CHAMPIONS OF OREGON

Local Baseball Team Defeats Victors Over Winners of Tri-City

The Gresham "Giants" defeated the winners of the Tri-City League and there is no doubt but that the Tri-City plays the fastest semi professional ball of Oregon. The Gresham team met defeat at the hands of the locals last Sunday by the decisive score of 9 to 1. The score was not close enough to leave any doubt as to the relative merits of the two teams.

The game opened as usual by Austin getting a clean single over second. Dennis struck out, but Pembroke hit for a double after Austin had stole second and third. Blossom sacrificed Pembroke to third, and was out shortstop to first, but the inning ended by Peter Brakke (inning). The visitors stirred up a little fuss in the second with a couple of hits but the only one who got very far was thrown out at third by Ballagh from center field. Again in the fourth they almost scored, a man getting as far as third and trying to get home on the squeeze play but Druhot was a trifle too fast for them and tipped the runner at the plate. Pembroke started the fourth by flying out to the first base, Blossom followed him with a hit and stole second. Brakke was out on the same road Pem had followed, but Laws got a safe one and scored Bloss. Laws stole second, and Morton whacked one to the fence for a double and scored him. Ballagh was thrown out at first. In the fifth the visitors got their lone home run. Parrot walked, Hughes sacrificed him to second, and VanNorwick's hit placed him on third. A wild pitch enabled him

to register. Druhot got sore and struck out the next five men to face him. Three hits and a pair of errors by the visitors gave the home guard four runs in the fifth, and another pair in the eighth ended it with a score of 9 to 1.

Batteries; St. Helens Druhot and Pembroke; Gresham, Lake and Kelt.

Collie Druhot is certainly there with the goods when it comes to pitching ball. Eleven of the hard hitting Gresham bunch whiffed at the air and five hits, and some of them scratches at that, were secured off his delivery. Pembroke is a good side partner for him, as he does not let anything get away from him and has the members of opposing teams afraid to get off a base.

Lake is a good pitcher also and the Gresham bunch is the best that has played here this season. They are not only good base ball players but every member of the team behaved like a gentleman and they left here saying that they had been treated right. We hope that they return some day as it is a pleasure to play ball with such boys.

The infield and outfield were certainly both up and coming Sunday. With Druhot pitching the ball he is and the boys hitting the way they are we don't know of any team around here that can have a look in with the locals. It would be a good game for St. Helens people to see if Rainer and the Gresham bunch would cross bats.

same if Mother Eve's first thought, as we suppose, had not been necessarily of clothes? Was it to be expected in her case that with a man somewhere upon the place she ever thought of anything at all but gowns, slipovers, or perhaps a shawl?

But anyhow, the crawfish will have holed.

And the pumpkin shown the faintest trace of gold.

The sassafras will don a redder dress, And the gods will crowd around the elder press.

Or prohibition or whatever will, here is a fountain that shall serve us still, a place of resting and a steal away out of the desert and the heat of day. A place of quiet and the shade of palms, of irrigation and the soothing balms that no reformer till the poles emance shall ever capture for a bathing place.

The hosts of labor will parade the street, which will remind us of a happy feat in arbitration from the olden days when Julius Caesar was a sort of crane. It is related of that ancient time that sweet September in the Roman clime was hot as blazes, and the union file could only march about a half a mile.

It wasn't anything at all, they say, to watch the mighty pagant get away, the music playing and the flags displayed, and see it suddenly duck for the shade. The gasping drummer with his sounding drum, the bronzed mechanics who perhaps had come a dozen squares, and in the frantic rout, age and apprentice with its tongue stuck out.

The faint impression the procession made on Roman capital for long dimmed the union leaders, when the serried ranks at times not even passed the Roman banks. And so it was when mighty Caesar came, and having found the populace aflame, he shoved September from the seventh place along to ninth, which has remained the case. He merely interchanged it with July, but when he asked them how was that for high, they fairly inundated him with smiles, and have since been doing about twenty miles.

The autumn equinox will come around, And Roosevelt, by that time eastward bound,

Will aid it in the making of such storms As they may find necessary to a few reforms.

And then the sun will turn still softer yet,

And the bold October, having duly set His planes, and carefully put on his brake,

Will see what sort of landing he can make.

"KNOW-HOW"

WALK-OVER SHOES contain the best of leather, the best of thread, and the best of the various other materials that go into the making of a pair of shoes.

It is this "Know How" that gives WALK-OVER SHOES their superior style, fit and service, and that makes the WALK-OVER shoe for you.
