

# BRIDGE OF THE GODS IS GREATEST OF SHOWS

GRAND ROSE FESTIVAL PRODUCTION MAKING PORTLAND

Hundreds of Indians and White Persons and \$25,000 in Cash Cost of Spectacle Scheduled for June 8 and June 10.

The whole of Portland is being amazed by the preparations for the great Rose Festival production which is scheduled to take place on Multnomah Field Saturday, June 8, and Monday, June 10. The first days of the Rose Festival promise to be the most magnificent production of them all. "The Bridge of the Gods" is the magnificent spectacle that was produced by Miss Mabel Ferris at Astoria a year ago for the Centennial. Desiring to save this wonderful story of Oregon's early days a number of Portland business men subscribed \$25,000 and will stage the spectacle. There will be no attempt to make a profit for the fact that the performance is on only two days will prevent this. Although both performances are for nights, they will not interfere with any parade.

**Five Hundred Indians.** Five hundred Indians and 1200 performers will take part. There will be shown the eruption of Mt. Hood, which destroyed the great stone arch at Celilo and the bridge will be seen to totter and fall. The Indian torture fire will be shown with a victim at the stake. One hundred electric spotlights will be employed, over \$1000 being employed on the lighting alone, sufficient current being required to run the whole street car service of Portland for ten hours. There is the most daring realism.

A special train carried to Portland the whole of a small forest of fir and these were planted in the ground to give "The Bridge of the Gods" the true atmosphere. Six carloads of green leaves will be scattered for the Indian war and maidens' dances. Two thousand yards of pecc were needed for one part of the scenery, and 4000 square yards of lumber to make the scenery. The stage opening is 200 feet wide in front of the grandstand and will result in the greatest open air performance ever presented in America. The great grandstand is sheltered from winds and rain, but all indications now are for fair weather.

**Midnight Rehearsal.** Earl Dwyer is stage director of "The Bridge of the Gods" and famous dramatic critic from the whole of America have written asking for reservations for the greatest of all of the Rose Festival events.

Every one in the cast is now letter perfect and the rehearsal will conclude with a weird midnight fall dress and light rehearsal at midnight, June 7.

**Death Canoe Flames.** Taking part in the production will be a great union orchestra of 200 performers, lending dignity to the spectacle. Thousands of footlights to light up the great area of the field, lights hidden among the trees and flaming arrows are among other unique features. Multnomah's death canoe will be seen on the waters of the Columbia, bearing the giant body of the Indian warrior while the flames burn it down to the water.

"The Bridge of the Gods" is declared by all to be the most magnificent spectacle production that ever could be seen in the West, and the largest crowd that ever attended any function is expected from all over Oregon.

## SCAPPOOSE

The rapidly rising Columbia river has caused most of the lowland dairymen to seek high land pastures for their stock.

Prof. Ralston closed his school last Friday with appropriate graduating exercises. Misses Ruth Duncan and Eva Garrison having finished the 12th grade were presented with their diplomas by the board. Mr. Firze of Oregon City, gave an interesting discussion of the aims of education, and other features of the evening program were of unusual merit.

The Amity Rock crusher outfit was shipped to Magger this week. During its 6 weeks stay at Scappoose, there has been some most excellent roads built both by Supervisor's Lang & Reunsey and the good work still goes on next year.

A petition is being circulated to have established Rural Route No. 2 from Scappoose leading west and north.

The members of the Columbia Telephone Association are taking active steps to incorporate and put the Company in a good business footing.

A good number of our people are at St. Helens in attendance at the Pender trial.

Miss Mary Adams has resigned her position with Watts & Price on advice of her physician. She expects to try a dryer climate.

The fruit crop has been badly damaged by the frosts and apples will be scarce, prunes none at all, cherries in plenty.

A fire in a deserted building Monday night caused some uneasiness for a time, but at no time was there any real danger.

Mrs. O. M. Washburn is visiting with relatives in Minnesota where she will stay until Autumn.

Mrs. W. D. Carter of Portland a pioneer of 1852 is visiting at the home of Mrs. E. M. Watts during the week.

M. B. Beaver and family have rented their dairy farm and will rest during the year they are berry picking at Hood River at present.

Appropriate Memorial Day exercises were held at the Fair View cemetery on Decoration Day. The Red Men Lodge taking the lead and were aided by others who volunteered. The leading address was by Dr. Courtemen and was listened to by a large concourse gathered on the sword at the cemetery. The graves of all old soldiers and of the different Lodge members were there visited and decorated.

## Home Team Loses

In a slow and ragged game the Cathlamet loggers threw the hooks into the now slow going Wellington White Sox of St. Helens. The game was featureless aside from fighting with the "umps." The loss of the game puts St. Helens in third place with a standing of 500.

## OREGON NEWS NOTES OF GENERAL INTEREST

**Events Occurring Throughout the State During the Past Week.**

**Mining Dates Postponed.**  
Baker.—Word was received by the Baker commercial club from L. D. Malone, of the Oregon Mining Convention, that the state mining convention, which was to have been held this month, has been changed to August 6, 6 and 7, immediately following the meeting of the governors in Boise, Idaho. It is planned to bring the governors here to the convention.

