ADVENT CAMP MEETING

Is Progressing Nicely... Plain, Humble Preaching Characterizes the Meetings.

The Seven Day Adventist Camp Meeting which is now being held in La Grande is progressing nicely with a fair attendance.

A spirit of humility and a desire to seek a closer walk with God is characteristic of every meeting.

The preaching while no effort is being made at oratory is plain, clear and pointed accompanied by the spirit of God.

The subject treated at the tent last evening upon the Second Coming of the Lord was of the most thrilling interest and held the congregation spell bound.

The discourse was based upon John 14:1-3. The speaker said in part, "The subject of the Lord, is definitely treated in the Bible. Much more is said concerning it than many other subjects which are considered of vital importance by all professed christians. The subject of Christ's Second Coming is of thrilling interest because it will make the termination of this reign of sin, the closing up of all things earthly the ushering in of the great day of God with all its solemn realities. Yes this will be the time when the opening heavens will disclose the coming of the Son of Man in all his grandeur, glory, beauty and power; coming with all the angels throng to reap the fruit of his redeeming love in the earth. Yes this will be the event of all events, the event before which all others will pale into insignificance."

The discourse was concluded by the speaker with a solemn appeal to the congregation to get ready for that great event by humbling self before God, confessing and forsaking every sin, putting on the Lord Jesus Christ by faith and humbly walking with God.

The subject this evening will be "The Signs of the Times," or those events which show unmistakably that the Saviour's coming will be in this generation.

An invitation is extended to the public to attend all the services.

OS-TE-OP-A-THY

"To start the day with a stimulant to stir us up, and finish it with a sedative to settle us down is a disgraceful mode of life." So says Elbert Hubbard in The Philistine. More it destroys the sanity of life's.

Headaches, backaches, limb aches and indeed most of the common aches of life find ready relief at the hands of the Osteopath.

Post diphtheritic paralysis is regarded as a very difficult if not impossible ill to overcome but Osteopathy has many cases cured to its credit.

Big Hay Contract

FOUR MONTHS HENCE

Until Meeting of Legislative Assembly, when Many Matters of Interest will Come up.

While little thought generally is being taken in the fact that it is only four months until our biennial legislative assembly meets, not a few of the members are giving some attention to the probable legislation that will undoubtedly come before it. In conversation with a member of the upper house a few days ago he stated that there would

be some action taken to prevent the annual forest fires that destroy thousands of acres of valuable timber.

Eastern Oregon is very much interested in the question of irrigation and a bill to provide rights to the builders of reservoirs for the proper storage of water will be presented.

The bill to punish gambling as a felony the same as the states of Washington and Idaho which was lost in the last session will be another measure that can be safely stated will be presented and pushed.

Another measure which has been discussed is to create a commissioner to officially inspect the county and state officers. Of course the usual bill for the placing the state officers on a flat salary will again be presented.

It is also expected that a bill providing for state supervision of examination of state banks similar to the system adopted by the government over national banks will receive attention.

It is also hinted that there will be some attempt to amend the new school law which provides for a capital tax, the Whitlamette valley heavy tax payers are said to favor a change.

It is quite evident that there will be more cautious legislation in the future than in the past owing to the fact that the people now have a chance and are using it. The "Initiative and Referendum" law, to illustrate the bill at the last legislature to place the crime of gambling as a felony after various attempts was lost or stolen or not reported from the committee. This will not be the case this session some kind of a bill will be passed for if the legislature does not the people will and if the people take it into their hands they will pass a law much stronger than the legislature.

The law was laughed at by many when it was under discussion in this state for several years prior to its enactment but now its indirect effect is having a small effect on the general legislation of the state.

Another example cited by the legislator was the passage of the Local Option law. It would have been impossible to have passed such a law through the legislature.

LABOR DAY PROCLAMATION

Salem, Or., September 1.—Governor Chamberlain yesterday issued a proclamation setting aside Monday, September 5, Labor Day as a holiday. The proclamation says:

"Recognizing the fact that none but the friendliest relations should exist between labor and capital, the two great impelling forces of our civilization, I do hereby recommend that Monday, September 5, be observed by our people everywhere. That so far as possible all places of business be closed to the end that employes and employer be afforded an opportunity to meet in friendly and social intercourse.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

ADVANTAGES
No danger of freezing as it can be used in zero weather

Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking doors, windows, pipe holes, etc are easily cut through it. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrode. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
