

\$20 000 000 STOCK REDUCTION SALE

As we have already announced through the Evening Observer, we find ourselves with about \$20,000.00 more goods on hand than we should have at this time of the year. This surplus must be moved this month and while we realize that it is a herculean undertaking, we are determined that it SHALL MOVE. Former prices have been lost sight of--Profits have lost their attraction and in many instances origin and cost has been entirely forgotten. The all important object is to MOVE THIS STOCK AT ANY COST. We take time by the forelock--such far-reaching sales are seldom approached in July and August. We give you merchandise buying opportunities during this month--the height of the season for summer goods-- such as has never been equalled.
