Glee Club Coming

St. Helens gets what it goes after. That is when the Peoples Lyceum Committee has charge. The announcement folder for the present season said concerning the Willamette University Glee Club, "If the public will show sufficient appreciation by the purchase of a large number of season tickets we shall engage them at once." That challenge was met by more than 240 season seat sales and 30 single admissions at the first number. In return for such an enthusiastic support the committee at once wired the Glee Club for a date. Original plan contemplated having the Club here some time in March or April but it was found that the only date available si Dec. 30 hence they were contracted for that time. The Glee Club is certain to be the most popular number on the course. The enthusiasm twenty five or thirty young college men vented in comic song and cheer is simply irresistible.
