FIRST STEPS TAKEN

It Now Looks As If a Settlement of the Big Meat Packers Strike Will Be Reached.

Chicago July 14—Arbitration of the grievances which precipitated the general strike in the meat packing houses appears tonight to be in sight and a conference between the employers and strikers will be held tomorrow morning. The initial steps toward a settlement was taken this evening by the state board of arbitration who interviewed both sides. As a result of the conference, Donnelly, leader of the strike, sent a communication to the packers stating that the unions were willing to accept a settlement through the board of arbitration. No reply is expected before tomorrow but it is expected that the reply will be satisfactory because the packers offered to arbitrate the matter in dispute before the strike was called.

President Kruger Dead

London, July 14.—Ex-President Kruger of the Boers, died this morning at Clarens Switzerland.

CLARKS STATEMENT

The fact that United States Senator W A Clark, of Montana has just announced the fact that he has been married for the past three years is producing no small comment among the "400." Senator Clark is reported to be the wealthiest man now in the United States and will rank with any on this side of the Atlantic. His personal statement relative to the matter will undoubtedly be taken as a correct solution of the question.

The following authentic statement from Senator W A Clark, on the second of three years in announcing his second marriage, will appear in the Butte Miner Wednesday morning:

"There are many good reasons why both Mrs Clark and myself desired to keep our marriage a secret. Mrs Clark did not care for social distinction nor the obligation that would entail upon her sharing my public life. She was anxious to remain in Europe for a time to continue her studies and felt she could do this with more freedom.

"Personally I would have preferred to have her with me at all times, but my extensive interests compelled me to spend a great deal of time traveling through the United States, and I did not have the time to devote to social obligations and requirements. It has been stated that my family objected to this union. Whatever apprehension, if any, may have existed in this respect on my part was entirely dissipated when the facts were disclosed by the cordial reception of the information and their approval of these relations which were so essential to my happiness. Then again, I wanted my child to be educated in America and brought up as a resolute and patriotic American."

Senator W A Clark and Miss Anna

Lechappele were married in Maudslayi France, May 25 1901.

A daughter, Andree, was born in August of the following year.

Mrs Clark was the daughter of Dr. an Mrs P J Lechappele of Butte. Like Senator Clark Dr Lechappele was an early settler of Montana. He died 13 years ago, leaving his wife and several children almost penniless. Senator Clark undertook the education of the children. The eldest daughter, Anna, was sent to Europe to complete her education. She is an accomplished linguist, speaking German, French, Spanish and is now studying Italian. She is a talented musician and was a pupil of Professor Haasemann, the eminent harpist.

Senator Clark will reopen his Washington home in the fall and will reside there with his beautiful wife and child.
