

THE OREGON MIST

VOL. XXX.

ST. HELENS, OREGON, FRIDAY, MAY 6, 1911.

NO. 24

ST. HELENS WINS

Defeat Lents in A Rattling Good Game. Stevens In Fine Form

When the boys lined up against the Montavilla "Cubs" last Sunday it was with the remembrance of the beating they gave last year and the determination to even it up, and they delivered the goods, despite the fact that the visitors had a Northwest Leaguer by the name of O'Brien in the box, and gave him good support. The leaguer did not have a thing on Virgil Stevens when it came to making the batters swing, and Stevens came through without an error, while it was due to a bad throw by O'Brien that two of the local's runs came in.

We got our first one in the second. Owens was out, but Stebick got a single and stole second. Brakke walked and Stebick scored on Perry's clout for two bases. Brakke was caught at the plate and there was nothing more doing until

Who Was Guilty of This?

the fourth, when, with two gone, Ballagh hit for two sacks, and stretched it into three when the third baseman dropped the ball. Stevens was hit by the pitcher, and when caught between second and first worked the pair of "Cubs" who started after him long enough for Ballagh to score. The visitors got their lonesome tally in the fifth. Stevens had sent two to the bench by the fan route, when the third man up knocked an easy roller to Austin. Perry fielded it nicely, took good aim at St. Helens' long form, saw double and knocked a bound off the fence. The next batter got the chance for a hit-out of the game and the chances for a shut-out were gone. In the seventh Ballagh was up first and walked, Stevens knocked a

Fanhandle Was There

slow one to O'Brien, and when the big fellow tried to catch Ballagh to second he heaved the sphere clear at the fence, Ballagh going clear around and Stevens going to third, from which place he scored when Martin dropped Austin's long fly, Austin going to third, where they managed to hold him until the inning was over.

Perry got the most hits, having two of the five made to his credit. The work of Virgil Stevens was the feature of the game. Not at any time did he weaken, but seemed to get better every inning, and at no time was he in any danger. Pembroke held him up well and seemed to take an interest in helping him out. The score was as follows:

| ST. HELENS | | MONTAVILLA "CUBS" | | | | |
|-------------|----|-------------------|-----|----|----|---|
| AB. | R. | H. | PO. | A. | E. | |
| Austin, 2b | 4 | 0 | 0 | 1 | 2 | 2 |

Clatskanie next Sunday.

In both games Stevens has pitched he has been entitled to a shut out.

Stebick and Nadeau have been a big source of strength to the team. Two such old timers are always there with the goods.

The crowd last Sunday was not what it should have been. With the Clatskanie team coming up and an excursion from that place, next Sunday will see the park filled.

Austin and Pembroke had some hard luck Sunday, but they are entitled to a few boots. They are also a pair of sluggers, and when they did not register one last Sunday they will make up for it next time.

Stebick Slid Like He Was Greased

Next Sunday none but the players, etc., will be allowed inside the netting and on the benches, as when there is a large crowd the presence of rosters on the base lines seriously interferes with the playing of the game. The order at the games for the past couple of weeks has been first-class, and it is to be hoped that it will continue so.

The Montavilla "Cubs" can play ball and are a gentlemanly bunch of fellows. They came down on the Launch Rose City and brought quite a number of friends with them. Catcher Haworth wore the end of his finger off pointing it at Umpire Laws, but it did not buy him anything. The decision of the umpires were the best we have had this year.

CITY COUNCIL

The City Council held the regular weekly meeting at the city hall last Monday night at which the following business was taken up.

Frank Gliuciflasi appeared before the council and made a verbal objection to the city leasing Oregon square to S. E. Smith.

A petition of Lena B. Deming and forty eight others objecting to the city allowing J. H. Griffiths erecting a building in St. Helens Street was considered and placed on file.

An order was made by the council to the effect that the school district be given a lease for the term of twenty five years on Washington square.

The marshal was appointed as the custodian of the City Hall.

The recorder was instructed to notify delinquents on Casenan Street to settle their assessments, and also that interest would be charged from the time of giving the first notice.

The usual grist of bills, amounting in all to \$211.25 was ordered paid.

Card of Thanks.

We wish to thank the many friends who were so kind to us at the death of our dear son and Bumgardner.

