Smith has been a sufferer from kidney disease for several years, at times being in intense pain. For several weeks he has been afflicted with melancholy. He was about 45 years of age and had been engaged in the sheep business until his health compelled his retiring from active business.

Age being the only limitation, the registration cards must show the applicant to be 65 years of age.

The committee in charge of the La Grande and Vicinity were Mesdames J D Slater, J P McCoy, McKennon, Scriber, Scholke, Preston and Couch of Island City

**HARD WALL PLASTER**

Only costs about 5c per yard more than common plaster, and worth many times over.

**ADVANTAGES**

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister. Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
