KNIGHTS OF PYTHIAS—The Seventh Annual District Convention of the Knights of Pythias for the Second District of the Grand Domain of Oregon, was held at Oddfellows' Hall in this city on Saturday last, and at the same time was held the convention of the Pythian Sisters. The afternoon session was open to both Knights and Pythian Sisters and the time was very pleasantly spent in listening to addresses by Past Chancellor Cake and Waldron, Mrs. Laura Hooghkirk and J. B. E. Bourne, of Rainier. The evening session was devoted to competitive work, after which a banquet was served, with W. B. Dillard as toastmaster. The visitors from Astoria and Seaside were generous in their praise of the progress shown in St. Helens since their last visit.

POULTRY PAYS—J. M. Garrison, of Forest Grove, has taken more premiums at Poultry shows than any other breeder in Oregon. His stock this season is the best he has ever had. He raises White Wyandottes and White Leghorns, Barred Plymouth Rocks, Silver Wyandottes and Brown Leghorns. Fowls $3 to $5 each; trios $9 to $15. Eggs $3 per setting.

The Secretary of the State Board of Health visited St. Helens last week and advised quite strongly against any further use of the river water. As a consequence the water we are getting now is pure, though the supply is insufficient. It has been decided however to lay an eight-inch main on top of the ground. This will give an abundant supply until dry weather checks the flow from the hills, and it is hoped by that time an additional source will have been secured.

The Merryman Fruit, Land and Lumber Co., Exeter, California, and the St. Helens Mill Co., of St. Helens, Oregon, was in town this week, looking over the property. It looks good to him, and he expects to see it greatly enlarged. Mr. Merryman said something about oranges which we trust he will not forget. We are willing to be shown the excellence of the Exeter product.

ANOTHER BIG DEAL.—The Columbia County Abstract and Trust Company is to say this week making out the abstracts for the Western Timber Company for 2019 acres of timber land in 4, 4; 5, 4; 3; 4, 5. This is in the neighborhood of Vernonia, and joins the Benson holdings. It was purchased from the Sage and Improvement Company for $5,400. No one seems to know who is the purchaser of these tracts, but it is thought they are to be merged with the Lapunan holdings.

GOOD WIRELESS WORK—J. B. Weed, in charge of the wireless telegraph station at St. Helens, at 3 o'clock on Sunday morning last, caught a message direct from the steamer Corea, in latitude 46 degrees 27 minutes north, and longitude 167 degrees 36 minutes west which was at a point 2863 miles west of San Francisco. The Corea is one of the big passenger steamers of the Pacific Mail, and the dispatch was merely to inform the company of the ship's whereabouts and probable date of its arrival at San Francisco. One evening during the past week Mr. Weed got into touch with practically all the stations on the coast, from Vancouver, B. C. to Los Angeles, California, as well as with the Olympia off Chikan, Alaska. The St. Helens station, therefore, is proving to be a most effective relay.

A parent's reception was given at the school house by the teachers of the St. Helens school to the patrons of the district Friday evening, March 4th from eight to eleven p. m. It was a social function affording an opportunity for the patrons and teachers to get better acquainted. The most cordial relations prevailed and the visitors demonstrated, even to the most fastidious, that they knew how to be social. The teachers received many congratulations, and that all had a good time was a general expression. A short program was rendered, and refreshments were served, W. J. Fullerton acting as coffee master, and the young ladies of the advanced department, acting as caterers.

Many a man has worried long after his deal was closed, when he speculated. You worry till its closed. The Columbia County Bank knows when you are safe.

D. T. Gerdes, of our city, has a small lake on his place in which is an extinct geyser or crater, and he informs us that he has good reasons to believe that by boring into this geyser he will strike something hot. The ice in the lake near the geyser was only one-half inch thick last winter, while the ice on the other lakes was five or six inches thick. Another peculiar feature is that when the other lakes are still frozen solid large holes thaw in the ice around this geyser, and steam may be seen rising from the lake any cool morning.

You are just as liable to err as any other man. Ask a doctor about the illness, a lawyer about the deed. A banker about the investment. The Columbia County Bank will tell you.