MR. AND MRS. I. BUMGARDNER AND FAMILY.

Special Car for the Presbyterian General Assembly.

A special car for the accommodation of delegates and their families who desire to attend the General Assembly of the Presbyterian church at Atlantic City, New Jersey, will be attached to Train 18 of the O.-W. R. & N. Co., leaving Portland at 10:00 a. m., May 12, 1911. Delegates to the Convention should call on our local agents for reservations.

R. N. Lovelace of Rainier was a business visitor to the county seat last Wednesday.

BUMGARDNER DEAD

Falls From Wagon While Intoxicated and Passes Away Within Twelve Hours.

While returning to Yankton in a wagon in company with Joe Sobieski last Saturday evening, at about six-thirty, Charles Bumgardner, a young man well known in this section, fell from the seat in a fit and never wholly regained consciousness. At the time of the accident he was near Sobieski's barn, and with the assistance of R. A. Dupont, Sobieski carried him to its shelter.

Every care was taken of him all night. After being in the barn a short time he partially regained consciousness, but at no time did he become entirely rational, and at about 7:30 Sunday morning he died.

Judge of the Peace Frank H. Usher summoned a jury and acted as coroner. The investigation was short and easily made, the jury returning the following verdict:

"We, the coroner's jury, in the matter of the death of Charles Bumgardner, do find as follows: That the deceased came to his death by prolonged alcoholism.

"Frank Brown, Foreman.
"L. D. James.
"G. L. Tarbell.
"N. E. Walker.
"Charles L. Lovell.
"G. R. Hyde."

Bumgardner had long been subject to epileptic fits, and it is very probable that they were in a measure responsible for his death, but if so they were brought on by intoxication. He had been drunk for over a week and it was more than his constitution could stand. Is it possible that liquor was sold to this man while he was in an intoxicated condition?

The funeral took place at Kinder's cemetery near Deer Island on Tuesday last, Rev. De Bord conducting the services. Bumgardner was a single man, but had a number of relatives in this section.

Death of Mr. Chestnut.

Mr. Chestnut died at his home near Yankton last Sunday morning aged 96 years, the cause of his death being intestinal troubles, and was buried in the Yankton cemetery on Monday. He has been a resident of the Yankton neighborhood about one year coming here from Kansas. He is survived by a wife and one son.

Boats Due Here.

During the coming week there will be a number of boats load at the docks here. Among them are three boats that have never been here before, the steam schooners Dispatch, San Pedro and Fair Oaks. The Shoshone and Yellowstone, of the McCormick Line will also take cargo at this place, while the four masted schooner Alvina is on her way here for a lumber cargo. At some time during the next month the big English tramp Elsie will load here.

New School District.

The District Boundary Board for this county, consisting of the County Court and Supt. of Schools J. H. Collins, met in the office of the County Superintendent last Wednesday and formed a new School District, taking five sections from each of Districts 30 and 43, the Yankton, and the district where the bolt camp was formerly located. This district has been needed for some time and it was due to the work of A. A. Smith and Chas. Wallis that the people of that neighborhood are to have it. At the present time there about fifteen children there and at the rate that section is settling up the number is increasing rapidly. Under the present condition of affairs it was practically impossible for the smaller children to get to a school, as the nearest one from the Wallis or Smith homes was close to three miles.

Fishing Without License.

A. T. Whitman, of Portland, was caught on Scappoose last Thursday in the act of fishing without a license, and was brought before Justice M. F. Hazen by Fred Floeter and fined \$25 and costs. It don't pay to be without this little piece of paper with so many wardens in the woods.

The eighth grade examinations in all of the larger schools in the county will take place on Thursday and Friday of next week, the eleventh and twelfth of May. This examination is probably the hardest that the school children have.

\$80.00 per month straight salary and expenses, to men with rig, to introduce our Poultry Remedies. Don't answer unless you mean business. Rareka Poultry Food Mfg. Co. Incorporated. East St. Louis, Ill.

THE CIRCUIT COURT

County Court Now in Session and Judge Eakin to Be Here Next Week

Circuit Judge Eakin will start the May term of court at the court house in this city, on Tuesday next, and there are a long list of all varieties of cases to take up his time. It is hard to tell how many of them will be disposed of, with the exception of the criminal cases, which are as follows:

State of Oregon vs. Walter Bacon. Bound over to await the action of the grand jury, charged drawing a pistol on O. A. Erickson.

