PENALIZING THE SALOON

Governor West's proposal that the saloons of the state should be required to take care of the wrecks they make has the merit of exact justice. The salconn should be penalized for the minds they blight, bodies they ruin and homes they devastate. But the difficulty will be to lodge the re- Scarf Drill Olive Dunwoody, Edith sponsibility for specific cases in Pannell, Catherine McNaughton, my saloon or all saloons.

Probably the Governor means to tax the saloons for support of inebriate asylums, or for inebriates in the general insane asylum. We favor taxing the saloons all the traffic will bearevery cent, every farthing. But taxing the saloon more than the traffic will bear means fewer saloons and more speak-easies, deadfalls, kitchen bars and the whole lot of secret and illicit hellholes. That means not less liquor drunk, but more, or as much; and more drunkenness, or as

We tax the saloons heavily now as a salve to conscience and as a contribution to the public funds as a sort of offset to the harm liquor does. If the Governor can find a way to put the whole compensatory burden on the saloon, in the same way that other industries must care for their wounded and maimed, The Oregonian will be with him. - Oregonian.
