Disease Germs

Cannot harm healthy human bodies. We cannot have healthy bodies unless we have pure blood, —the kind of blood that Hood's Sarsaparilla makes.

This great medicine has an unequalled, unapproached record for purifying and enriching the blood.

It cures scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite, general debility, and builds up the whole system.

Get it today in the usual liquid form or in chocolated tablet form called Sarsatabs.

No Use.

"Anything I can show you, sir?"

"Yes: I want to get some kind of toy for my 3-year-old boy. Have you anything that's indestructible? Something he can't break the first time he plays with it?"

"I think so. We have some toy flatirons."

"Have they got handles on 'em?"

"Of course."

"Well, they won't last him five minutes. Show me something else."

No Argument There.

"Haven't you any regular occupation?"

"Yes, ma'am, my reg'lar trade is sweepin' the leaves off'n the roofs of people's houses."

"I can't see how you can make a living at that."

"I don't, ma'am. Have ye got any cold vittles?"—Chicago Tribune.

W. L. DOUGLAS $3.00 SHOES $3.50

The Reason I Make and Sell More Men's $3.00 & $3.50 Shoes Than Any Other Manufacturer is because I give the wearer the benefit of the most complete organization of trained experts and skilled shoemakers in the country.

The selection of the leathers for each part of the shoe, and every detail of the making in every department, is looked after by the best shoemakers in the shoe industry.

If I could show you how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape fit better, and wear longer than any other make.

My Method of Tanning the Soles makes them More Flexible and Longer Wearing than any others.

Shoes for Every Member of the Family, Men, Boys, Women, Misses and Children.

CAUTION! Name and price stamped on bottom. For Sale by Dealers Everywhere.

Fast Color Eyelets Used Exclusively. Catalog mailed free. W. L. DOUGLAS, 167 Spark St., Brockton, Mass.

Merely an Accident

Hearing a noise in his henhouse at 3 a. m., Mr. Kajones hastily dressed himself and went out to investigate.

He found a visitor there.

"What are you doing here?" he demanded.

"Wakin' de chickens, to give 'em breakfus'," answered an apologetic voice. "I allus do it 'bout dis time, suh. But, golly, I done made a mistake an' got in somebody else's henhouse!"

Then the owner of the voice made a hasty exit through the hole in the roof, and all was still.—Chicago Tribune.

Stumped.

Elderly Customer—Can you tell my fortune, madam?

Fortune Teller (looking at his hand)—Gracious heaven, no! Nobody could do it. But I can tell your past, sir. You are an old time baseball catcher.

Only One "BROMO QUININE"

That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the world over to Cure a Cold in One Day. 25c.

His Privilege.

"Haven't you given yourself a little more space above the ear than you are entitled to?" asked the visitor of the artist who had painted his own picture by the time-honored method of looking in the glass.

"Yes," he admitted, moodily, "but it seems to me you have a right to make yourself a high brow in your own picture, haven't you? If you don't, who will?"

THE PERUNA ALMANAC.

The druggists have already been supplied with the Peruna almanac for 1909. In addition to the regular astronomical matter usually furnished in almanacs, the articles on astrology are very attractive to most people. The mental characteristics of each sign are given with faithful accuracy. A list of lucky and unlucky days will be furnished to those who have our almanacs, free of charge. Address The Peruna Co., Columbus, O.

He Preferred One Girl.

When J. M. Barrie, the author of "Peter Pan," addressed an audience of a thousand girls at Smith College during his first American visit of last year, a friend asked him how he had found the experience.

"Well," replied Mr. Barrie, "to tell you the truth, I'd much rather talk a thousand times to one girl than to talk one time to a thousand girls."

Art Criticisms.

"I don't like marble statues," said the fluffy young thing. "They always look as if they had a cataract or something of that kind the matter with their eyes."

FOR BOYS *and* GIRLS

CANAL OPEN IN 1915

Such Is Now the Prediction of Lieut. Colonel Goethals.

