

Terrible Suffering

Eczema All Over Baby's Body.
"When my baby was four months old his face broke out with eczema, and at sixteen months of age, his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla, and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.
Hood's Sarsaparilla cures blood diseases and builds up the system.

"I give to good fathers and mothers in trust for their children, all good little words of praise, and encouragement, and all quiet pet names and endearments, and I charge said parents to use them justly and generously, as the needs of their children may require."—From the last will and testament of Charles Lounsbury, in which he distributes his "Interest in the world" to succeeding men.

WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.
Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. Orville Rock, R. R. No. 6, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.
For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

Stayed to the End.

A fine example of coolness was given the other day by a telegraph operator at Rennes, France, while the post-office was burning. The Central post-office in Paris received from them the following message: "The postoffice is on fire on the floor below us, where the telephone cabins have been burned. We will leave when the flames reach our floor." Soon after all were obliged to escape to the basement.

What She Supposed.

Shortly after Sir Lawrence Alma-Tadema, R. A., was knighted, he and Lady Alma-Tadema gave an "at home" at St. John's Wood. Everybody present was congratulating them, and one lady was very profuse. "Oh, dear Sir Lawrence," she said, "I am awfully glad to hear of the honor you have received. I suppose you will give up painting and live like a gentleman."

Appeal for Native Talent.

A New York hotel man, who has just returned home after scouring Europe for cooks, complains that they are a scarce commodity abroad. The condition is one for which hotel men themselves are largely to blame. Why don't they encourage native talent in the cooking line instead of filling their kitchens with foreigners?—Rochester Democrat and Chronicle.

Indian Aristocracy.

Among the guests at an Indian dance were Mr. and Mrs. Walsingham Kick-a-hole-in-the-Tepce, Misses Gwendolyn and Cleopatra Buffalo-Fat, Miss Hayzelle Saw-the-Bear-Go-Into-a-Hole and her brother, Algonon, and Charley Fell-Off-the-Bridge, and his sisters, Claudia and Penelope.—Washington Post.

Falling of the Race.

The advice of the old lawyer to his son was that no matter what his relations with womankind he should never write a love letter and never destroy one. It is probable that this counsel of perfect wisdom fell on deaf ears, for when any particular man is consumed by a fever for any particular woman he at once commences writing love letters.

Lead to Fall of Man.

A Brooklyn magistrate has decided that cucumbers are fruit. If they would grow on a tree this would establish a workable theory that they accomplished the fall of man. They have frequently done so since.

Coming of Autumn.

Sometimes autumn may be perceived even in the early days of July. There is no other feeling like that caused by this faint, doubtful yet real perception, or rather prophecy, of the year's decay, so deliciously sweet and sad at the same time.—Nathaniel Hawthorne

Influence of Clothes.

Clothes have a most surprising influence on the mind. If you don't believe it, some day when you are tired, or perhaps blue, or even cross, take a bath, put on something dainty fresh from top to toe, and your best go-to-meeting gown, and you'll feel as if a fairy wand had suddenly touched you with some wonderful, transforming power. You'll find yourself looking at the world through a rose mist, instead of clouds of dull gray. It will be easy to smile.—Suburban Life.

A large package only 10 cents. Makes the clothes snow white. Less bother, less waste. More satisfactory results and practical economy. ASK YOUR GROCER.

Permanent Institution.

We are getting the information from Paris right along now that the corset is going to be abandoned the coming season. Every few years something of this kind is given out, but it doesn't appear to affect the corset. Paris can do almost anything with the fashions, but it has never yet been able to put the corset out of business.

Constipation causes many serious diseases. It is thoroughly cured by Doctor Pierce's Pleasant Pellets. One a laxative, three for cathartic.

Arsenic for Baking Powder.

To use arsenic instead of baking powder while she was making bread was the terrible mistake made by a native woman recently, at La Grange Bay, W. A. Five natives died from eating a portion of the loaf, and two others are recovering.

Superfine Strategy.

"Strategy in war," explained the Irish military instructor, "is when you don't let the enemy discover that the ammunition is run out, but just keep on firing."

Hits Himself in Head With Hammer.

It is just as reasonable to hit yourself in the head with a hammer to cure a headache as it is to try to cure rheumatism with alcohol. Saigrene contains absolutely no alcohol. Procurable at all druggists.

Medical Dinner.

