

Half a Carload of New Wall Paper.

We have just received half a car load of the newest and latest wall paper. Half a carload means 20,000 rolls. This is more paper than any one firm ever thought of bringing into this county in a single season.

This paper is all for sale and must be sold this season. We have brought two first class paper-hangers direct from Chicago, who are without doubt the most skillful workmen in Eastern who, with the five first class paper-hangers already in our employ, give us the best working force in the Inland Empire.

Stackland & McEachlen PAINTS, OILS AND GLASS

LOCAL ITEMS OF INTEREST

Concerning People Who Come And Go and Other Items of Local Interest.

Mrs. Nels Holverson, of Hilgard came down this morning to spend the day with her sister Mrs. P. W. Porter.

Little Thelma Thompson, daughter of Mr. and Mrs. S. R. Thompson, who was badly kicked by a horse a few days ago, has entirely recovered and is now able to be playing about the yard again.—*Pendleton Tribune*.

The bad weather yesterday had a rather depressing effect upon the carnival. There was not much doing along the midway. The shows were open, but the people were content to remain at their homes and few were to be seen on the street.

Mrs. A. A. Roberts, wife of Socioe. Roberts of the La Grande band office who has been seriously ill at home in this city, and recently undergone an operation, is now on the road to rapid recovery, as she was yesterday able to walk about the house for a few minutes.—*Pendleton Tribune*.

Mrs. M. L. Colay, of Freewater, arrived in the city this morning and will remain here a few weeks visiting her daughter Mrs. J. D. Porter. She will also visit her daughter Mrs. Miss Holverson of Hilgard.

Mr. Walter Myers, of Hilgard, arrived in this city this morning to receive medical treatment.

H. C. West, one of the Observer staff who has been quite ill the past few days, is rapidly recovering under the skillful attendance of Dr. M. Möller.

The dance given last night by Prof. and Mrs. Simpson as the Commandant Club was a grand success. The attendance was all that could be desired and every one present had a royal good time.

Editor Geo. H. Gurrey and family and Mr. and Mrs. A. C. Huntington left this morning for Prospect Ranch where they will remain ten days breathing mountain air and preparing fish stories.

Karl J. Stackland, of Cave Junction today. He shipped a car containing 2,435 boxes of cherries to Walla Walla this morning and will ship another to eastern markets this afternoon, if the car can be secured. There is a shortage of cars just at present.

The La Grande Investment Co. yesterday made two sales of residence property. One was the John MacKinnon property on the hill near the high school building to County Treasurer Frawley. Consideration \$1,800. The other was a house and four lots in Ainsworth belonging to Vivian H. Keenly, of Cave to P. M. Fleming. Consideration \$700. Mr. Fleming has taken possession and is now established in his new home.

The Carnival

The fifth day of the Eagle's Carnival is now on and will probably be the banner day of the week. The rain storm of last night threw a damper over the evening but nevertheless crowds of people thronged the grounds.

Tonight for the first time in our city, the public will have the pleasure of experiencing real Mardi Gras festivities, confetti battles and the gay masqueraders will prevail, which should prove very amusing pastime for pleasure seekers.

As the days roll by the people begin to realize that only a few days remain to enjoy the best display of novelties ever in our city.

The Dixie Carnival Company is composed of ladies and gentlemen in every respect and there attractions are by far the best Carnival attractions ever appearing in our city. They are all strictly moral and clean and something unusual is to be found in this class of entertainment.

The free attractions are all exceptionally good, the exhibition of Berger Bros. equilibrists is very clever, their not being the best of its kind ever on the coast.

Master Johnnie Mangles, better known as "Dare Devil Mangles," is one of the most daring high divers ever in the business. His dive is very sensational and is the limit of human venture.

The Electric Palace where is seen the "Statue that turns to life" and "Alma queen of all fire dauncers" seem to be the center of attraction, as at each and every performance the big tent is packed to the doors.

"Samson" the big bear, constipated entertains scores of people every day.

Dixie Land, the colored minstrels, show given by real colored people is the fun factory of the midway. Joe Dokes the man that made the mule laugh, makes everyone laugh.

The Shadow Midgets at Coney Island receiving their share of attention. Their feats of strength is very startling.

The Carnival will be opened this evening at seven o'clock with a grand free open air band concert.

**OSTEOPATHS
INSTALL OFFICERS**

St. Louis July 18.—With the installation of the new officers of the American osteopathic association yesterday

afternoon in the Missouri state building during the World's Fair, the association closed its largest and most successful meeting. Fifteen hundred members of the association have attended the session and 200 new members have been added.

The closing program was given at 6 o'clock in the stage hall of the Missouri building, a short meeting being held in the afternoon at the same place to install the new officers and adjourn until the meeting next day in New York.

Resolutions were passed thanking the Exposition management for courtesies extended and the Missouri commission and especially thanked for tendering the use of the building.

About 800 members expect to stay over in St. Louis and take in the Fair. The majority will leave the city today. An announcement was made by the American school of osteopathy that a sanitarium would be built from the school funds at Kirkville in the fall, which would cost \$50,000.

Dr. A. T. Hill retired during the morning, and was received with the same enthusiasm which has marked his appearance before.

The program for the morning was as follows:

9 A. M.—Symposium conducted by A. Still Craig, "Our Failures, Their Lessons."

Paper—"Our Failures, Their Lessons," A. Still Craig.

Paper—"The Public and Our Failures," H. E. Hjerdeman.

Paper—"A Failure, Its Lesson," Clara G. Wernecke.

Paper—"A Failure, Its Lesson," Elizabeth A. Spencer.

Paper—"A Failure, Its Lesson," U. M. Hibbert.

Brief general discussion of papers.

The following exercises confined to thirty minutes:

Each member present is expected to be prepared to answer one of the three following questions, the limit of time being one-half minute. The initial letter of name determines which question each member shall answer.

A to G—With what disease or class of cases does failure most often result?

H to N—A most important cause of failing to cure?

O to Z—Leading elements making failure in practice.
