CURRENT EVENTS OF THE WEEK

Doings of the World at Large Told in Brief.

General Resume of Important Events Presented in Condensed Form for Our Busy Readers.

Taft and Roosevelt held a conference and Taft promised to aid in the New York campaign.

A Louisville pastor was forced to resign because he indulged in baseball and other athletic sports.

The attempt to cross the Alps in aeroplanes met with failure, though one machine rose 7,466 feet.

Evidence of manipulation of stocks by railroads to hide dividends was brought out at the rate hearing.

A Klamath Falls bricklayer collected \$7 due him for work, at the muzzle of a shotgun, and was immediately arrested.

The senate committee has begun its official investigation into the alleged bribery in connection with the election of Senator Lorimer.

Two children were burned to death in their home at Douglas, Alaska, while their aunt, with whom they lived, was gone to the store.

Prince Tsai Hsun, head of the Chinese navy, arrived in San Francisco suffering severely from bronchitis and threatened with pneumonia.

Chas. R. Heike, an ex-official of the sugar trust, was fined \$5,000 and given eight months in the penitentiary for his share in the sugar weighing frauds.

A member of the royal Holstein family of Denmark, and heir to many millions, was found working in the commissary department of a railroad company at Seattle.

Contracts have been let for a railroad from Fernley to Lassen, in Northern California, which road will eventually be extended to Klamath Falls, Oregon, giving the Northwest another road through to Los Angeles.

American apples are bringing 8 to 12 cents a pound in England.

Secretary of War Dickinson met with a hearty reception at Pekin.

Two freight trains met in head-on collision near Cairo, Ill., killing four men.

President Taft will ask \$2,000,000 to begin the fortification of the Panama canal.

The Spanish parliament is expected to fully endorse the policy of Premier Canalejas.

Union and Confederate soldiers mingled at Grand Army reunion at Atlantic City, N. J.

King Emmanuel, of Portugal, has appointed 16 new peers, all supporters of the present ministry.

By an alliance with Bulgaria and Servia, Montenegro is elevated from a principality to the ranks of a full fledged kingdom.

New Orleans is disappointed at the poor showing made in the census, and fears it may affect her chances for the 1916 Panama exposition.

Three out of 13 entries in the balloon contest which started at Indianapolis returned to earth within 24 hours, having made about 400 miles.

Secretary Wilson pays postage on copies of his speech which were sent through the mails, refusing to take advantage of the franking privilege.

Captain Klaus Larsen, in a small motor boat, traversed Niagara rapids for a distance of 4 1/2 miles below the falls, but was finally thrown on the rocks and hauled ashore by a rope. The boat was lost.

Charles M. Schwab, ex-president of the Steel trust, says that San Francisco is "obsessed with unionism," and that in case he gets the contract for a number of new battleships for China, they will not be built there.

Governor Hankell, of Oklahoma, charges Roosevelt with insincerity.

Roosevelt defends his "New Nationalism" in an address at Oyster Bay.

"Uncle Joe" Cannon has been re-nominated for congress by a small majority.

San Francisco police are charged by the mayor with protecting dancehall proprietors.

Fourteen cases of cholera were found on a ship which had just arrived at Alameda, Spain, from Egypt.

It is estimated that 2,400 people went to the Salem, Ore., fair from Portland on Portland day, September 15.

CHICAGO IS SECOND CITY.

Population Almost Doubles in 20 Years—Fourth in World.

Washington—The population of Chicago is 2,185,283, an increase of 486,708 or 28.7 per cent as compared with 1,698,575 in 1900.

This announcement leaves Chicago ranking in population as the second city of the United States and fourth in the world.

Chicago has almost doubled its population since 1890, when the figure was 1,099,850. Its greatest growth during that period was between 1890 and 1900, when there was an increase of 54.4 per cent.

Its increase in population during the last decade was not so great proportionately as that of New York, the rate of increase being 10 per cent less than that scored by the Eastern city.

