pendleton, who has heretofore been opposed politically to Senator Fulton, has issued a public statement declaring himself favorable to the re-election of Mr. Fulton, giving three reasons, as follows:

First, Because he is a man of very great ability, now familiar with the routine work of the Senate, and therefore in a position to accomplish during a second term valuable work for the State and the Nation.

Second, The Senator is a National figure, one of the recognized leaders of the Upper House of Congress. He is popular with his associates, and if continued in his present position cannot fail to occupy a prominent place in Governmental affairs. Oregon cannot afford to retire such a man. State pride alone ought to keep him in the Senate.

Third, The unwarranted attacks made upon him naturally arouse the sentiment of those men throughout the state who believe in fair play. For two years or more insinuation have been scattered broadcast to the effect: that the Senator was connected in some way with land frauds or other crimes and, when the charges finally came in concrete form, they proved to be nothing more than that he had played the game of politics according to the old rules. Those old methods are now gone forever in Oregon, and no man will more readily accept the new situation than Mr. Fulton. No man is perfect, and the state cannot afford to lose the services of its ablest men because, perchance, they have at some time in the past engaged in practical politics.

Rheumatic Pains Relieved

Mr. Thomas Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Expeller and got more relief from it than anything I ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." Death Was on His Heels

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs, colds and lung disease in all the world." Sold under guarantee at Houlton, Warren, Scappoose, Deer Island dealers. 50c and \$1.00. Trial bottle free.

CAKE OR FULTON—WHICH?

(Advertisement)

It will be well for Republicans to study, carefully and well, the peculiar situation now confronting them in the selection of a candidate for United States Senator at the April primary. The candidacy of Gov. Chamberlain on the Cake platform adds new complications to the situation. If the three were to race for the June election it would certainly add material strength to Mr. Fulton, as both Mr. Cake and Mr. Chamberlain are committed to Statement No. 1, or the election of a Senator by direct vote of the people, while Mr. Fulton is on record as opposing it. But at the April primary, either Mr. Fulton or Mr. Cake must step aside. We have studied the situation carefully and draw the following conclusions:

1st. Should Mr. Cake receive the Republican nomination it will place Mr. Chamberlain "between the devil and the deep sea" without a platform to stand on, he having voluntarily assumed a non-partisan, happy-go-lucky gait, going the whole hog on Statement No. 1, and telling his Democratic brethren he recently loved so well that he has become infatuated "with most of the Roosevelt policies"—until after the June election—after which time the probationary state will cease and be again permitted to exercise his conscience by voting for democratic measures in the Senate, if elected.

2nd. That as Mr. Cake has firmly stood for, and manfully defended Statement No. 1 for the past two years, there would be no just cause for the Republicans to prefer a new convert from the Democratic ranks on this question to the exclusion of all other questions of vital importance to the State and Nation which will come up during the Senatorial term.

3rd. That in the light of past history, with legislative holdups, corrupt use of money to "influence" senators and representatives, men seeking election to the legislature on Senatorial years to see the fun; special train running with all other corrupting influences in connection therewith, thus bringing shame and disgrace on the fair name of our state, our people will never again return to the old system of election by the legislature.

4th. That a very large majority of the newspapers in the state are first, last and all the time in favor of the people electing a senator.

5th. That nearly every Grange in the state has declared by resolution that they will not support candidates for the legislature who are opposed to election by the people.

6th. That it is a Republican measure passed by a Republican legislature.

7th. Nearly every candidate that has announced for the Legislature has subscribed to Statement No. 1 at least in a modified form and those who failed had to come back and take their medicine.

8th. With 50,000 Republican majority behind Mr. Cake, would it be possible for Mr. Chamberlain to jump sideways into the United States Senate by using a little soft soap on weak kneed Republicans? We think not.

9th. Should Mr. Fulton be nominated, the conditions would be entirely reversed, thus placing Fulton on the defensive instead of Chamberlain, which would at least greatly reduce the Republican majority.

In view of these facts as we see them, we must say that to our minds, the safest, surest and best thing for Republicans to do is to vote for Mr. Cake for United States Senator.—Corvallis Gazette.

He Got What He Needed

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee by Houlton, Warren, Scappoose, and Deer Island dealers, 50c.