**Men with Elk Meat Caught.**  
Pendleton.—Tom Willaby and Elmer Nechols were placed under arrest by Deputy Game Warden Averill near Hideaway Springs on the charge of killing elk. These are the first arrests for this offense ever made in Umatilla county. The men were taken by surprise by the deputy and in their possession was found the elk skin and some elk meat.

**Martin's Rapids to be Harnessed.**  
Eugene.—Plans for the development of 12,000 to 14,000 horsepower at Martin's Rapids on the McKenzie river, 33 miles east of Eugene, are being made by the Oregon Power company, and surveying parties in charge of C. B. Nichols, chief engineer, will go to the rapids to make further surveys. Probably \$1,000,000 will be required to develop the project.

## NEW COUNTIES PLANNED

**Bill to be Placed on Ballot by Initiative in November.**

Portland.—Creation of new counties and the consolidation of contiguous incorporated cities and towns by the people of the territory directly involved are provided for in a proposed general law which will be submitted to the voters of this state next November.

The draft of such a measure was completed at a meeting in St. Johns by a special committee, consisting of the city attorneys of Seaside, St. Johns and Cottage Grove. The members of the committee were: A. W. Norblad, of Seaside; P. C. Stroud, of St. Johns, and J. C. Johnson, of Cottage Grove.

The proposed bill provides that new counties may be created from the territory of one or more old counties, provided that the county from which territory is taken shall have remaining an area of not less than 500 square miles, a population of 2000 and property of not less than \$2,000,000 assessed valuation, and provided further that the proposed new county shall also have the same minimum as to area, population and property valuations.

The creation of a new county may be proposed by petition of 30 per cent of the legal voters residing in the territory of which it is to be composed.

## Coos Bay on Boom.

Marshfield.—Improvements in connection with the lumber industries of Coos county which have been made recently and which are now being started will aggregate in expenditure approximately \$1,500,000. Never before in the history of the locality has there been as much advancement in the way of improvements and new industries.

## LIMIT FOR INITIATIVE CLOSE

**Only One Bill Ready to go Before Voters out of 40 to 50 Discussed.**

Salem.—Although there are between 40 and 50 measures under the initiative which have been discussed with a view to bringing them before the people next November it seems probable that many of these will never reach the ballot through a failure to initiate in time.

Under the law, July 4 will be the last day on which completed petitions can be filed, and July 1 is the last day on which favorable arguments for any measure may be filed. This gives a comparatively short time for securing over 5000 names on petitions for each bill.

The only bill so far received is a proposed constitutional amendment providing for woman's suffrage. July 22 is the last day on which arguments opposing any measure may be received, and September 11 is the last day for the secretary of state to mail out initiative and referendum pamphlets. Secretary Olcott fears that there will be such a rush of petitions at the last moment it will be practically impossible for the clerks in the office to check over the names.

**Gebhardt is Freed.**  
Oregon City.—Following a dramatic hearing, Justice of the Peace Samson dismissed the charge of murder against August Gebhardt. The court held that Gebhardt shot and killed Robert Lindoy, a farmhand, in defense of himself and wife following a party at which beer was served.

Ormsby McHarg, who will conduct the fight to seat the contesting Roosevelt delegates in the Republican National Convention.

## WOMAN SUFFRAGE IN OHIO

**Power of Supreme Court Curtailed by Proposed Amendments.**

Columbus, Ohio.—Forty-two proposed constitutional amendments for ratification at special election on September 2 is the completed work of the Ohio constitutional convention, which has adjourned.

The most radical change is the limiting of the power of the supreme court. Following a campaign of days, during which women crowded the galleries of the convention hall and tons of literature were distributed over the state, the convention voted to remove the word "male" from the bill of rights in the present constitution, and thereby give votes to women.

**Parnalee Killed When Biplane Drops.**  
North Yakima, Wash.—Philip O. Parnalee, one of the Wright aviators, took the air in the teeth of a gusty west wind here Saturday afternoon for his first flight. Three minutes later his broken and lifeless body was dragged from beneath the wreckage of his biplane in an apple orchard in the lower end of Morse Valley, two miles from his starting point.

The exact cause of the disaster that plunged him 100 feet to death probably never will be known.

## Clark Gets Idaho.

Coeur d'Alene, Idaho.—Idaho will send a delegation of eight to the Democratic national convention instructed for Champ Clark.

## CUBAN REBELS SACK AND BURN VILLAGE

Havana.—General Estenoz, the real leader of the negro insurgents, has captured and burned the town of Lamaya on the branch line of the Cuban railroad, 30 miles from Santiago. A column of regulars commanded by Major Sangulilly had occupied Lamaya for two days but sallied forth in search of insurgents. Hardly had the regulars left when Estenoz with 800 men attacked the handful of regulars. Citizens armed themselves and attempted to oppose the insurgents but were compelled to retreat, losing several wounded. Estenoz then entered the town, which he sacked and burned.

Reports from the scene of hostilities say the rebel leaders continue to exact contributions of arms and money from property owners, who are mostly foreigners, under threat of applying the torch.

**Allen Glansman is Convicted.**  
Wytheville, Va.—After deliberating two hours and a half, the jury found Claude Swanson Allen guilty of murder in the second degree for the killing of Judge Thornton L. Masie at Hillsville in March, and the jury recommended that his punishment be 15 years in the penitentiary.
