THURSDAY EVENING JUNE 9, 1904

Oregon's 21,000 republican majority made the president smile with satisfaction but this number will easily be increased to 25,000 in November.

Chairman Frank Baker said the state was republican by 20,000 and he certainly was in close touch with the situation throughout the various counties.

The Commercial Club should begin now and secure for this city some factory which will increase the weekly pay roll. La Grande needs more wage earners.

Let every one render all assistance possible to the Fourth of July celebration committee. This is certainly our year to celebrate and the way to celebrate properly is begun now and prepare a first class one.

Property owners should follow the example of Mr Gardner and replace their old wooden sidewalk walks with concrete. This is now too much of a city to continue the construction of plank walks. The cost is only a little more and the value is much greater.

The election is over and it now stands in our hand to get to work and see that La Grande continues to grow. The county seat all alone will not make a town, but it will help. Let

everybody help La Grande should have ten thousand people within the next four years.

Let every citizen of this city consider himself a member of the Ten Thousand Club and get to work at once. There is no earthly reason why La Grande should not have a population of ten thousand in 1908. The valley is increasing at a rapid rate and so is the town too for that matter, but if we can secure the means of giving employment to more working people the town will grow at a pace that will astonish the natives. The people will come as soon as we find something for them to do. Plenty of full dinner pails will make a town.

One of the most interesting and gratifying features of the campaign just closed has been the admirable work of State Chairman Frank C Baker. Originally chosen for his business ability, wide acquaintance, tactful address and his possession of means and leisure, he has developed in action a remarkable amount of energy, ability and skill. He has correctly apprehended the true issue as the indorsement of President Roosevelt, and has especially bent his energies to harmonizing the party with excellent effect. Through his personal letters to voters, he has induced Republicans otherwise disaffected to get into line for the Republican ticket, especially Legislative nominees. Mr Baker's original appointment was made without his solicitation but his signal success abundantly justifies the confidence of those who recommended his selection. Having established close connection with the state organization and county and precinct committees throughout the state, possibly 1000 men in all, he is in first-class shape for the Fall campaign. Mr Baker has made one of the best state chairmen the party ever had. It would be hard to find a better one.—Oregonian.

My Lady's Jewels Certainly add to her attractiveness. The poet has written that "Beauty adorned is honored the most" probably had no other. He certainly showed little sense. And if his lady love has seen my display of Dirty Broaches She would not have believed him. For a woman naturally loves to adorn herself. No one can blame her after this visit to my store. Such beautiful broaches are a cost never before seen. There are things for men too. Just come in and see how much more I can have said about them.
