Medical Lake Tablets

Twelve Life Remedies

WHEN the water of Medical Lake, Washington, is evaporated, a residue of pure white crystalline powder remains in the retort. Careful chemical analysis of this powder shows that it is composed of the twelve most important medical agents known to science. Nature, the great chemist, mingled the life-giving, disease-curing ingredients for the healing of the nations. They are twelve Life Remedies—one for every month in the year, therefore for every day and all time!

Medical Lake Tablets are made from this white powder and every tablet contains its due proportion of the twelve life remedies. Dissolve one tablet in a glass of water and drink a sparkling beverage which cools the blood and stimulates the kidneys and liver to healthy action.