State of Oregon vs. W. C. Fry, under bail to await the action of the grand jury on a charge of embezzlement from the Rainier Pythian Building Association.

State of Oregon vs. Frank Reynolds. Now in jail in Portland, under the charge of robbing a cash register of a restaurant in Rainier of the sum of twenty dollars.

State of Oregon vs. Ernest Johnson. Indicted at the last session of the grand jury, charged with the robbing of a warehouse at Scappoose.

State of Oregon vs. Ernest Lockmiller. Awaiting the action of the grand jury on a charge of assault with a dangerous weapon on the person of A. R. Sutton of Rainier.

State of Oregon vs. Anthony Apinatis. Charged with the theft of eighteen pairs of loggers shoes from the warehouse of Lou Fluhrer at Mayger, which shoes were the property of the Oregon Lumber Co.

State of Oregon vs. John Popham and Clifford Bryant, charged with riotous conduct and fighting and using profane and improper language on the public highway. Each of the defendants is now under \$100 bail.

State of Oregon vs. John De Maranville. Now on bail awaiting the action of the grand jury. Charged with a statutory offense.

There are innumerable civil and divorce suits, a few of which are given below. Owing to lack of time and space we cannot print all that are pending, but from time to time as the court makes action on the different matters The Mist will publish it.

Associated Creditor's Adjustment Co., representing the Chapman Advertising Co. vs. L. S. Thomas; suit to recover balance of \$319 on a note for \$419.

F. A. Adams vs. Astoria & Columbia River Railroad Co. Appeal from the justice court, where the plaintiff obtained damages for \$80 on account of stock killed by train.

Advance Thresher Co. vs. J. H. Griffiths; suit to recover \$152 alleged to be due.

Winifred Gibbon vs. Howard H. Gibbon. Suit for divorce.

Ida M. Harris vs. E. Seffert. Suit to recover the sum of \$700 loaned on notes to the defendant.

G. W. Hollenbeck vs. Dean Blanchard and L. S. and F. E. Thomas. Suit to recover a balance of \$500 alleged to be due on note.

State of Oregon vs. W. B. Beebe, as administrator of the estate of Anton Doering. Escheat proceedings.

J. A. Wamsley vs. L. B. Wamsley. Petition for a division of real estate owned by parties to the action.

A. J. Wright & Co. vs. Dean Blanchard et al., for title to land near Rainier.

Lizzie O. Wall vs. John Wall.

Suit for divorce.

J. T. Whitten vs. Aleane Whitten. Suit for divorce.

Wm. O. Wilson vs. Ralph Rogers et al., for title to land.

J. H. Wellington vs. Frank J. Roland.

The County Court is also in session this week and this term will be one of considerable importance. The business to be considered consists chiefly of road matters and up to Wednesday evening the following had been taken up.

The petitions of both H. R. Dibblee and T. A. Lovelace for a road were denied on account of the remonstrance filed.

The court returned the sum of \$400 paid by W. Potts for a liquor license as the license was denied.

M. Fresh resigned as road viewer and F. Glinieski was appointed to take his place.

Peter Bergerson was appointed as inspector for all special work to be done by contract in Road District 14, 15 and 16.

There are a number of petitions for new roads to be considered and also the viewers reports and field notes on five roads, all of which reports are favorable. They are as follows:

Deep Creek Road. Extends from Deep Creek to Libel's a distance of five miles. The viewers report also favors extending the survey to the bridge across the Nehalem at Mist.

Hess Road. In the upper Nehalem on a Beaver Creek.

Hankey Roads. Begins near the Van Dolah place and extends to Rice's. Will tap a large scope of good country, including the logged off lands of the Oregon Wood Company.

Howard Road. Extending due north on the section line from the steel bridge across Milton Creek near the Howard place and connecting with the Hankey road. Quincy Road. A cut off on Stewart Creek, that will change an 18 per cent grade to a 3 per cent. About a quarter of a mile long.

It is very probable that all of the above roads will be built in the near future as they are all good improvements to the county. The road from St. Helens to Pittsburg will be next—perhaps.

