Most people don't know what economy means. Merely pinching the price isn't economy. Real economy thinks least of price and first of QUALITY.

Economy is in what you get, not in what you pay. Saving money at the expense of QUALITY isn't economy, it is extravagance.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over. ADVANTAGES

No danger of freezing as it can be used in zero weather Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrods. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister. Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given. E. REISLAND, Phone 371

are, giving three years in which to pay for it. Our terms of payment are 66 per cent of purchase price, cash; balance in three yearly payments, bearing interest at the rate of six per cent per annum. The purchaser can remain where he is make no immediate change in his business or home if he wishes making his present business pay for his investment sacrificing no time while the orchard is being brought into bearing condition and rest assured that skilled horticulturalists will do the work better than he can unless he has had horticultural experience under conditions existing in Oregon. After trees have had scientific care pruning and shaping for three years, the subsequent work is much more methodical and can be successfully done by these without horticultural skill.

As an investment it is quite edge; and is the nearest possible approach to a guaranteed annuity. We have all our work done by contract and the contractors are under heavy bonds to us for the faithful performance of their work.

We have executed a bond to the amount of \$10,000, and have appointed Hon J. M. Church, cashier of the La Grande National Bank, trustee to indemnify any parties purchasing land on the Grande Ronde Valley Fruit Farm from us who may suffer by our not fulfilling our obligations.

My Lady's Jewels. Certainly add to her attractiveness. The poet who wrote that "Beauty unadorned is adorned the most" probably had no dollars. He certainly showed little sense. And if his lady love had seen my display of Dainty Broaches She would not have believed him. For a woman naturally loves to adorn herself. No one can blame her after they visit my store.
