

CAPTURE A THUG

Portland Detectives Capture Jack McCarty, the Notorious Safe Cracker and Thug.

Portland, Ore April 15.—At the point of a revolver in a dark alley Detectives arrested Jack McCarty the notorious safe cracker, early this morning on a charge of stealing the 10 seal skin jackets from the store of G. P. Rummelin & Son last Sunday night. McCarty was carrying one of the jackets when he was arrested.

When McCarty became aware of the fact that he was being followed he pulled a gun on the detectives but was too slow. Detective K. Rrigan beating him at his own game. McCarty dropped his gun and was taken into custody.

Baker Floods.

Baker City, April 15.—The flood situation in Baker county remains bad. Sampter is still isolated. The Sampter Valley Company is unable to run trains. Attempts were made yesterday to get a train through, but the tracks are covered to such a depth that the attempt was abandoned. Two bridges in the upper valley have gone out and another is in a dangerous shape. It will probably be full a week before traffic is resumed. Freight trains are hauling freight supplies for the Upper Camp.

The Powder River at Baker City is slowly receding. All danger of a flood is passed.

Many basements in this city were flooded last night.

According to long distance telephonic advices to the Evening Herald from Sampter today, the first mail in three days arrived there this morning, having been sent by stage from this city to Lockhart Station and from there on by a special Sampter Valley engine from Whitney. Return mail was sent down by the same route.

Work of Mob

Washington, April 15.—President Roosevelt today sent to Congress a message recommending an appropriation of \$25,000 to compensate William R. Radloff a British subject for loss of property by a mob in Colorado in 1901.

PORT IS SEALED

Entrance to Port Arthur Blocked by Wreck of Petropavlovsk so Ships Can Not Enter.

St. Petersburg, April 15.—Rumors are current here that Admiral Togo sent in a number of vessels on the night of March 31 (old style calendar) and succeeded in sinking them and blocking the entrance at Port Arthur. The rumors can not be confirmed this morning (The date referred to by the correspondents in the above dispatch is March 31, according to the old style calendar, by which the event would have taken place on April 13, according to the new style calendar.)

London, April 15.—A dispatch to the Standard from Tokio says it is believed the entrance to Port Arthur is

blocked by the wreck of the Petropavlovsk and that other Russian warships are unable to enter. The dispatch adds that fighting is still proceeding, but the outcome can not be predicted.

A dispatch to the Express from Newchwang says the naval disaster yesterday has completely demoralized the defenders of Port Arthur. The confidence inspired by Admiral Makaroff has entirely evaporated. The gloomiest forebodings are expressed regarding the fate of the stronghold and the possibility of Admiral Togo following up his advantage with another attack.

Hearst Sued

San Francisco April 15.—Joaquin Miller, the venerable poet of the Sierras, came over to San Francisco yesterday for two purposes, to meet Thomas Nelson Page, the celebrated Southern novelist, at the Bohemian Club, and to sue William Randolph Hearst for \$3900 alleged to be overdue for services rendered to Hearst's newspapers on a contract as correspondent in China during the Boxer outbreak of 1900.

A GOOD SCHEME

Walla Walla Merchants Make it Unprofitable for Outsiders to do Business in their City.

Walla Walla Wash April 15.—The fact that it costs money for an outsider to do even three days' business in Walla Walla is the rather bitter experience of A. Lovit, a stranger who arrived here this week with a cut price stock of goods, which he claimed had been shipped here by mistake. Lovit advertised that he would slaughter the consignment rather than ship it out, and inaugurated a three days' sale from today until Saturday, at one third below manufacturer's cost.

Local business men did not welcome the visitor, and his expenses began. The city assessor called, and Lovit paid city taxes. Then Chief of Police Brown assessed him \$25 a day license fee which was yielded after protest. Then came the county assessor, and Lovit is now said to look anxious whenever the door is opened.

FAVORS SALE OF OREGON LANDS

Washington April 15.—The Senate today passed Representative Herman's bill authorizing the sale of unallotted lands of the Grande Ronde reservation at auction or under sealed bids. Twenty-five thousand acres are affected.

Applies Here

What sort of heart is it that will permit the young boy or girl to sneak in premises, under cover of darkness, as if he were doing an act that he would be ashamed to commit in broad daylight, and strip a flower bed of its blossoms? A flower bed which perhaps, some aged or decrepit old lady has faithfully labored to bring to perfection that she might enjoy a few of the beauties of nature that age prevents her going out and beholding elsewhere than in her own yard. Shame on the youths who will and have committed such sneaking thievery. Why not come up in the light of day and ask for the privilege of taking what you are too indolent to cultivate, and thereby save yourselves from breaking the commandment, which says, "Thou shalt not steal."

