## NEW SYSTEM

Telephone Co. will ask Patrons a Slight Advance to Cover Expense of Change.

In a few days a solicitor will be here for the Telephone Co., who will call upon the members of the local exchange and ask them to exchange their present contracts with the company for new ones. The new contracts will call for a slightly higher rate than the ones now in existence. The advance will be but very little higher than at present, but the company offers, for and in consideration for this advance to put in an entirely new and modern equipment. The proposed equipment will be the best in the state, with one exception, the one which will soon be in operation at Pendleton. The Pendleton exchange will be similar to the one proposed for La Grande. The citizens of Pendleton were only too glad to exchange their old contracts for the new ones, and many of the citizens of this place have expressed themselves as perfectly willing to do the same. We certainly need a better and more modern equipment here and it only remains for the members of the exchange to signify their willingness to the slight advance in rates to secure for La Grande a telephone service superior to anything in the state with the above exception.

### Official Changes

It is persistently rumored in railroad circles and has not been denied that in the very near future, important changes in the official roster of the Harriman lines in Oregon will be made.

According to the report now widely circulated among railroad men, J. P. O'Brien, the efficient and popular superintendent of the O.R. & N. system, will be made general superintendent of the Harriman lines north of California and west of Huntington, including the O.R. & N. system in Oregon and Washington and the Southern Pacific system in Oregon.

The same rumor says that M. J. Buckley now assistant superintendent of the O.R. & N. at La Grande, will go to Portland as Mr. O'Brien's successor as superintendent of the O.R. & N. system.

Following the order of the changes on down the line, it is said that J. D. Matheson now mechanical foreman at La Grande will be assistant superintendent at La Grande in Mr. Buckley's place.

### Fixing Up For The Fourth

The business men occupying the houses on the East side of Washington Street from the corner of Jefferson Street to the alley intersecting the block, are having fir and spruce trees brought from the forest for the purpose of placing them at the edge of the sidewalk along this part of the street during the Fourth of July celebration.

The space to be thus covered is about one hundred and thirty feet, and the trees used about twelve feet high. The trees will be placed as close together as possible so as to form a perfect shade during the afternoon and will be pleasing to the eye as well as an attractive decoration for the celebration.

### Osteopathic Jubilee

All the friends of Osteopathy are cordially invited to participate in the celebration of "Osteopathic Day," July 12, at the Louisiana Purchase Exposition. Public exercises will be held that day under the auspices of the American Osteopathic Association and the Exposition officials in Music Hall Headquarters for the profession will be at the "Inn-side Inn." A five-day meeting of the profession will follow.

## HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

### ADVANTAGES

No danger of freezing as it can be used in zero weather.

Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non-conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common

lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.

Special Excursion to the World's Fair.

The Denver and Rio Grande, in connection with the Missouri Pacific, will run a series of personally conducted excursions to the World's fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points enroute. The first of these excursions will leave Portland June 7, and the second June 17. The rate from La Grande will be \$20 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning by a different route. This is the most pleasant way, as well as the most delightful route to cross the continent. The stops arranged give an opportunity of visiting in and about Kansas City. If you wish to accompany one of these excursions write at once to W. C. Mc Bride, 124 Third street, Portland, for Sleeping car reservations.

### My Lady's Jewels

Certainly add to her attractiveness. The poet who wrote that "Beauty adorned is adorned the most" probably had no dollars. He certainly showed little sense. And if his lady love had seen my display of

Most people don't know what economy means. Merely pinching the price isn't economy. Real economy thinks last of price and first of QUALITY.

Economy is in what you get, not in what you pay. Saving money at the expense of QUALITY isn't economy, it is extravagance. When we buy our goods we look first to QUALITY both in material and workmanship. When we sell our goods we give you good QUALITY at prices that are never higher than such goods are worth. The best QUALITY shoes are cheapest in the end by far.
