They hope to see a road built that will be used by autoists going from Portland to Astoria and the summer resorts, and they are confident of their ability to secure considerable pecuniary aid for the project, from autoists, owners of beach property and others. Such a road would be of immense value to Columbia County, and that it will be built there is no manner of doubt. Pittsburg is to be a manufacturing city of importance. There is nothing there now but some old deserted buildings; but there is a water power capable of running mills and factories, and it is significant that this water power has recently passed into the hands of the Fir Tree Lumber | Lafferty.