BRIDGES ARE GONE

Bridges Washed Out on O. R. & N. Makes it Impossible for Trains from East to Get in.

Three bridges along the O. R. & N. between Baker City and Hunting or have been washed out by the high water. Many county bridges in Baker county are gone also. Trains can not get farther east than Baker City and there is no mail from the east. Owing to the wash-out of county bridges the mail cannot be carried by team. Trains stop at Baker City and short specials are made up for return. Supplies are sent to workmen on bridge gangs from this city. A special train left here yesterday with supplies for the scene of the wash-out district. It is not probable that trains can get in from the East before next Monday or Tuesday.

Pope Pius Recieves

Rome, April 15.—Dr. Lapponi authorizes the Associated Press to deny that the pope is ill. The doctor visited the pontiff this morning, as he does several times each week, but he was not called to attend the pope. The latter this morning received a number of people, including a special deputation from the British Catholic union, headed by Lord Denbigh, and conversed in the most affable manner with them. The pontiff was pleased to hear that his photograph sent to King Edward by Mr. Stoner, was most appreciated, being put in the royal sitting room, where Lord Denbigh saw it before leaving London. Lord Denbigh quoted the king as saying that he liked exceedingly the healthy benignant appearance of the pontiff.

Killed By Snowslide

Vancouver, B. C., April 15.—Thomas Downie, train dispatcher and brother of William Downie, superintendent of the C. P. railway for the Maritime provinces, and Will Dodge, son of the gold commissioner at Kootenay, were on a work train Tuesday, working to remove one snowslide, when another slide happened, killing them both.

Bar Negro Students

Kansas City, April 15.—The murder of Roy Martin, a freshman in the Kansas City (Kas.) high school, by Louis Gregory, a negro, caused a demonstration by the white pupils at the school today. When the 80 negro pupils went to school today they were prevented from entering the building by the 700 white boys, who blocked the doors. "No negro pupil can enter the building, at least until Roy Martin is buried," declared a leader among the white boys. This sentiment was echoed by the oil or white pupils and the negroes, after a brief parley, left the scene. The teachers urged the pupils not to go too far, but made no attempt to change their purpose. Gregory is in jail. No further trouble is expected.

Drowned In Log Pond

Aberdeen, Wash., April 15.—A funeral having an unusual tinge of sadness and strangeness took place at this place yesterday, when Jean Foley and Henry Schumacher, two loggers from Westner wax's camp, were buried. The bodies of the men, closely locked in each other's arms, were found in the pond Saturday evening. The cause of the double tragedy will probably never be definitely known, as there were no witnesses. One theory in regard to their death is that a boom stuck got to rolling and they became excited and fell off. Another is that one of them fell in and the other went to his rescue, and both perished. No trace of the relatives of either man has yet been found.

No Harbor Work

Washington, April 15.—The fact that the Senate committee on appropriations failed to attach to the sundry civil bill reported today any of the amendments offered by Senators Mitchell and Fulton for the improvement of Oregon rivers and harbors probably means that no appropriations will be made this season for the mouth of the Columbia, or for any other projects in the state, aside from The Dalles-Celilo Canal. The House appropriation of \$100,000 for this project is retained in the bill, and is the only river appropriation carried for the North Pacific Coast.

TO REIMBURSE SPOKANE MAN

Washington April 15.—A favorable report was made today on Representative Jones' bill to pay J. J. Peel, of Spokane, \$1041 reimbursement for money expended by him for clerk hire while postmaster at Spokane from 1886 to 1889.

MEDAL CONTEST

Under the Auspices of the W. C. T. U.—Stanley Carpy Won the Silver Medal.

The Silver Medal contest given last evening at the Methodist church under the auspices of the ladies of the W. C. T. U. drew a large crowd and they were well repaid. The contestants, six in all, young boys of about the same age and size, Francis Earle, Lewilyn Thomason, Glenn Maris, Leon Redhead, and Stanley Carpy. All received merited applause. The boys did well each and everyone. The judges were Prof. Hockenberry, Mrs. Wolf of Union and Mrs. Rachel Wastel, who awarded the medal to Stanley Carpy. The choir rendered several choice selections, Mrs. S. C. Williams and Miss Mertie Aldrich sang a duet "O Morning Land" and Mr. S. C. Williams sang "The Last Chord."

There are now six or more silver medals held by winners in various contests held in the county and sometime in the future the successful operators will compete for a gold medal.

These contests not only are valuable in developing the participants but impress the lesson of temperance among the boys and girls.