Salle, a darky cook down in Virginia, has been taught by her mistress to cook chickens en casserole—an accomplishment in which she took great pride. It is always done on occasions of state, and Salle hunts up company to show her prowess. Sunday morning recently she came in gleefully with the remark: "Yonder come Mr. Clifford up de road to see Miss Judith. Hadn't I better cook the chicken in castor oil?"

Waterproof Glue.
To make an impermeable glue, soak ordinary glue in water until it softens, and remove it before it has lost its primitive form. After this dissolve it in linseed-oil over a slow fire until it is brought to the consistence of a jelly. This glue may be used for joining any kind of material. In addition to strength and hardness, it has the advantage of resisting the action of water.

Women and Love Letters.

It is one of the settled facts in the history of love letters that men will write and women will keep. A woman cherishes her love letters as she cherishes her mirror or her powder puff. She kisses them before she goes to bed, and presses them to her bosom before she does her hair up in the morning. She reads them for weeks and knows where to find them for years; and about the only safe thing the man who has written them can do is to marry her.

Glass Sidewalk.

For some time the city of Lyons, France, has been using glass for sidewalks instead of brick or stone. It is laid in blocks eight inches square, each block containing sixteen squares, resembling a checkerboard. It has proved more lasting than stone, and much cheaper.—Denver Municipal Facts.

Wesley's Cup Filled.

On one occasion Wesley said, while preaching in Dublin: "All crimes have been laid to my charge of which a human being is capable, except that of drunkenness." Whereupon a woman arose and shouted: "You old villain! And will you deny that you pledged your bands to Mrs. Blank for a noggin o' whiskey, and didn't she call them to our parson's wife?" After a moment of amazed silence on the part of the audience, Wesley calmly "thanked God that his cup was now full."

Dr. Pierce's Favorite Prescription

is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak. I suffered a great deal with nervous headaches, in fact, I suffered all over. This was my condition when I wrote to you for advice. After taking your 'Favorite Prescription' for about three months can say that my health was never better."

Dr. Pierce's Pleasant Pellets induce mild natural bowel movement once a day.

Old Cornwall Ceremony.

Dancing is a part of a semi-religious ceremony held at St. Ives, Cornwall, on the day of the feast of St. James. The people dance the old Cornish "Flurry" dance and "The Girl I Left Behind Me," and then sing the "Old Hundredth." After that they have a banquet and small sums of money are distributed. The custom dates from a century ago, when a fund was established for the purpose by a man named Knill. It is known as the Knill ceremony.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Paper Drinking Cups.

In the schools of Austria the children are taught to carry several sheets of writing paper in their pockets at all times. Then, when a child is thirsty, he can roll one of the sheets into a cone and make a perfectly serviceable cup which may be placed, after being used, in the nearest waste paper box. How to roll the cones deftly is taught the children. The tearing of a notch about half an inch long near one end before rolling the cone serves to make the improved cup stronger.

His Real Meaning.

When a bad-tempered man grows emphatic in his remarks and says he does not care a "curse" he means, or should mean, to be correct, that he does not care a cross, the lingual metathesis here being similar to that which makes "gooseberries" out of gorseberries.

Destroys Hair Germs

Recent discoveries have shown that falling hair is caused by germs at the roots of the hair. Therefore, to stop falling hair, you must first completely destroy these germs. Ayer's Hair Vigor, new improved formula, will certainly do this. Then leave the rest to nature.
Does not change the color of the hair.
Formula with each bottle. Show it to your doctor. Ask him about it, then do as he says.

Ayer's

Recent discoveries have also proved that dandruff is caused by germs on the scalp. Therefore, to cure dandruff, the first thing to do is to completely destroy these dandruff germs. Here, the same Ayer's Hair Vigor will give the same splendid results.
—Made by the J. C. Ayer Co., Lowell, Mass.—

Doctors' Privileges.

In the year 1813 the city of London contained only thirteen surgeons and doctors all told. They were exempt from serving on juries and from bearing arms in time of war.

Backache

is only one of many symptoms which some women endure through weakness or displacement of the womanly organs. Mrs. Lizzie White of Memphis, Tenn., wrote Dr. R. V. Pierce, as follows:

"At times I was hardly able to be on my feet. I believe I had every pain and ache a woman could have. Had a very bad case. Internal organs were very much diseased and my back was very weak.
