IMPORTANT

The voters of this county should remember that all who do not vote on the county seat question are in reality voting for Union, as the law provides that before a change can be made the place asking for a change must receive 60 per cent of all the votes cast. Therefore, a ballot voted upon which the county seat question is left blank, is a vote against La Grande. This matter should be thoroughly understood.

Congratulations.

Mr. John H. Gullom, Editor of the Garland, Texas, News, has written a factures congratulations to the manufacturer of Chamberlain's Cough Remedy, as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results." For Sale by all druggists.

The World's Fair Route

One of the encouraging signs of the times in Union county, from a political point of view, is the evidence of the abandonment of the strife and contention that has for so long a time caused the sacrifice of good men who were nominated upon the republican ticket in this county. That there is a great change in this respect, seems to be conceded by many who are in a position to know; and those former leaders who have so generously stepped aside in the interests of party harmony, are entitled to much credit at this time. If the republican party is ever to win in Union county a start must be made toward that end, and it is indeed gratifying to note that the signs of the times point to that start being made this year.—Union Republican.

It is surprising what misguided ideas some people have regarding the ability of catalogue houses to furnish goods at prices far below the prices asked by local merchants. Nearly every day we hear of some one who has ordered some article from some mail order only to find that when they receive the article and pay the freight or express charges that their expected saving has resulted in an actual loss. One effort along this line is usually sufficient to demonstrate the fact that the local merchant sells his goods about right.

It will pay any citizen of this city to take an afternoon off and take a stroll or a drive over the different parts of the town. The number of new houses in course of construction, the number of new fences being built and the general air of prosperity will have a better stimulating effect than a large dose of tonic. La Grande is fast building up and a few hours spent in investigation will demonstrate the fact that the future of the city is very bright.

Four of a kind—is a pretty good hand to cards. But at the butcher's it is the kind that counts, not the four. We keep only one kind of meat, the kind that's fresh, healthy, tender and pure. They're steaks and chops here, and they'll always be right. Our stock is well-fed and properly cared for. Consequently our meat has a delicious flavor.
