### ORDINANCE NO—

An ordinance requiring all houses within certain distances of a constructed sewer within the City of St. Helens, to connect with same; providing notice to the owner or agent of such property, fixing a penalty for a violation thereof, and providing a method of enforcing such connection, and declaring an emergency.

The City of St. Helens does ordain as follows:

Sec. 1—The owner or agent of any house or building on any lot or lots located within a sewer district and not more than 100 feet of any sewer already constructed, shall, at his own expense connect the said house or houses with such sewer upon notice given by the Council as in this ordinance provided.

Sec. 2—Whenever it shall become known to the Council, either upon notification of any private citizen or through public notoriety, that any building or buildings within such distance from any sewer is not connected and that any filth or dirt is accumulating on any yard, premises or street from any such premises, the Council may, by motion or resolution, instruct the City Recorder, under the seal of the City, to notify the owner, agent or person in charge of any such premises, to make connections with any such sewer, within a certain number of days, not less than 10, which said notice shall be served by the Marshal and a copy thereof with a certificate of such service thereon, filed in the office of the Recorder.

Sec. 3—If any person or persons, owning or acting as agent for the owners, fail or neglect to make such connections within the time specified in said notice, after due service thereof, and as a result thereof any filth or refuse matter shall accumulate in or upon said premises or on any street abutting thereon, such person or persons, either the owner or agent, shall be subject to arrest and upon conviction thereof before the Recorder shall be deemed guilty of a misdemeanor and shall be fined in any sum not less than \$1.00 nor more than \$50.00.

Sec. 4—In addition to the penalty prescribed in Section 3 of this ordinance, or in lieu thereof, if the person or persons, either as owner or agent of the owner of such premises fail to make the connections as prescribed in Section 1 hereof within the time specified in the notice as prescribed in Sec 2, the Council may order the Marshal or other officer or committee of the council to cause the same to be done and for the purposes of carrying this into effect any such Marshal or officer or committee of the council or those working under them, shall be and are hereby authorized to enter upon any premises and make any necessary cuts, ditches or other works to make such connections without being deemed guilty of trespass, and when any such connections are made under the direction of the council an itemized bill of the expenses of such work and material used in the making of such connections shall be filed with the Recorder and by him placed in the docket of city liens as a charge against the property and if not so paid shall be collected as other street and sewer improvements are collected in the city.

Sec. 5—Inasmuch as there are sev-

eral locations in the City where filth and disease breeding germs are accumulating which could be avoided by proper sewer connections and the public health is endangered thereby, it is hereby declared that for the protection of the public peace health and safety it is necessary that this ordinance shall become effective at once, an emergency is hereby declared to exist and this ordinance shall be exempted from the provisions of the referendum and shall be in full force and effect from and after its passage by the council and approval by the mayor.

Approved, Feb. 20, 1912, A. B. Lake, acting Mayor.

Mrs. Lula Walden, of Gramlin, S. C., followed this advice. Read her letter: "I was so weak, when I first began to take Cardui, that it tired me to walk just a little. Now, I can do all the general household work, for a family of 9." Try Cardui for your troubles. It may be the very remedy you need.
