Each and Every One a Speed Shell

The speed that breaks your targets nearer the trap. That's why *Remington-UMC* Steel Lined Shells have won 13 out of the 15 Handicaps held in the last three years.

The speed that gets that mile-a-minute "duck" with a shorter lead—that's why it takes over 50,000 dealers to handle the demand for *Remington-UMC* Steel Lined Shells.

The Shooting fraternity are speed wise. They know loose smokeless powder won't drive shot. They know that the drive depends on the compression.

The powder charge in *Remington-UMC* shells is gripped in steel. This lining is designed to give the exact compression necessary to send the load to the mark quickest. It insures speed—the same speed in every shell.

The steel lining is moisture proof—no dampness can get through. Jar proof—no powder can get out. Waste proof—no energy is lost.

CARNIVAL SPIRIT FILLS THE AIR

HIGH SCHOOL STUDENTS WORKING HARD ON BIG ATTRACTION

The very air about the high school is surcharged with the spirit of the big carnival which is to be given by the students and teachers on Friday evening October 18 for the purpose of raising funds for athletics, debating, etc. Each student in the high school has been assigned to a place of responsibility, either as side show manager, side-show feature, or member of the minstrel band. The enrollment of the high school was even thirty Tuesday. Miss Sarah Burns has entered the senior class, making three to graduate this year. Her sister, Margaret, has entered the junior class, each, having had their previous high school work in Iowa. Virgil Hatton and Zina LeMont, well known local boys entered high scool Monday.

One of the most important acts of the high school student organization this year was taken Monday morning when the members voted unanimously to join the Oregon State Interscholastic Debating league. This means that St. Helens will be in the series of debates by which the state championship is to be determined.

The girls of the Home Arts class of the high school received with enthusiasm the announcement early in the week that Mrs. Edwin Ross would give them one period each week for several months in the art of sewing. The work with which Mrs. Ross was started Thursday and will include the making of a handmade, rolled hemmed apron and especially fine linen darning. As Mrs. Ross is an adept at needlecraft this work will be of unusual value to the girls.

STUDENT LOCAL

Several students and teachers enjoyed a rare treat Saturday afternoon when Berlin Yeomans and Ed Ballagh invited them to a launch party. Singing and much jollity marked the passing hours as the launch glided over the smooth bosom of the blue Columbia from the dock to the shipyards, the creosoting plant, and down almost to Deer Island.

PERSONAL

Mr. and Mrs. C. C. Masten and Mr. and Mrs. J. S. Masten made a trip last Sunday in L. R. Rutherford's automobile to the old Masten homestead in Washington County near Hillsboro. Mr. J. S. Masten crossed the plains and filed on a homestead in 1850. Mr. and Mrs. Masten had not visited their old home for thirty-eight years.
