Mr. John H. Cullom, Editor of the Garland, Texas, News, has written a letter of congratulations to the manufacture of Chamberlain's Cough Remedy, as follows: "Sixteen years ago when our first child was a baby he was subject to crampy spells and we would be very uneasy about him. We have five children and have given it to all of them with good results." For sale by all druggists.

HARD WALL PLASTER

Only costs about 50 per yard more than common plaster, and worth many times over.
ADVANTAGES
No danger of freezing as it can be used in zero weather
Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.
Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given
