McKinley's Good Sature. The late President McKinley's relaspeculation that he might possibly get some snapshots of the chief executive

EP DIVITED THE PHOTOMAPHER TO COME

lays the enterprising camera man had hard luck, for the crretaker of the place kept him out of photographing distance from the president. Then by good luck he met McKinley face to face and told him what he wanted. "Is it of great consequence to you to get these pictures?" queried McKinley Being assured that it was, he invited the photographer to come along and bring bis camera at once. Then both Mr. McKinley and bis wife posed as many times as the photographer asked them to, greatly to the latter's delight and profit as a matter of course.

How to Prevent Bed Sores To prevent bed sores rub a little methylated spirit every day into the parts soonest affected, using the paim f your hand and rubbing very gently the spirit evaporates.

the late President McKinley's rela-tions with the newspaper correspond-ents were almost always cordial, and he never seemed half so anxious to keep them aloof as his attendants were. One of his last vacations as president was taken in the Adirondacks. Thither went a newspaper photographer on the speculation that he might possibly get appeculation that he might possibly get alould be handshed from the sick room. should be banished from the sick room To air the room without giving the pe tien cold place he extra blanket or coverlet over the bed, draw the sheet ap over the patient's head and face and let a strong draft blow through the room for a few minutes. This will effectually dislodge any layers of tou air that may have collected. Continuous ventilation should be maintained both day and night by means of sa open window in an adjoining room, the door between being kept open.

> By applying kerosene with a rag when you are about to put your stoves away for the summer it will preven them from rusting. Treat your farm ing implements in the same way be fore you lay them aside in the full,

Alcohol In Medicine. Our own opinion, which we have fre quently set forth, is that elcoholic bev-erages are of value in certain forms of

disease and that their value depends not so much open the alcohol, but upor the vinous ethers which these bever ages contain or should contain. No medical man doubts that intemperance in alcohol is an appailing factor in the spread of crime, disease and poverty and it is undoubtedly the duty of the medical profession to endeavor to stay the carse of drink by every means to its power.—London Lances.

Packing Pastry.

Instead of putting away pastry, such as cheese cakes, jam tarts, etc., held in reserve in a large tin and fetchin; out when wanted it will be found mor out when wanted it will be found more convenient to pack about the number likely to be needed at one time in two pound biscuit tins. Line the tins with buttered paper, covering the ries care fully over and closing tightly, thur avoiding admitting air more than is necessary and also preventing breaking the edges and spoiling the appear
