Our Portland Letter.

Portland, Ore., 17, (Special)-Tri-county development will be the object of a convention to be held at Arlington October 31 and the morning of November 1. Delegates will attend from Morrow, Sherman and Gilliam counties and a special car of Portland business men and officials of the Oregon Development League will go from Portland. At this convention a Tri-County Development League will be formed.

The Oregon Conservation Commission, through J. N. Teal, and the Oregon Development League, represented by Secretary C. C. Chapman, have been actively at work on plans to help these three counties. Funds have been collected by Mr. Teal for prizes to be offered farmers and farmers' children for diversified crops and steps will be taken at the convention to hold a tri-county fair next Fall. It is expected to secure the co-operation of farmers, land owners, commercial organizations and business men of these three counties and of Portland for developing that section along broad lines, with the special purpose of bringing about better crop methods and intensive farming.

Oregonians have been fairly busy the past week in welcoming new railroads. No sooner had the golden spike been driven in the new roads up the Deschutes to Bend, than Tillamook held a similar celebration marking the completion of the new Harriman road to that place from Portland. The Tillamook line will be open to traffic Nov. 1.

Montana is getting in line with other Pacific Northwest states for development. Billings, a city of less than 11,000 people, raised \$17,760 at one meeting for publicity work, during the past week. The Oregon system is spreading and this state should not fall behind others in the good work.

The O. W. R. & N. Co. will operate a farming demonstration train through Cook, Sherman, Gilliam and Morrow counties on a six-day tour, starting October 30. Scheduled stops are Ione, Hesper, Condon, Clem, Arlington, Grass Valley, Moro, Wasco, Bend, Redmond, Culver, Metolius, and Madras. The train will be known as the Hog and Field Pea Special and lectures and demonstrations on subjects of interest to farmers will be given by experts from the Oregon Agricultural College. Improved methods of agriculture and stock raising will be taught.

Portland boys will engage in another poultry-keeping contest this Winter, under the direction of the local Y. M. C. A. The competition will be started November 1, and run until February 29. Records will be kept of eggs produced and methods of housing, feeding and caring for the fowls will be told by the young poultry-

men in essays. Prof. James Dryden, head of the Department of Poultry Husbandry at the Oregon Agricultural College, will judge the work of the contestants and award prizes.
