No, Adolphus! Political economy has no reference to the use of campaign funds.

The correspondent from Alice published in this issue, certainly expresses the feeling of the great majority of the heavy tax payers of the county "Now is our opportunity" by voting for La Grande they are to no expense

whatever and the actuals of during the fifteen years will easily build a court house.

A Keystone State weather prophet, Adolphus Kans by name, predicts heavy frosts during the next six weeks. Hearst or Parker?

The Baker City Herald seems to have adjusted its financial affairs and is again a welcome visitor to our exchange desk.

Wallowa county, when they moved their county seat from Joseph to Enterprise secured the use of a court house for a term of ten years free, and at the expiration of that term succeeded in renting the same building much cheaper than the county could afford to own it, at least they have never built one. This might be true in Union county after her fifteen year lease expires.

At the expiration of the fifteen years which the county will be provided with a free court house Union county will then be advanced to such an extent that if the county saw fit to build at that time, it would be in a position to build a building that would be sufficient to take care of the business for all future time. This is quite an important factor. Fifteen years will note many changes in Union county.

Promoters of wild cat mining schemes in Baker county are again entering a protest against the corporation tax law enacted by the last legislature, and will clamor for its repeal at the next session, but their clamor will fall upon dull ears. Legitimate corporations are not objecting to the tax, and since the law is bringing \$100,000 a year into the state treasury legislators will not consider favorably an effort to repeal it.—The Dalles Times Mountainer.

Mr. O. B. Shappot, one of the progressive fruit growers of the Cove was a La Grande visitor yesterday and made the Observer a very pleasant call.

Mr. Shappot has for a number of years been in favor of the removal of the county seat to La Grande and is still of the opinion, more than ever, since as he expressed it "La Grande is to furnish the county a first class modern building for a period of fifteen years at a rental of only \$1 per year." He recognizes the fact that La Grande is the only market in the valley at the present time and that the county seat would give her that much more prestige towards a city which would make a still greater market. Mr. Shappot visited the site for the new city hall and while at no time had he entertained any doubt whatever but that La Grande would do exactly what she said she would do, he was surprised to see the work that was being done at this time and the size of the foundation, and was delighted with the site. He stated that he had been informed that it was away out of town, and was surprised to know that it was just opposite the big new brick school house, where 700 children from all parts of the city attend daily.

Four of a kind—is a pretty good hand at cards. But at the butcher's it's the kind that counts, not the four. We keep only one kind of meat, the kind that's fresh, healthy, tender and juicy. Buy your steaks and chops here, and they'll always be right. Our stock is well-fed and properly cared for. Consequently our meat has a delicious flavor.
