 "SUMMER COMPLAINT"

Diarrhoea, bloody, flux, cholera, cholera morbus and such ills common to summer—probably common then because children overtax their stomachs with uric acid, although these ills are caused just as readily by taking cold—are afforded relief more promptly by Osteopathic manipulations than by "pain killers," especially as finger mixtures and such things some times act. The chief symptoms of these ills are too active peristalsis, or rhythmic muscular energy of the bowels, and too much secretion of the digestive fluids. Both conditions are caused by derangement of the nerve life to the digestive tract. The logical cure is to such arrangements. These are easily found in the way of contracted muscles of the spine, or skeletal slips, etc. Osteopathy does this, instead of giving drugs, so it cures at the same time that it stops pain and griping. Constipation, just the opposite condition, is remedied with equal facility.

Dr. and Mrs. M. K. Hall and J. M. Berry returned this morning from San Francisco where they attended the Knight Templar convocation. They returned to Portland on the steamship Columbia, which all admit was quite a change from the usual railroad journey. Mrs. Berry, J. M. Church and W. J. Church remained over in Portland and are expected home tomorrow.

The County Convention of the W. C. T. U. will meet next Wednesday morning at 9:15 o'clock at the Central church, and close in the evening with a Double Silver Medal Contest. At 7:30 six boys will compete for a medal, followed by a contest by five young ladies who will compete for another silver medal. Make your plans to hear this contest and you will not be disappointed. Look for program tomorrow.

Estmoreland, Kans. May 6 1902. Ballard Snow Liniment Co. - our Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. ROBBED THE GRAVE.

A startling incident, is narrated by John Olive of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed. At La Grande Drug Co., and Newlin Drug Co's., drug store.

HARD WALL PLASTER

Only costs about 5c per yard more than common plaster, and worth many times over.

ADVANTAGES

No danger of freezing as it can be used in zero weather. Being flexible instead of brittle—as all sand mortars are—it will dent like wood when struck or jammed, instead of breaking. Doors, windows, pipe holes, etc are easily cut through. It is a non conductor of electricity and thus prevents short circuiting. It adheres equally well to brick, stone or common lath. It contains no acids nor chemicals to corrods. It will not burn nor disintegrate by fire being a perfect protection for wood frame work. It will under no condition pit or blister.

Parties having plastering to do should consult me regarding this class of work. Estimates cheerfully given.
