FAR-REACHING PLANS OF WAR

Japanese are Planning a Campaign that will Reach to Lake Baikal--Spies are Captured.

Port Arthur, April 4—Spies with maps and notes have been captured at several points in Eastern Siberia, in the direction of Lake Baikal. This leads to the belief that the Japanese are ambitious to extend their invasion as far as Lake Baikal.

WILL MAKE A STAND
Paris, April 4—Reports received this morning state the Russians do not intend to leave Wiju without a hard struggle. However, the nearest Japanese are five miles away from Wiju. Wiju is at the mouth of the Yalu, the boundary between Korea and Manchuria.

BALTIC FLEET TO FAR EAST
St. Petersburg, April 4—The czar

has decided that the Baltic fleet may sail for the Far East July 15 at the latest. Great Britain has sent assurances the fleet will be allowed to pass the Suez canal. The ice in Lake Baikal has begun to break, gaps of 40 yards appearing.

Near South Pole.

London, April 2—The success of Captain Scott, of the British Antarctic steamship Discovery, now at Lyttelton, New Zealand, in getting within 500 miles of the South Pole and bringing out his expedition in safety, after an absence of 2 1/2 years, with the loss of only a single life, calls out much

congratulatory comment in the news papers.

The captain's interesting narrative to the Daily Mail, the substance of which was cabled to the Associated Press this morning, and other details published have whetted the appetite of the scientists who are eagerly waiting further information in regard to the results obtained. It is hardly anticipated, however, that much more will be given out until Capt. Scott reports to the Royal Geographical Society.

Under Sealed Orders.

DENVER, April 2—A Republican special from Telluride says:

A detachment of 300 troops will leave here at 10.30 o'clock tonight on two special trains for Ridgway, under sealed orders. They are under the command of Colonel Barnum and Major Naylor. It is rumored they are going to make the expected cleanup of agitators in the San Juan district and that many men will be deported. Four alleged agitators, names unknown, came in on the evening train tonight and were promptly lodged in jail.

Fred Sheets spent Sunday in Union visiting his sister, Mrs. Mabel Gates, and other friends. He was accompanied home by his younger sister Miss Evalone Sheets.

Congratulations.

Mr. John H. Oullom, Editor of the Garland, Texas, News, has written a laudatory congratulatory to the manufacturer of Chamberlain's Cough Remedy, as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results." For Sale by all druggists.

There will be no peaches nor apricots on Dry creek this year, and likely not anywhere in this vicinity. Ben Walden brought in this week some buds from a Dry creek orchard that were killed by frost this spring and are now falling from the trees. He says there will be no crop of this class of fruit, but apples are uninjured.—Pendleton Tribune

Sued for Stumpage

A case was tried before the Justice of the Peace at Island City yesterday on a charge of venue from Justice Grant's court, in which A. Calobina sued Jas. Flynn for stumpage from which wood had been taken, at 50 cents per cord. Flynn set up in his answer that part of the wood was dry wood which had been given to him and the balance he claimed the price agreed upon was 25 cents per cord, and also set up a counter claim for work done. The Justice took the matter under advisement and will render his decision later.

MILTON BOY FALLS TO INSTANT DEATH

Neck Broken and Skull Crushed—Was Playing in Empty Elevator—Death was Instantaneous.

Milton, April 4—Johnny Reynolds, aged 9 years, fell 80 feet from an upper window in the elevator at the O. R. & N. depot, and was instantly killed this morning, his neck being broken in the fall.

The accident happened at 10:30. The boy was playing in the upper story of the elevator, with several other boys and as he fell out of the window, his screams attracted the attention of persons in the vicinity.

His body turned over and over in its descent to the ground, his skull being crushed and his neck also broken, death was instantaneous.

He was the son of O. H. Reynolds, proprietor of the Freewater hotel. The elevator is vacant at this time and has been used as a playground for all the small boys in the vicinity. Repeated warnings against this practice have been issued by the authorities to the parents living in the town of Freewater and Milton.

Want Stock Ordinance

Some of the most influential residents of Old Town are agitating the question of allowing stock to run at large in their part of the city. As the matter now stands, stock may perambulate along the street, either in the roadway or on the side walk, at will, provided they do not begin the search for stray morsels earlier than 6 a. m. and do not stay out later than seven in the evening; provided, that said stock shall not wander farther north than the south side of K street.

Some years ago section 2 of the city stock law was amended so as to leave Old Town at the mercy of "horses, oxen, mules and chukons." This was done as the instance of a considerable number of petitioners of that portion of the town, and since there every effort to again have that section included in the impending ordinance has been defeated.

It is probable that the matter will be brought before the city council tomorrow night, and it is equally probable that the residents of Old Town will again divide on the question.

A Nutmeg Match

The comedy-drama "A Nutmeg Match," which was played at Stewards Opera house last night under the auspices of the band, was all that had been promised by the management.

From the rise of the curtain upon the first act until the fall upon the last there was not a dry moment in the play. A continuous round of applause gave evidence of the appreciation of the audience.

The play will be repeated tonight and every seat in the opera house should be taken.

The band is an institution which deserves the patronage of every patriotic citizen.

Women's Diamond Special \$3.00 Shoes.

"The strenuous life of the outdoor girl has had its effect on the footwear man. The needs of the up-to-date maiden are no longer met by a dainty shoe with only its beauty to commend it. A trim, shapely shoe she must have,—graceful in its lines as a Louis Quinze slipper, but it must be built to stand hard knocks of pavement and field. From out of the sturdy west comes a shoe that meets this requirement. It rejoices in the name of "Diamond Special" and is much in evidence."—New York Sun.