SITE OF GATUN DAM APPROVED

Taft and Party Visit Great Culebra Cut—Engineers Declare Locks Are Perfectly Feasible

Panama, Feb. 2.—"Naval vessels will sail through the lock canal by January 1, 1915," declared Lieutenant Colonel George W. Goethals, chairman of the Isthmian Canal commission and chief engineer, today.

The fact that the present plan for the lock and dam at Gatun is satisfactory to the visiting engineers has greatly encouraged people of the canal zone and fear of delay in the completion of the work has been relieved. The engineers do not conceal their satisfaction as to the feasibility of the Gatun dam.

Mr. Taft expressed the belief beforehand that the opinions of the engineers on the Gatun site would be favorable. Their findings, therefore, did not surprise him.

Today President-elect Taft and the engineers accompanying him went to Culebra on a special train and carefully examined the 14 miles of Culebra cut. All were much gratified at the great amount of work that has been done.

Before the party arrived all dynamite was removed from the workings, to prevent any possibility of an accident.

That Mr. Taft is acting as pacificator in the strong post-election factional feeling in the republic of Panama is indicated by the fact that both President Obaldia and Senor Arias, one-time opposition candidates for the presidency, have been invited to American Minister Squiers' dinner and reception to be held tomorrow in Mr. Taft's honor. Mr. Taft called this afternoon upon ex-President Amador, who is ill, wishing to make plain that he desires to treat all parties alike.

He will hear both sides of the commissary system controversy, but doubtless the commissary will continue, although the so-called luxuries will be eliminated. Mr. Taft has expressed full confidence in the judgment of Secretary Root in this matter.

DEFICIT GROWS IN JANUARY.

Has Increased $15,543,842, But Customs Revenue Is Larger.

Washington, Feb. 2.—The monthly comparative statement of the government receipts for January, 1909, shows the total to have been $47,480,428 and the expenditures $63,024,260, which leaves the deficit for the month $15,543,842, and for the seven months of the present fiscal year $79,814,443.

The receipts from customs during January, 1909, amounted to $23,818,870, which is a gain as compared with January, 1908, of $547,264. The internal revenue yielded $18,672,084, as against $19,744,888 for January, 1908.

The total receipts were about $2,000,000 less for the corresponding month last year. The expenditures, however, were $4,207,000 greater than for January, 1908.

The civil and miscellaneous expenditures amounted to $17,244,182, an increase of $1,800,000; war, $11,030,366, an increase of $2,200,000; navy, $9,313,386, an increase of $280,000. The public works item shows a slight decrease.

The public debt statement shows an increase for the month, less cash in the treasury, of $16,776,482.

PROVE CASTRO ASSASSIN.

Ex-Dictator to Be Sued for Instigating Plot to Kill Gomez

Caracas, via Port of Spain, Feb. 2.—In accordance with instructions from Senor Alcantara, minister of the interior, the attorney general will bring suit in the High Federal court against Cipriano Castro, ex-president of Venezuela, on the charge of having instigated the attempted assassination of President Gomez. Minister Alcantara's communication to the attorney general was accompanied by a large amount of documentary proof. The minister writes:

"The documents show that the black, black conspiracy which happily was frustrated by the presence of the Supreme Magistrate, was the result of the suggestions, advice and orders of General Castro."

Find No Fault With Dam.

Panama, Feb. 2.—The engineers accompanying President-elect Taft spent today at Gatun with the chief engineer of the canal, Lieutenant-Colonel Goethals. They had no fault to find with the natural foundations for the dam and regarded the plans for safeguarding the dam as being complete. Mr. and Mrs. Taft attended the Episcopal church today and later the president-elect received the British minister. The new Pacific channel to the canal will be used for the departure of a steamship for the first time tomorrow.

Ill-Fated Boat Mystery.

Norfolk, Va., Feb. 2.—Hidden beneath the turbulent waves that roll over Diamond shoals, 14 miles off Cape Hatteras, N. C., the secret of the identity of the mysterious steamer which went down there early yesterday, remains untold. No clew to corroborate the testimony of those few aboard the Diamond shoals lightship who witnessed, helpless to aid, this latest tragedy of the well-named "graveyard of the Atlantic" was obtained today.