New York is yet ahead of its closest rival by 2,581,550.

Chicago, however, can claim distinction in having jumped from sixth to fourth place among the big cities of the globe. It is now on the heels of Paris, whose population by the census in 1901 was 2,714,086. Chicago takes precedence over Tokio and Berlin by close margins.

According to the census taken in each of the two cities in 1908, Tokio had 2,085,160 and Berlin 2,040,148.

The population of New Orleans is 339,075, an increase of 51,971 or 18.1 per cent as compared with 257,104 in 1900. While New Orleans' growth the last decade was only slightly below her percentage of increase of the decade, the Crescent City through the rapid growth of other cities in the 100,000 class loses its position of 12th in the district of the country's largest cities and now occupies 15th position.

Detroit, with a 63 per cent increase, Milwaukee, with 31 per cent, and Newark, with 47.2 per cent, all have jumped ahead of New Orleans in the number of inhabitants.

Holyoke, Mass., has 57,730 people, an increase of 12,018, or 26.3 per cent as compared with 45,712 in 1900.

Lowell, Mass., has 106,294 people, an increase of 11,325, or 11.9 per cent as compared with 94,969 in 1900.

Pittsfield, Mass., has 32,121 people, an increase of 10,355, or 47.6 per cent as compared with 21,766 in 1900.

UPRISING IS PREDICTED.

Professor Ross Expects Disturbance in China.

Victoria, B. C.—Professor E. A. Ross, of the sociology department of the University of Wisconsin, who has been making extended journeys through China during the past six months, studying sociological conditions, has arrived here by the steamer Empress of China. He said China was on the verge of a crisis, and the next few months would show whether there would be a great uprising, perhaps with much bloodshed, or a peaceable revolution.

Professor Ross says there is a strong movement for reform, and that the younger element seeking the change is waiting to see what the prince regent will do. The reformers consider the attitude of Pekin more or less a sham to impress the powers and there is a disposition to look upon the Manchou officials as obstacles in the way of the eagerly sought reforms.

It is probable that Yuan Shi Kai will return to Pekin, and this will help the means of preventing a rising if the reformers are satisfied that in his hands China would go forward. Currency reform will be a great boon, and the doing away with the growing of opium, a movement which is being energetically carried out, will also greatly aid China.

Judge Calls Fee Too High.

Los Angeles—Judge Rivers, of the probate court has refused to lend judicial approval to a contract granting attorneys for Beatrice Anita Turnbull Baldwin, 50 per cent of the amount they may recover from the estate of Elias Jackson Baldwin. Attorneys acting in behalf of Miss Turnbull-Baldwin, made the request for such a contract to authorize the employing of certain attorneys, with the agreement to give them half of whatever should be recovered by litigation or compromise.

Police Persecute Jews.

Kiev, Russia—The police have become more active in expelling the Jews, who have been ordered back within restricted territory set aside for them. From September 12 to 15, 84 persons were driven out or given a brief period in which to make their exit.

Thirty-two Jews left voluntarily. In the same days 56 persons were expelled from the suburbs of Solomenka and Demieffka.

Shadowed Three Years.

Chicago—George W. Fitzgerald, a former assorting teller in the Chicago Federal subtreasury, was arrested by deputy United States marshals, charged with the theft of \$173,000 from the subtreasury on February 9, 1907.

Fitzgerald was arrested on a bench warrant on an indictment returned secretly by a Federal grand jury February 17, 1910.

Russia and Turkey Allies.

Paris—The Temps confirms the report that Turkey and Russia have entered into military alliance, and says that the convention indicates Turkey's approachment with the powers in the triple alliance.

INDUSTRIAL DEVELOPMENT AND PROGRESS OF OUR HOME STATE

NEW O. A. C. POULTRY CONTEST

Joins Eugene Y. M. C. A. in Organizing a Poultry School and Contest.

There has been considerable talk of another ball game between the business men of St. Helens and Rainier, but it will probably not be played until some time next season, as the weather this year was so hard to pick a day with any certainty that it would not rain. Next year it is very likely that we will be able to take them into camp again.

