

DEER ISLAND NOTES

Two or three times a week, which makes it very enjoyable during the winter months.

A couple of small strips of land in this neighborhood were sold recently for over \$300 an acre.

Mr. James Galttens and family have returned to Deer Island for the winter. Mrs. Razy and daughters have also returned home to spend the winter with her mother.

Mr. Ed Barnes has returned to Deer Island for the winter, in king hale and hearty. Mr. Dow has been confined to his bed for some time, but we are all glad to learn that he is now able to get around again. There are now some ten or twelve men busy clearing more land on the Thompson Estate—Love-well, the photographer, has taken some grand pictures of scenes in and around this place. Conspicuous in the street scene of Deer Island is Clarence Shep-ard with his span of moving draft horses in the act of moving Baited Hay.

Mrs. Board Hull and sister-in-law from Indiana, who is now visiting her, made a trip to Seaside Sunday. Mr. George Bacon and his son Harold were visitors here Tuesday. The school house in the western district is now completed. Prof. Ryan, late of Wisconsin, is installed as principal. Mrs. E. King has been visiting Mrs. G. Kelly of St. Helens for a few days. A surprise was given to N. A. Andrus for his birthday Saturday evening. A musical Sunday was passed with games and songs, then all were invited to the dining room, where the table was loaded with all that's good to eat. All returned home happy, wishing to Mr. Andrus many pleasant returns of the day.

Miss Davis, the principal of our school, spent Sunday with her parents at Portland. Mrs. E. Enyart and Mrs. E. Smith visited St. Helens Saturday. Mr. and Mrs. Frank Enyart of Kelso, are visiting his uncle, Steve Enyart of this place. Mrs. Sam Kelly visited at Houlton Saturday. Mrs. W. Bush visited her sister, Mrs. Cox of Scappoose, this week. Mrs. Razy and daughters have returned from Anboy, Wash., where they have been all summer. Gus Jasper returned Sunday after a few days' visit with his brother at Quincy. Herman Usher's smiling face was seen on our streets Sunday. Sam Kelly is laid up with the rheumatism. G. W. Bacon and son, of Hillsboro, were visiting here Tuesday.

If you enjoy a night of dancing in a grand and spacious hall, on the nineteenth of November attend the Artisan Ball. The Deer Island Brotherhood are sure to spread their fame. For a welcome and good treatment come once; you'll come again.

The Savers Club of the Columbia County Bank numbers over five hundred pleased depositors who have put their savings in that bank. Is your account there? Begin today.

If you want to get ahead you must help push. The Columbia County Bank will point the way. 4 per cent.

The residents of Dutch Canyon, near Scappoose, have ever since the town event dry, had their beer shipped in by the steamer America, but of late the losses that had to be made good by the Transportation Company have been in excess of the freight received, as there were a number of thirsty ones besides those to whom the kegs were con-signed. Puffer Holman tired of this and engaged Lon Hartman, the Portland de-lective, to look into the matter. On Monday last he saw four men getting away with some of the contents of the America's warehouse and, as he was pretty sure of their identity, came to St. Helens and secured a warrant for their arrest. Sheriff White went to Scap-poose immediately and at the residence of Peter Lousignout found a keg of beer that is supposed to be one of the missing, and arrested George Lousignout, Abe Browning and E. T. Gore. A warrant was also issued for Gus John on but in some manner he got wind of the officer's presence in the neighborhood and made himself scarce, leaving in such a hurry that he forgot to take his hat. At the same time that the keg which is now in charge of the authorities was taken from the warehouse a box of groceries and another keg was also removed. The hearing of the parties arrested will be had here today before Justice of the Peace H. P. Watkins.

Over five hundred depositors have enough confidence in The Columbia County Bank to ask that bank to help them save. Are you one? Become one this week.

It is nearly time for the school clerks to begin taking the census of the children in their districts and this week County School Superintendent Collins mailed them the blanks and instructions for the work. Blanks are also being sent out for the purpose of levying a special tax. All special taxes levied should be reported before the tenth of December. This matter caused one district in the county a lot of inconvenience last year. Formerly the law required that the tax be reported by January first, but to get the money collected it must be reported at an earlier date this year.

The personal interest The Columbia County Bank takes in your affairs if you are a depositor with that bank is worth much to you.

A social will be given at the school house on Wednesday evening Nov. 23. There will be a short program and something to eat. A good time is assured.

Harry Sherman, of Sherman Bros. Lumber Co., paid a visit to the Mill office this week. The Sherman Mill is not at present running a full crew, as they are working altogether on local orders, but they expect to open up again in full force in the spring.

August Scholz passed away at the Good Samaritan Hospital last Wednes-day at the age of 68, the cause being a complication of illnesses, principal among which was partial paralysis. He had been sick for some time, the first attack of paralysis coming on about one year ago, and he was taken to the hospital three weeks ago. The funeral was con-ducted by the local lodge A. F. and A. M., of which he had been a member for about three years, on Thursday at 12:30. Mr. Scholz's past history would be very interesting if it could be given in full. Born in a small village in Germany, he had traveled extensively before settling in this section. He spent some time in surveying in Turkey and Roumania, and when he first came to the United States he was a railroad engineer in the State of Kansas. Becoming color blind, he had to change his occupation, and went from Kansas into Montana and Idaho, where he engaged in various oc-cupations, coming to St. Helens about eight years ago. Here he was em-ployed by the Oregon Wood Company, while they operated, and when this em-ployment gave out he purchased a small place back of Houlton, ranching a por-tion of the time and working at this place. Mr. Scholz was a Catholic, and a good man in every way. He joined the Masonic lodge while in Kansas and at the time of his death was a Royal Arch Mason.

Every man would like to be a bit better off. Come to The Columbia County Bank, the oldest in the county, and learn how.

Mr. A. D. Richardson was called to Portland on Tuesday last on account of the serious illness of his mother. At last reports Mrs. Richardson was slightly improved.
