MY SHINES

Are like the "Smile that won't come off." They are put on right and stay right. I use only Whitmore's paste and guarantee that if after thirty days trial you find that it has in any way injured the leather I will present the customer with a \$5 pair of shoes purchased at any store he may select.

If you desire really first class work call and get a shine. Ladies wear a specialty. Remember the place, Kirtley's Barber Shop, where everything is first class from the boot black up.

Special Excursion to the World's Fair.

The Denver and Rio Grande, in connection with the Missouri Pacific, will run a series of personally conducted excursions to the World's fair during June. These excursions will run through to St. Louis without change of cars, making short stops at principal points enroute. The first of these excursions will leave Portland June 7, and the second June 17. The rate from La Grande will be \$60 to St. Louis and return. Excursionists going via the Denver & Rio Grande have the privilege of returning by a different route. This is the most pleasant way, as well as the most delightful route to cross the continent. The stops arranged give an opportunity of visiting in and about Kansas City. If you wish to accompany one of these excursions write at once to W C McBride, 124 Third street, Portland, for sleeping car reservations.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

ADVANTAGES

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.

The World's Fair Route

Those anticipating an Eastern trip, or a visit to the Louisiana Purchase exposition at St. Louis, cannot afford to overlook the advantages offered by the Missouri Pacific Railway, which, on account of its various routes and gated ways, has been appropriately named "The World's Fair Route."

Passengers from the Northwest take the Missouri Pacific train from Denver or Pueblo with the choice of either going direct through the Kansas City, via Wichita, Fort Scott and Pleasant Hill.

Two trains daily from Denver and Pueblo to St. Louis without change, carrying all classes of modern equipment, including electric lighted observation parlor cafe dining cars. Ten daily trains between Kansas City and St. Louis.

Write, or call on W. C. McBride, General Agent, 124 Third St., Portland, for detailed information and illustrated literature.

KNIGHTS MEET IN DETROIT.

Detroit Mich July 22—With the adjustment of rates as the most important business of consideration, the triennial review of the supreme tent, Knights of the Macabres of the World is doing business here.

Supreme Commander D H Markey, in his annual report, said today that the membership of the order at the close of the three year term was 363,385, a net gain during the year of 124,709.

The report of Supreme Recorder Aitken showed that there have been paid during the past term 6,168 death claims, amounting to \$7,337,481.

Mr Aitken, who also is supreme councillor of the order, reviewing the proposed change in the rates at length concluded as follows:

"If we wish to be true to ourselves and to the membership we represent and hope to see the fraternal order the price of its membership and provide for collections equal to the amount demonstrated to be necessary by the mortality table based on our own experience."

Must Renounce Unionism

Victor Colo, July 21.—The Portland mine is closed again as a consequence of the action of the military authorities who have arrested one hundred and seventeen workmen, including the entire mechanical force at the mine. The men arrested are accused of no crime, the only accusation being that they refuse to give up their membership in the union and take out Mine Owners Association working cards, if they persist in their refusal they will probably be deported.

JOHN BULL AND RUSSIA.

The Russians claim that after a careful inquiry they have found that a large amount of war materials were being shipped from England to Japan through the Red Sea, and Russia is determined to stop this trade in contraband of war with her enemy.

In this controversy with England international law seems to be on Russia's side.

Last Day Of Carnival

The carnival last night drew a good attendance. The weather proved to be ideal and it seemed that everyone and his girl was there to see the attractions and participate in the con-fetti battle. The streets this morning are covered with the many colored bits of paper which remain as evidence of all that took place last evening. Tonight winds up the Eagles first great carnival in this city and they certainly have no reason to regret having "signed up" with the Dixie Carnival Co.

The committee speaks in the highest terms of managers of the Dixie Carnival Company. In all the business relations which they had with the management there has been nothing but the most pleasant transactions. The general public also has a most friendly feeling for the company for all have received the most polite and gentle treatment. This office wishes to inform its brother newspaper men along the line that they will find in Mr. Hellman, the company's press agent, a true gentleman and a man in every way worthy of respect and confidence.

A Correction

The statement has been made that I expect to remove the bodies now reposing in the old cemetery and place them in a trench. I wish to correct this statement. It is not my intention to do this.

I intend to remove all bodies of the unknown and the unclaimed and those whose friends and relatives are financially unable to do so, and place them in a respectable cemetery which is properly cared for and maintained. There will be no rude treatment or desecration of any sort accorded the remains. So far as possible all bodies will be identified and markers set up at the graves. The removal of the bodies from this cemetery is made necessary by the fact that the land adjoining this cemetery is to be sold as building lots and the said property is absolutely unsalable so long as this tract remains a cemetery. Parties who are able to remove their dead are requested to do so at once as the tract is to be cleared of all bodies within the next sixty days.

Dr. Geo. O'Connor.

GRANDE RONDE VALLEY FRUIT FARM

The Grande Ronde Valley Fruit Farm contains 320 acres, and is to be sold in lots of five acres and up to suit the purchaser. It is situated eight miles northeast of La Grande, Oregon, near the Elgin branch of the O. R. & N. Railroad.

We furnish the purchaser at the end of three years a thrifty growing apple orchard, one that has been cared for from setting, in the most approved manner, cultivating the land six to eight times a year, keeping the ground well pulverized, and at all times free from weeds, grass and other vegetation between May 1st and August 15th of each year; keeping the trees pruned in the most scientific manner; removing and burning all cuttings and suckers, and in short do any and all work which will be for the best interest of the land and trees. We replant all trees that may die in the first, second and third years, and pay all taxes on the land for three years. We furnish the land labor and material and trees and three years' care, at the price of \$120 per acre, giving three years in which to pay for it.

Our terms of payment are 55 per cent of purchase price, cash; balance in three yearly payments, bearing interest at the rate of six per cent per annum.

The purchaser can remain where he is make no immediate change in his business or home interests making his present business pay for his investment, sacrificing no time while the orchard is being brought into bearing condition and rest assured that skilled horticulturalists will do the work better than he can unless he has had horticultural experience under conditions existing in Oregon. After trees have had scientific care pruning and shaping for three years, the subsequent work is much more mechanical and can be successfully done by these without horticultural skill.

As an investment it is guilt edge; and is the nearest possible approach to guaranteed annuity.

A share all our work done by contract and the contractors are under heavy bonds to us for the faithful performance of their work.

We have executed a bond to the amount of \$10,000 and have appointed Hon. J M Church, cashier of the La Grande National Bank, trustee to indemnify any parties purchasing land on the Grande Ronde Valley Fruit Farm from us who may suffer by our not fulfilling our obligations.