There will be a sacred concert at the church next Sunday evening for the benefit of the Sunday School and very generous, but a collection will be taken now. The Sunday School is in debt and needs the money to buy new books and colony brooder coops and 14 colony laying houses, beside the incubator house, containing 16 incubators of six different makes, and the brooder house.

The work of the department is largely that of proving the laying qualities of the principal varieties, including Plymouth Rocks, Leghorns, and crosses of these two breeds.

In a recent letter from St. Petersburg, Russia, Prof. Dryden was assured by one of the government lecturers on poultry raising that the O. A. C. poultry bulletins have been of great value in her work, teaching her, she said, "just what to say, and how to say, many things in a few words."

The bulletins are published for general distribution in the state, and may be had upon request.

ROAD COSTS \$100,000 PER MILE

O. R. & N. Cutoff From Pendleton to Yaoum Nearing Completion.

Pendleton—One of the most expensive bits of road building the O. R. & N. Co. has ever undertaken is now in progress between this city and Yaoum and will be completed within the next two or three months. The work covers but 12 1/2 miles of construction but will cost approximately \$1,200,000.

The improvements in progress involve a complete change of the main line of the O. R. & N. Co. between Pendleton and Yaoum; none of the old line will be used. The work shortens the present line 1.7 miles; eliminates 1361 degrees of curvature; reduces the maximum degree of curves from 10 degrees to 4 degrees, and reduces the grade from eight-tenths of 1 per cent, uncompensated, to six-tenths of 1 per cent, compensated.

On the new line there will be one 500-foot tunnel, cutting out the horseshoe bend; a high fill and a steel bridge of two 150-foot spans with concrete piers and abutments, through the reservoir of the Furnish-Coe Irrigation company.

FARMERS WILL STUDY IRRIGATION.

Weston—Promoters of the Pine Creek irrigation project have planned a public meeting for September 16 with a view to acquainting farmers with the benefits of irrigation. It is proposed under this project to conserve the flood waters of Pine creek with an immense dam, to be built about three miles above Weston, and to irrigate thousands of acres of rich land devoted to wheat raising. Plans and maps have been prepared.

COOS COUNTY MAY GET SAWMILL.

Marshfield—It is reported that the Brookings Lumber & Box company, of California, may build a sawmill in Curry county either at Chetco or at Arch Rock. The company owns 25,000 acres of timber in Curry county.

PENDLETON PLANS "ROUND UP"

Commercial Club to Send Excursion to Wild West Show.

Two sleepers carrying Portland railroad men will go out on the fast mail on the evening of September 30, bound for Pendleton, where the railroad representatives will witness the final day's festivities in the Pendleton "roundup."

The "roundup" is advertised by Pendleton to be "wild and woolly, fast and furious." Among the frontier sports and pastimes to be shown will be broncho busting, steer roping, relay and pony express races, wild horse races, packing contests, horseback tugs of war, steer riding, horseback pistol shooting, fancy riding and roping.

HOP CROP LARGE AND GOOD.

Scarcity of Labor May Prevent Some Being Harvested.

Eugene—The hop crop about Eugene this year is large and of fine quality, but the help is so scarce that it is doubtful if some of the growers will be able to harvest their crop. Hop picking is now in full blast in the most important yards, and on account of the dry weather the hops have developed to a large size with very few leaves, so that picking is easy. In the Robert Hayes yard 150 more pickers could be used to advantage, and unless some unforeseen circumstance relieves the situation some of the hops in this yard cannot be harvested.

FARMERS WILL STUDY IRRIGATION.

Weston—Promoters of the Pine Creek irrigation project have planned a public meeting for September 16 with a view to acquainting farmers with the benefits of irrigation. It is proposed under this project to conserve the flood waters of Pine creek with an immense dam, to be built about three miles above Weston, and to irrigate thousands of acres of rich land devoted to wheat raising.
