

## WE CARE

People get more than they ask for when they have us fill their prescriptions. The public at large is not half so particular as we are in these matters.

We know that our drugs are both pure and of standard strength. We take no chances whatever, and never hesitate to pay the cost of making sure.

Your physician writes a prescription expecting definite results; we see to it that he is not disappointed.

## NEWLIN DRUG CO.

The funeral of the late Richard Crossen which took place in the Presbyterian church this afternoon at 5 o'clock was largely attended. The young man who so suddenly came to his death was raised in this vicinity and enjoyed a large circle of esteemed friends.

D. L. Crossen, one of the early pioneers of this valley having made proof on a homestead on Ladd creek twenty four years ago, but for the past twelve years has been a resident of Spokane, arrived yesterday morning to attend the funeral of his son Richard who was accidentally killed in St. Louis, which took place in this city this afternoon.

O. W. Noyes, who for the past four months has had the management of J. D. Casey's saw mill near Hilgar, has returned to this city to resume his former position as engineer of the La Grande Flouring mill which will commence its season's run in a few days.

Quite contrary to expectations the afternoon tea which will be held at the M. E. parsonage tomorrow from 2 p. m. to 7:30 p. m. will partake largely of a farewell meeting to Mr. and Mrs. J. C. Walker. However, Rev. Walker will preach his last sermon in this city next Sunday morning. He will not preach in the evening.

District Organizer J. G. Woodcock, of the Woodmen of the World, is in the city and will meet with the La Grande camp tomorrow night. He will address the meeting and there will also be floor work to receive the attention of the members. At the close of the meeting refreshments will be served. A full attendance of the camp is desired as Mr. Woodcock has something to say to the members which will not only interest them but will also be of considerable importance to all Woodmen of the world.

C. T. McDaniels, the wallowa county real estate man, arrived in the city yesterday and will return tomorrow morning. He reports wallowa county in a very prosperous condition and the farmers and stock men happy and contented. This contentment he says works a hardship upon the real estate men there as few of the property owners wish to dispose of their farms. He further states that there are enough buyers to purchase all of wallowa county could sellers be found.

Charles Barnell and son Warren and Lute Derringer returned yesterday from a twenty one days trip to the Minam. Mr. Barnell called at the Observer office and ordered his name placed upon the daily subscription list and incidentally told what a splendid time he and the boys had. Charley is no rough when it comes to casting a fly and it is a moral certainty that the Minam is short several fine trout on account of Mr. Barnell's visit. The party brought home a seven gallon keg full of salted trout, and there is not one in the keg which will measure under fourteen inches.

Allen & Allen have leased their wood sawing machine to Sam Foreest who will continue the business and finish all orders taken by the late firm of Allen & Allen.

Mr and Mrs E. A. Holmes of Wallowa are in the city today the guest of Mr and Mrs J. M. Berry. They are on their way to San Francisco where Mr Holmes will attend Music Conclave which meets in that city.

Mrs. C. T. Boe in accompanied by her son Archie and daughter Rooney expect to leave this evening for Portland. They will also visit friends and relatives in Albany before returning.

The La Grande Lodge No. 16 I O O F yes erday purchased a water right from J. M. Clark of Old town and will soon have their cemetery under irrigation. Water for the Odd Fellows cemetery has long been needed and trustees of the Lodge are to be congratulated for their action.

## Notice to Builders

I wish to inform the building public that I have opened a stone quarry on the Campbell place about two miles from town and am in a position to take all kinds of stone contracts at a great saving to the builder. There are several reasons why I can furnish this stone at a cheaper rate than hard ston dealers. The principal reason is that the stone is softer and can be cut and dressed at less expense than the hard stone now being furnished the trade. The quarry is nearer town and on a good hard road. This stone is not only first class foundation rock but can also be cut at a very slight cost for walls and fancy trimmings. If you are thinking of building let me know and I will convince you that you can build a stone building with this stone cheaper than with any other material now in use here. I carry a full and complete line of sewer pipe at all times. Jack Childs, Cor. Washington and Fir streets, La Grande.
