"Is it really only ten minutes' wath DISCUSS IRRIGATION from the station to your house?" asked

Reclamation Chiefs Gathered at Portland for Conference.

"Please, mister," said the boy, "I Claims on Fund Double the Amoun Available-Eleven Millions to Be Appropriated.

> Portland, Aug. 3. - An apportionment of the reclamation fund among the various government irrigation projects for the year 1910 will not be determined until Secretary of the Interior Ballinger holds a further conference with the officials of the reclamation service today. Mr. Ballinger yesterday held a preliminary conference with these officials, at which were present the supervising engineer of the six divisions into which the entire reclamation field is divided. There is to be apportioned for these projects about \$11,000,000, but the demands for funds aggregate an amount fully double that available.

The conference, which was an executive one, was held in the offices of the reclamation service in the Beck building. There were present all of the directing and supervising officials of the service. In addition to Mr. Ballinger they were: F. H. Newel, director; A. P. Davis, chief engineer; O. H. Ensign, chief electrical engineer; D. C. Henny, consulting engineer, and the following supervising engineers: F. E. Weymouth, Idaho division; I. W. Mc-Connell, Central division; H. N. Savage, Northern division; C. H. Swigart, Washington division; L. C. Hill, Southern division, and E. G. Hopson, Pacific division.

"Today's conference was only preliminary and there is nothing definite to announce regarding the probable apportionment of the reclamation fund, during the ensuing year. These re-quests will be considered further at another conference which will be held tomorrow. It will not be until after tomorrow's hearing that I will be able funds for this work shall be expended.

"From the fact that the demands for money far exceed the amount of funds that will be available, I find it will be a difficult job to decide on any apportionment that will satisfy all. Oregon has not been receiving its share of the proceeds from the sale of public lands within its borders, as contemplated un der the reclamation act. To see this state next year receive more nearly its share of this fund is another problem with which I am confronted, espe cially in view of the increased demands coming in from other sections of the reclamation field,"

GENERAL STRIKE CALLED.

Open Secession Reported in Many Communes of Spain.

Bayonne, France, Aug. 3.—With all trades unions in Northern Spain declaring a general strike today, and fire had consumed one fifth of the town. with several communes in Catalonia having proclaimed a republic, condi-tions in Alfonso's kingdom are any-thing but satisfactory. While the gov-thing but satisfactory. While the government on the one hand sends out reassuring dispatches to the effect that control, on the other hand it admits that it has seized the telegraph and telephone lines in the Biscayan provinces, in an effort to keep the revolutionists and strikers from communication with each other.

This conflict of official reports, taken Palamos has declared itself free and independent, lead unbiased outsiders to believe that the revolt is anything but suppressed, and that while revolutionists may be cowed in Barcelona itself, they are waiting in small bands in the hills for more reassuring times, and will then reassert themselves,

INTERURBAN CARS MEET.

Collision Near Coeur d'Alene Results in Death of 13.

Spokane, Wash., Aug. 2.—Thirteen persons were killed and 88 more or less seriously injured in a head-on trolley car collision Saturday afternoon, at Coldwell, on the Spokane and Coeur d'Alene branch of the Spokane & Idaho railway, 25 miles east of Spokane. Officals of the line have not made a statement as to responsibility for the

say everything that is calculated to wreck. It is said the eastbound train did not take a sidetrack as it had been ordered. It is incomprehensible why the motormen did not avoid the collision, as the accident occurred on straight track. The motorman of the westbound train is among the dead. Both trains were running at a high speed, especially the westbound train, and were presumably beyond control.

The wrecked cars were ground to gether in one confused mass. The injuries are of all kinds. Legs and arms are broken and heads and bodies are crushed. Bruises and scratches from splintered wood and broken glass are numerous, and internal hurts, which it is feared will swell the list of fatalities, duck?" I should answer with unseru were inflicated.

The first car of the train, the smoker, was so smashed that nothing but the trucks remained. It was crowded with men and scarcely one of them escaped alive and uninjured.

This is the first serious wreck in the history of the road. The track was cleared in about an hour and a half. trust, a wind trust, or a sea trust? That seems to me much healthier

PEOPLE IN PANIC.

Repeated Shocks in Mexico Add to Earthquake Damage.

City of Mexico, Aug. 2.—With the people absolutely frightened and trembling in terror from their awful experience in Friday's earthquake shocks, five distinct shocks were felt again the present) on speech rather than Saturday, and the damage Friday is light compared with the damage Satur-

All communication was cut off from Chilpaneingo, Acapuleo and surrounding towns by the quakes, after it was restored following Friday's shocks, but information of the serious nature of for the reason that final conclusions the shocks came through before the were not reached," said Mr. Ballinger wires went down. In every instance last night. "The various supervising the frightened operators at the keys in engineers presented their demands the stricken towns, talking to the for funds with which to carry on the work undertaken by the government, during the ensuing year.
