Mrs. Bazeau and family left this morning for Spokane where they will make their future home. During their stay here they have made many friends who will miss them and sincerely hope that they will meet with the best possible success in their new home.

The Justice office can now be found without the aid of a detective. A large sign now adorns the front of the room. The sign is a very smooth affair, but as the Judge says "it ought to be because it is painted upon oil cloth."

Up to last Friday Gen Goodbrod, has marketed over 1200 gallons of cherries from his orchards near Union, so far this season says the Republican.

Hon J M Church has returned from Corvallis where he went to attend a meeting of the board of regents of the Agricultural College. This is with out doubt the leading college in the state and the Observer had gone to considerable trouble and expense to secure data and illustrations of the building and grounds which we will publish early next week. Oregon has reasons to feel proud of this college and a young man or woman having a diploma of graduation from the Oregon Agricultural College has some thing which will be of everlasting benefit.

### A Pleasant Party.

A very pleasant party was given last evening by Mrs H C Grady at her home in honor of her guest Mrs J M Henderson, of Starbuck, Washington, who expects to return home in the morning. The principal amusement of the evening was whist. Mrs Bohne-kamp was awarded the first prize any Mrs Henderson was successful in capturing the consolation prize. Those present were Mesdames Gulling, Pinn, Aikine, Ross, Ed Murphy, E E Kirtley, J K Romig, Mosby Allison, Rhonokump, Causey, Ash, A Newlin, Norris, Kimmerer, Swaney, Bacon, A Hunter, Fred Kiddle and Mrs Henderson of Starbuck.

### Passed Away

Little Edger Dillinger who was so severely burned at the recent fire died last night from the effects of his burns. All that could be done by human hands was done for him but it was unavailing. The funeral will take place this afternoon at four o'clock from the home of Mr and Mrs T J Hughes the Rev J O Walker officiating. All friends of the family are invited to attend.

This is one of the saddest accidents which has occurred in this city for many years and the bereaved parents have the sympathy of the entire community.

### Stage Opposition withdraws

As a result of negotiations between the managers of the rival stage companies, the Tende-foot Transportation Co has withdrawn its stages between here and Joseph and left the field open to the regular line. The rivalry between these companies has been

quite active during the past few weeks and as a consequence the traveling between here and Wallowa county points for about whatever they felt disposed to pay. The compromise between the two companies however, does away with all of this and the regular schedule of passenger rates is again in force.—Elgin Recorder.

## OREGON CHERRIES

Council O H Bidwell of Island City recently sent the editor of the American Miller, a mill journal published in Chicago, a box of cherries grown on a tree in his yard at Island. The tree from which these cherries came produced forty five gallons this season. The following letter will give some idea of the impression Oregon cherries made upon the Chicago editor.

Dear Sir: Your kind favor of the 14th inst. arrived by mail and the other, weightier favor, by express. We appreciate both. The box of cherries was opened in the office and we helped ourselves to the contents. You have been voted a good fellow by the office force without a dissenting voice, and your insinuations as to the possibility of the editor being long lean, lank, slab-sided, pigeon-toed, and

overs-eyed, are forgiven, (for charity covereth a multitude of sins.)

That is, the office force forgives them. The editor is thinking it over, and will forgive you some time next week. He prides himself on his great personal beauty and the insinuation rankles too much to be forgiven right away. He admits the cherries were good but says it is easy for a man to claim that 44 gallons grew on one tree when he is two or three thousand miles off. But he will probably admit the 44 gallons after awhile.

By the way, the cherries reached here in remark-ably good condition, especially when it is considered that the thermometer has been over 90. Yesterday was simply frightful 94 to 97 in the shade. Can't you crate up some of your Oregon weather and send it on here?

Very truly yours,  
Mitchell Bros. Co
