Osteopathic Pebbles

Colds, laryngitis, pneumonia are cut short, aborted and lose their sting in cases where an osteopath is promptly called; then he is your timely friend.

Did it ever occur to you that the delicate mechanism of the human body is often thrown out of gear and that these slips, twists, and strains are the causes of most ailments?

The machinery of life would groan hideously were it not for osteopathy to oil the wheels to prevent friction, and adjust mechanical disorders to prevent pain and sickness.