Railroad Shops Reopen.

Winnipeg, Feb. 2.—The railways have given orders to start the Canadian Northern and Canadian Pacific shops tomorrow morning with increased staff preparatory to the biggest railroad year in Western Canada's history.

INSISTS JAPS ARE LEAVING.

Secretary Straus Gives Statistics on Immigration and Emigration.

Washington, Jan. 29.—Secretary Straus forwarded a letter to Senator Frank P. Flint, of California, discussing the statistics of the department of commerce and labor covering the immigration of Japanese to the United States and the emigration of Japanese from the United States. Mr. Straus says:

"You will observe that the entire number (Japanese) admitted was 12,413 for the calendar year 1907, while the entire number admitted was but 4477 for the calendar year 1908. You will also bear in mind that the executive order of the president was issued on March 14, 1907, but it took a considerable time to prepare regulations and put them into effect and for the department of state, both here and through our ambassador to Japan, to arrive at a definite understanding with the Japanese government.

"I desire furthermore to direct your attention to the fact that the entire immigration for the year beginning with November 1, 1907, and ending with October 31, 1908, was 6017, while the departures for the same period were 5832, leaving an increase of immigration of Japanese for that year of 185.

"It is further to be observed that, beginning with the month of June, 1908, to October, 1908, the emigration of Japanese from the United States exceeded the immigration to the United States by 1542, showing distinctly that the trend of the migration of Japanese is from the United States. It is further shown by the marked decrease of immigration during the months referred to of 1908 as compared with the same months of 1907.

"The press reports which I have seen contain statements made by some of your people in California that these figures are inexact. I desire emphatically to state that they are absolutely correct, and the proof thereof, which is on file in the department, clearly demonstrates the accuracy of the figures.

"It has further been intimated, as I see from reports, that there is a large surreptitious influx of Japanese over the Mexican and Canadian borders. I am justified in saying that this is not true, for obvious reasons. That there are some few scattered surreptitious entries is quite probable, but the sum is so small that it cannot be consequential.

"Finally I wish to call your attention to the fact, which the statements above are forced to indicate, that the arrangements which have been called the 'gentlemen's agreement' we have with Japan, in my judgment, are working more effectively than would result from any restrictive laws, because of the effective embargo Japan has placed on the departure of her subjects from Japan."

MEAT AT FAMINE PRICES.

Short Hay Crops and Floods Make California Suffer.

Stockton, Cal., Jan. 28.—The scarcity of beef, hogs and sheep has caused meat prices here to increase fast of late, and the retailers have raised their prices until the head of the house is compelled to pay fancy figures for all kinds of meat.

Of late years, at certain seasons, the greater portion of California depends on Nevada and Arizona, and even Oregon, to supply the bulk of meat. Owing to the failure of the hay crop in Nevada and Arizona last season, the stock in these two states are not in condition for slaughter. The prevailing wet weather, with washouts and few carloads of stock, has created almost a meat famine and prices are soaring.

Japan Not Worried.

Tokio, Jan. 29.—In an editorial which the Hochi will print tomorrow the Japanese people are warned against connecting the movement for naval expansion and increased fortifications in America with the anti-Japanese agitation in California. It will say that the American government is only showing a wise care for its dependencies, Hawaii and the Philippines, and that only harmful sensationalists could connect such proper naval expansion with any feeling against Japan.

Chile and Peru Quarrel.

Valparaiso, Chile, Jan. 29.—The rupture of diplomatic relations between Chile and Peru, signalized by the withdrawal of Senor J. M. Echinque, the Chilean minister at Lima, has aroused more or less excitement here, and the old animosities between the two countries, dating back to the war of 1879 and the consequent acquisition of the Peruvian provinces of Tacna and Arica by Chile, have, to a certain measure, been revived.

Falls Down Deep Shaft.

Butte, Mont., Jan. 29.—Mrs. Lizzie Wagner, who last night, while intoxicated, walked backward into a shaft, falling a distance of 100 feet, at the Syndicate mine, will live, according to the statement of her physicians today. The woman's escape from death is regarded as almost miraculous. She fell into about two feet of water, and it was found today that the only injuries she had sustained were a broken breastbone and an injured heel. A peculiar feature of the accident was the woman not hitting the shaft bucket.

