Band Concert

Last evening La Grande band gave an open air concert, on the corner of Adams Avenue and Fir street, which was listened to with delight by an immense congregation of residents and visitors to the city. Instructor Hendricks had the boys render some well selected pieces of music, and they were certainly rendered in an artistic manner. Instructor Hendricks should be proud of the rapid progress the boys are making, the members of the band are should be proud of their capable instructor, and the residents of La Grande should be proud of both band and instructor, as few cities this size have such an excellent band.

HARD WALL PLASTER

Only costs about 50 per yard more than common plaster, and worth many times over.

ADVANTAGES

No danger of freezing as it can be used in zero weather Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given

My Lady's Jewels

Certainly add to her attractiveness. The poet who wrote that "Beauty adorned is adorned the most" probably had no dollars. He certainly showed little sense. And if his lady love had seen my display of Dainty Brooches She would not have believed him. For a woman naturally loves to adorn herself. No one can blame her after they visit my store. Such beautiful things at so moderate a cost were never seen before. There are things for men too. Just come in and see how much more I could have said about them.