The Ladies Aid of the M. E. Church celebrated their fourth anniversary at the residence of Mrs. Wm. M. Ross last Monday.

The ladies of the Episcopal Guild served tea and dinner at the Guild Hall last Tuesday.

Fred Westby is putting up a nice home on his lot on Oak Street.

Fred Westby has put in a lot of new fixtures at his confectionery in this place. Between the new soda fountain and a bunch of bull pups Fred is happy all the time.

J. B. E. Bourne, of Rainier, was attending to business in St. Helens last Wednesday.

There was a show in the City Hall last night and also Tuesday and Wednesday nights. We are informed that they gave the people a very good entertainment.

The young people will meet for services at the M. E. Church Sunday evening at 6:30. All are cordially invited to attend.

The St. Helens Timber Company is installing oil burners in their locomotives. This company recently purchased a new 12x13 Willamette donkey which makes the third one that they are using in their logging operations near town.

The big Willamette donkey engine belonging to the Western Cooperaage Company has been removed from the property back of St. Helens and taken to the scene of their operations in Clatsop County. It was taken to the logging road of the St. Helens Timber Company and loaded on their train, and thus taken to the landing on the slough, where the tug Melville loaded it.

A Mr. McDonald, of Portland, has purchased the farm of John Ulmen near Yankton.

Mr. and Mrs. C. C. Masten returned from a visit to Portland on the evening train Saturday.

WILL CELEBRATE

St. Helens Wants to Entertain the United States on the 4th of July

Yes, St. Helens will celebrate and they want the whole world to come and help them out. It will be the biggest thing of the kind ever pulled off in this section and from sunrise on the fourth of July until some indefinite time during the next morning there will be plenty for the entertainment of all. The Commercial Club got together in the City Hall Wednesday night and made the above decision and there is no question but that they will deliver the goods.

A. T. Laws was appointed as Chairman of the Executive Committee and will choose his lieutenants during the present week which selections will be approved by the club at their next meeting.

Godfrey Park will be put in first class shape, a band stand erected which will be a permanent affair for the boys to play in all summer, and every effort put forth to entertain the throng which will accept the invitation of the club to partake of their hospitality.

Don't miss it. Lay your plans now for the big national holiday. All the features of the Fourth that go to make it a big day and a thoroughly enjoyable one will be looked after, and if you do not come we can only sympathize with you.

The club also talked over the high school matter and at the June election it will be voted on, and will most certainly carry. The present building is altogether inadequate for our present needs and the high school should take the place of it. The old building can be disposed of for considerably more than it cost.

New Fire Company.

A roving good meeting was held this week for the purpose of getting together on the matter of organizing a new fire department, and the perfecting of such an organization will be taken up at the City Hall Wednesday night in connection with the Commercial Club meeting.

Every business man in the city should be there, as well as those who will become active members.

Joe Holliday made his regular weekly trip to St. Helens to take in the baseball game last Sunday. A good portion of the crowd at the games came from around the country out of St. Helens. Emmett Stevens brought a load of Scappoose people down in his automobile.

Farmers were not the only ones to be benefited by the rain this week. While they were in serious need of it, it was also a boon to Jack DSpain and his crew of good road artists, furnishing, as it did, an excellent chance to roll down the rock on Columbia and St. Helens streets. There has also been a gang at work on the Strand, clearing away the rock that has been an eyesore ever since the water ditch was put in.

Game Warden Floeter manages to drop into St. Helens every few days to see how the people are getting along. He assured the editor that if he would come out into his neighborhood fishing without a license he would see that he would see that he got back to his home town in safety. We will take his word for it.

Mr. and Mrs. David Davis of Portland visited over Sunday with Mrs. Davis' parents, Mr. and Mrs. R. Cox. Mr. Davis is still with the Timberman, but each month as soon as the issue of the paper is in the mail Davis likes to have a visit with the old folks and his friends in St. Helens.

U. A. to Entertain.

Houlton Assembly No. 80 of the United Artisans will entertain the public at the Acme Hall on Friday evening, May 19th, instead of May 5th. There will be a short program and home talent play.

Dr. J. B. Olmstead, Supreme Medical Examiner will give a short lecture and if you have never heard the Dr. come and let him entertain you in his jovial manner. Refreshments will be served after the entertainment.

Report of School District No. 20.