Mystery in Navy Suicide.

San Diego, Cal., Jan. 29.—J. S. Mollen, a warrant machinist on board the cruiser Albany, at anchor in the harbor here, committed suicide last night by shooting. The captain of the Albany has revoked all shore leave, denied admittance to civilians aboard ship and refuses to give out any information concerning the affair. Coroner Morgan has not gone aboard the ship and reasons for such secrecy are unknown.

Remove Wreck of Maine.

Washington, Jan. 29.—President Roosevelt today sent to congress a message approving the recommendation of Governor Magoon that an appropriation be made to remove the wreck of the battleship Maine from Havana harbor.

BLIZZARD ON PRAIRIE

Terrific Winter Storm Sweeping Over Middle West.

DRIFTING SNOW BLOCKS TRAINS

All Telegraph Wires Quickly Coated With Ice and Broken—Rotary Alows Are Powerless.

Denver, Jan. 30.—From 11 o'clock last night until 1 o'clock today almost the entire country west of the Missouri river was cut off from telegraphic communication with the outside world as the result of a rain, snow and sleet storm, accompanied by a wind of almost cyclonic violence that swept over Colorado, Kansas and Nebraska last night, and then continued its work of destruction eastward.

In Colorado, where the storm has been raging for several days in the mountains and along the west slope, railroads are blocked by drifts which have rendered even the big rotary plows powerless, and big snowslides are reported from all directions. High winds are piling up the drifts in the mountains and adding to the difficulties of the railroads.

In the Telluride and San Juan districts of Southwestern Colorado many mines have been forced to close because of the lack of fuel and supplies. A slide that wrecked a section of the Telluride Power company's lines put a dozen mines and mills in the Savage basin out of commission.

The Denver & Rio Grande and Moffat roads are having much trouble with drifts. Bitterly cold weather is reported from some points, Telluride reporting 16 below.

Passenger trains from the East on the Union Pacific, Santa Fe, Rock Island and Burlington roads are all late, and passengers report that the wind blew at the rate of 70 miles an hour across the Kansas and Nebrsaka prairies over which they came.

The storm started throughout Eastern Kansas and Eastern Nebraska last night with a thick fog. Later this turned to rain and then, as the cold wave and strong north wind swept across the Kansas and Nebraska prairies, the wires rapidly became coated with ice and one by one snapped under the burden. Apparently the storm increased in intensity as it sped across Missouri and Iowa, and this morning neither the Western Union nor Postal Telegraph companies had a wire working into Chicago from Denver. Neither company has any information regarding the extent of the storm east of the Missouri river.

The Gunnison branch of the Colorado & Southern railroad is practically tied up by the blizzard raging in the region of Alpine pass. This is also true of the Leadville branch. A passenger train on this line is reported to be stuck in the nsow at Platt canyon.

WELCOMED AT PANAMA.

Taft Lands at Colon and Proceeds to Headquarters at Culebra

Panama, Jan. 30.—President-elect Taft today made his trip across the Isthmus of Panama and everywhere was greeted with marked demonstrations of good will. With his party, Mr. Taft landed this morning at Colon and proceeded by special train to Culebra, where tonight he is quartered at the residence of Lieutenant-Colonel Goethals, chairman of the Panama Canal commission.

The reception by the Panama officials, both at Colon and Culebra was most cordial. Tomorrow Mr. Taft will visit the site of the Gatun dam. All members of the party are in good health.

Colonel Goethals, Joseph Blackburn, governor of the canal zone; Colonel C. W. Gorgas, chief sanitary officer, and other prominent persons immediately boarded the North Carolina from the tug Crystal and welcomed the president-elect.

The first person to shake the hands of Mr. and Mrs. Taft when they landed was Governor Melendez of Colon.

At Culebra the president-elect will sail from Colon for New Orleans next Friday.

Washington Sees No Relief.

