FRIDAY EVENING JUNE 17, 1904

La Grande will celebrate in a way that will make the rest of the world look on with wonder.

The total payrolls in the city now aggregates much more than many realize, notwithstanding this fact, if a little effort on our part would secure others why not have them?

This circus was a big day for the town, but the celebration on the Fourth will be greater. This celebration will beat any circus that ever had three rings and a multitude of elephants.

The election in Oregon must have convinced President Roosevelt that things political out this way have been put in good shape and that they will stay put.—Spokesman Review.

Note for the Goddess of Liberty and make your best girl happy. This celebration will be the best ever known and the Goddess of Liberty will have something to tell her great grandchildren in years to come. You do not have to register to vote at this election.

Secretary of State F. I. Dunbar has decided to issue an official directory of the state, showing all the state and county offices

as they will appear after the first Monday in July. The list is to include the various state officers, state boards, commissions, schools and colleges, circuit judges, district attorneys and county officers.

A mattress factory would be a paying business for this town and for the parties establishing the factory. There is a field here for the product of twenty or thirty workmen the year round. Let some one who understands the business figure on this and see what can be done.

Keep thinking about industries for La Grand which will add to the labor market. La Grande needs something which will furnish employment for more working men. More shops will mean more citizens and a larger town.

La Grande will show the rest of the world how to celebrate this year. We have a celebration coming and we are going to celebrate in a way that will leave no doubt in the minds of the citizens of this county about our ability to have a good time. Arrange to come in and celebrate with us.

Property owners should not overlook the fact that the city will be crowded with people July Fourth and that the city should present the very best appearance possible. All alleys and back yards should be thoroughly cleaned up for this special occasion. The town needs cleaning up any way and this would be an excellent time to get to work.

Hundreds of farmers while in town yesterday took the time to visit the court house building. They nearly all expressed themselves as greatly surprised with the size of the building and with the amount of work already completed. All who visited the work are thoroughly satisfied that La Grande will full fill every promise made by the voters before election.

Every hitching place in the town was filled this afternoon with teams. It was also a noticeable fact that the teams were all in first class condition and that the horses as for size and breeding were far superior to the usual string of teams in any other county in the state. The Grande Ronde valley can stand comparison with any section of the state when it comes to good horses and carriages.

The fruit growers of this county should form some sort of an organization which would enable them to sell their fruit to better advantage. This organization should also see that the fruit is shipped under a common label or brand. This organization should also have some arrangement whereby all shipped from this valley though the organization would be of a uniform quality. By this means fruit bearing the organizations brand would find a ready market, and would also be a lasting and beneficial advertisement for the valley.

One of our leading business men in the city complemented the Observer in its efforts, along the line of suggesting and advocating that this city endeavor to secure industries that will provide steady payrolls. From personal knowledge, this gentleman among the many possibilities suggested that a wire mattress factory, was one that required very little capital and at the same time would employ several people, and the product would be in steady demand. There are many things that could be profitably manufactured in this city, and a little effort upon our part would secure them. The Commercial Club is the proper medium to start such things.

My Lady's Jewels

Certainly add to her attractiveness. The poet who wrote that "Beauty adorned is adorned the most" probably had in mind, He certainly showed little sense. And if his lady love had seen my display of

Dainty Broaches

She would not have believed him. For a man naturally loves to adorn himself. No one can blame her after she has seen my store. Such beautiful things at so moderate a cost were never seen before. There are things for men too. Just come in and see how much more I could have said about them.
