The Big Circus.

Brothers World's Greatest shows will exhibit in Baker City Aug 16 will be received with more than usual interest by the people of that neighborhood The Ringling Brothers have a name that stands for all that is new, novel and entertaining in the circus line, and the management announces that this season the show has been enlarged to such an extent that a whole extra train is used in addition to the four trains of last season. The show is now transported from place to place in eighty-five seventy-foot cars, constructed especially for the Ringling Brothers: In connection with the circus proper, in which the srenic performace is marvelous, the Ringling Brothers are this reason presenting the beautiful and sublime spectacular production of Jerusalem and the Crosades. This pantomimic play necessitates the use of 1,200 actors and actresses and of almost three hundred horses. It is presented on the largest stage ever used for exhibitional purposes. Special excursion rates have been arranged for all lines of travel by Ringling Brothers.

We are a La Grande institution but we do not claim anything on that account only to have an equal show with our competitor.

After establishing an expensive local enterprise we want the business to keep our 20 old men at work.

We are not begging for favors but local enterprises should be built up to employ our people at home instead of sending all the money away for stuff manufactured in other places.

The money sent away does not come hack to us and it builds up other commercial munities at our expense.

Yours for business,
