Steel Lined SHOT SHELLS

Surer Cleaner Shooting Arrow and Nitro Clubs--the Speed Shells

Surer because speedier. The steel lining grips the powder charge with just the exact compression that puts every ounce of drive into the shot.

Cleaner because the "factory loaded" pattern hasn't a hole or a "wing tip" in it. And, too, Eastern factory loading means uniformity—every shell shoots alike.

Short Arrow and Nitro Club steel lined Eastern Factory Loaded Shells for speed plus pattern in any make of shotgun.
