If the county seat is moved to La Grande the county will not be compelled to hunt the town over for jury rooms, out side of the building. That will be

provided for. When the county seat is located at La Grande it will not only be a pleasure to do business with the officials but it will also be a pleasure for the officials to do business in any up-to-date and commodious quarter, for they can do so much more of it. Officials do not like to be compelled to employ any larger force than is absolutely necessary to do the work, but the work must be kept up.

Mr. farmer, during your busy time of the year when you have several teams at work, suppose you had several neighbors that would call three or four times a day and stop your entire force all the way from ten minutes to an half an hour at each visit. Would you stand for it? Well hardly. Still when it comes to the transaction of your county business, you are paying for just such service. Not because your officials are at fault but because you do not provide them with offices that make it possible to do otherwise. Every man who has had occasion to visit either the clerks or sheriffs office in this county during the past ten years well knows that under present conditions he cannot visit either of these important offices without disturbing the entire clerical force. They can't help it. No matter how busy they are. They are provided with only one room each and a small one at that. This will all be changed if the county seat is moved to La Grande.
