It's in the cooking that makes most of the difference between a good meal and a poor one. The best food will be spoiled by poor cooking. We are so prudent to waste good victuals by poor cooking. The patrons of our restaurant are very particular people. If our dishes were not prepared as they would lose the "touch" and their patronage as well. So you can always be sure of a first-class meal here. We cannot afford to serve any other kind.