Washington, Jan. 30.—The western storm which has been moving eastward is centered tonight in the middle lake region, although the influence of the cold wave is already felt as far east as the Appalachians, according to the weather bureau. Storm warnings are displayed on the Atlantic and Gulf coast, except South Florida; on the California coast from Point Reyes to Eureka, and on the Straits of Juan de Fuca. Cold weather will prevail in the Middle and North Atlantic states Saturday night and Sunday.

$40,000 Fire at Kelso.

Kelso, Wash., Jan. 30.—Kelso is experiencing one of the largest fires in its history. The three-story and two-story Fidler and Gray buildings are a total loss, also the Kelso Journal plant, Robb & Master, grocers, Becker Millinery company, McDermott real estate company, Huntington & Jackson real estate company, besides about a dozen offices. At 14:5 a. m. the fire is still burning, but is well under control. The loss is estimated at $40,000.

Train Stuck in Snowdrift.

La Crosse, Wis., Jan. 30.—Passenger train No. 23 on the Southern Minnesota division of the St. Paul road, running between La Crosse and Wessington Springs, S. D., has been stuck in a snowdrift west of Jackson, Minn., since 103:0 last night. The train has many passengers, but, being a day train, carries no sleeper or diner. A relief train was started out last night, but failed to get through. Passenger train No. 3 on the La Crosse division of the same road was wrecked early today at Portage, Wis., but nobody was injured.

Suspicious.

"A suspicious question," said De Lancey Nicoll, the eminent New York lawyer, discussing a celebrated case. "In fact, one of those suspicious questions which carry their own conviction with them. It is just such a question as a gilded youth asked the head waiter in a Broadway restaurant the other morning.

"'Was Blank here last night?' he began.

"'Yes, sir,' the waiter answered.

"'And,' said the youth, nervously, 'was I with him?'"

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

His Confusion.

"Are you working to-day?" asked a visitor of the poet. "That is, are you going to work?" for it was quite evident that he was not working at that moment.

The poet ran his fingers distractedly through his hair.

"I have so many ideas," he sighed. "So many, many ideas; but they are all so confused that I really haven't worked for a year or two."

FITS St. Vitus' Dance and Nervous Diseases permanently cured by Dr. R. Kline's Great Nerve Restorer. Send for FREE $2.00 trial bottle and treatise. Dr. R. H. Kline, Ld., 931 Arch St., Philadelphia, Pa.

Incredible.

"Over here," said the Arab guide, "we have another mummy. From the cooking utensils found near her she is supposed to have been a cook. For two thousand years she has remained just where she was found."

"Bosh!" scoffed the American tourist, "that's no cook."

"Why not?"

"Who ever heard of a cook remaining in one place that long?"

PILES CURED IN 6 TO 14 DAYS

PE-RU-NA TONIC FOR COUGHS, COLDS, CATARRH.

JOSEPH HALL CHASE.

Peruna Drug Co., Columbus, Ohio.

Gentlemen: I have used Peruna and find that it cannot be equaled as a tonic, as well as a cure for coughs, colds and catarrh.

You are authorized to use my photo with testimonial in any publication.

Joseph H. Chase,
804 Tenth St., Washington, D. C.

Cold and La Grippe.

Mr. C. Happy, Hardin, Ray Co., Mo., writes: "I can safely recommend Peruna as a remedy that will cure all catarrhal troubles.

"It was of great benefit to me, as it cured me of catarrh of the throat, and I took a very bad cold and had la grippe last February. It settled in my throat and lungs. I took three bottles of Peruna and it cured me.

"I highly recommend it to all who are sick, and I am glad to add my endorsement to that of others."

Peruna for Colds.

Mr. L. Clifford Figg, Jr., 2929 East Marshall St., Richmond, Va., writes that when he gets a cold he takes Peruna, and it soon drives it out of his system. For several years he was not entirely well, but Peruna completely cured him.

People who object to liquid medicines can now secure Peruna tablets.

For a free illustrated booklet entitled "The Truth About Peruna," address The Peruna Co., Columbus, Ohio. Mailed postpaid.

WHEN writing to advertisers please mention this paper.
