Rock Island meals are the best on wheels

Not very good poetry, perhaps, but what it lacks in rhythm, it more than makes up in fact. And the prices are reasonable—low enough to be within the reach of people of moderate means; high enough to ensure good food, good cooking and good service. Breakfast and dinner are served on the a la carte plan—you pay for what you order. Luncheon, 50 cents.

TRAIN ROBBER NOW TALKS

More Details of O. R. & N. Hold-ups are now Forth Coming—Operations Makes Speech Possible.

(Special to the Observer)
Salem May 13—Guy Harshman, who was sent to the state prison last fall for train robbery near Portland, has always suffered from aphasia and paralysis, as the result of a bullet sent into his brain by the trusty express messenger at the time of the attack on the train. He was treated for a long time at the Good Samaritan Hospital in Portland but never recovered the use of his speech and was badly paralyzed. His scalp had healed up, but Dr. Shaw, the prison

physician, decided that there was pressure on his brain from the wound and Tuesday trepanned the man's skull. Three pieces of bone were removed from the brain, where they were bedded an inch and a half deep, and a flattened piece of lead about half an inch across was resting on his gray matter. As soon as the man recovered from the effect of the anesthetic he was able to speak coherently for the first time since he was shot.

Congratulations.

Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a factures congratulations to the manufacturer of Chamberlain's Cough Remedy, as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results." For Sale by all druggists.
