RAINIER WINS

Rainier won from Kelso in a game that was exciting from start to finish and that was won in the last inning, score 6 to 5. The game was featured by Winterbotham's pitching and also that of McCorkle for five innings. The latter weakened and Rainier found him for eight hits in three innings. Kirby hit a home run, while Owens, Wilde, Graunigan, Winterbotham and Heberden were heavy hitters.

ON THE HOG

Somebody down at the plant of the St. Helens Mill Co. is going to be put on the hog, and that very shortly. There has been a charge made in the methods there that absulutely requires that such be the case. There have been several men getting the "hog" in shape during the past week, and when he is turned loose it will take two or three Greeks to keep him going.

As a goer this "hog" beats any Fourth of July greased pig that was ever turned loose. It is in the nature of a crusher and all of the slabs and waste except only that sold around town will be run through the "hog" and made into saw dust to be sold by the scow load to some Portland fuel company. This will net the mill company a large sum in the course of a year and is comparatively a new thing in this section. The waste comes out on the river side of the mill and instead of burning it as many of the mills do it is put in the hog and from is carried on a conveyor to a scow, thus loading with a very little handling and at a minimum expense.

There are a number of other things at the plant that are of interest. The big machine shop is in operation and can handle the heaviest of work.

Last Saturday night there was over 5,000,000 feet of lumber on the dock, the most at any time since the mill started, an l at least half of it was sawed for foreign orders. There will be mighty little of it left two weeks from now, with the bunch of large and small boats that are due to load here. But with all of the lumber that is piled around the yard has lost nothing of its usual orderly appearance, and there is very little of the litter laying around that is usually found in mill yards, for which fact the pair of yard horses-not Mutt and Jeff-but Van Tassel and Woods, claim to be responsible and take great pride in the matter.

SCHOONER FOSTER LEAVES

The four masted schooner Lyman D. Foster left here last Saturday afternoon for Caleta Calosa, a port on the west coast of South America and near the nitrate fields of Chili. The Foster loaded a full cargo of six foot ties at the dock of the St. Helens Mill Co., and Captain Kilman, of the Foster, informs us that they are to be used in the construction of a narrow gauge railroad from the coast into the nitrate fields.

Before the boat left a Mist reported had the pleasure of a couple of hours of the Captain's company. He is an old timer in the merchant trade, and has a host of interesting and instructive tales and personal experiences. Before coming to this port on this trip he made what he believes to be a record breaking run for a wind jammer. It was as follows:

The total distance traveled is approximately 21,000 miles and the time taken just exactly seven months.

Captian Kilman has been on the Foster over 15 years, but this is his first trip to St. Helens in here, though he was here some 17 years ago in another boat, and loaded peeled piling in the slough. He made a number of acquaintances and friends, and spent most of his time in the company of Dr. Cliff. While he was here Senate Hoar made a speech at this place, and the doctor and Captain Kilman entertained him on the ship. Dr. Cliff took him out behind his fast team of trotters and the Captain says that traveling with him over the roads of that time was worse than being on his ship in the worst gale that he has met in his years of deep water travel.

Mrs. Kilman was here with her two daughters, and made a trip to Portland. The Capatin and his wife call Tacoma their home port, though his business causes him to be away the major part of the time. It is probable that the Foster will come to the Columbia for its next cargo, and they may load at this port, as a number of the boats are getting into the habit of coming here. She is the property of the Geo. R. Billings Co., though Captain Kilman has a large interest in her. The Billings company operates more than a score of sailing vessels and one steam schooner. They have large yards on the So und and build all of their own boats.

THE COUNTY EXHIBIT

During the past week many more have been added to the list to help in the display of Columbia County products.

Columbia County will have a space in the Clatsop County building about 25 ft. by 10 during the Centennial Fair.

This will be excellent opportunity to advertise the county and the commissioner will be glad to have you help in the exhibition of the products of the county.

The following selections have been made the past week.

The Caton Bros. on Sauvies Island will furnish a general exhibit of farm products.

This is an excellent ranch and under the systematic management of Mr. Caton it is certainly an ideal farm. In the production of alfalfa, beets, potatoes and numerous other vegetables it ranks at the top.

George Lamont of St. Helens brought in some very fine samples of oats and wheat.

Some very fine barley grown on Chas Muckles ranch at Warren.

Fine samples of grain of different varieties were collected from the following Yankton farmers.

S. Rock, The Maple Hill farm owned by Frank Brown, William Karth and Charles Lovell.

Ray Tarbell furnished some very fine strawberries also Mr. Stephens of Yankton.

Mr. R. P. Burns of Rainier will ship a fine selection of products to Astoria.

Rossasco, St. Helens' excellent gardner will have a fine display of vegetables.

The Commercial Clubs of Rainier, Clatskanie and St. Helens have all prepared very neat circulars describing the excellent advantages to homeseekers, which will be freely circulated during the centennial.

The handicap match at the City Hall last Saturday night between Peter Buzukos and John Berg was a treat in the way of wrestling. Berg was to throw Buzukos three times in one hour for a side bet of $500, and while he did it the accomplishing of the job was certainly no cinch, and the lighter man had the the big champion worried all the way through. The first fall was made in 24½ minutes, the second took 7 minutes and the third about 20 minutes. The crowd was the largest that ever attended a wrestling match in this city, and each man had a large backing among his own countrymen. There is talk of another match between these two at St. Helens, Berg agreeing to throw Buzukos four times in one hour this time, and Peter says that he cant do it.

EGGS FOR SETTING

C. B. Harris has some of the famous Buff Orpingtons formerly owned by O. A. Hatton, of Clark County, Washington and he has left at the Mist office the diplomas showing that his chickens got the first and second prizes at the show of the Clark County Poultry Association in 1910. The diplomas show what kind of chickens Mr. Harris has and anyone that wants eggs should call and see them. For eggs write C. B. Harris, Houlton Oregon. They cost $1.50 for a setting of fourteen.
